HAROLD P. GURNEY  
ASSESSOR                      1932-1940

# Report of the Board of Assessors

For the Year Ending December 31, 1940

To the Citizens of the Town of Whitman:

On February 5, 1940, Harold P. Gurney a member of the board, for eight years, passed away almost a year after a serious automobile accident from which he never recovered.

His sterling qualities, genial company, knowledge of persons and values of property and business have been greatly missed as it was always his desire to assist in the many problems that were continuously coming to the board.

Total receipts from all departments and paid over to Treasurer	\$364,657.23
---	--------------

In addition to the above report, I desire to publicly express my appreciation for the constant co-operation and helpfulness accorded me by the Honorable Board of Selectmen, the Town Accountant, the Town Treasurer, Registrar of the Water Department, Board of Assessors, Finance Committee, and other Town Officials with whom I have been closely associated for the past year.

To the Taxpayers of Whitman, I wish to express my deep appreciation of their efforts to meet their financial obligations to the Town. Total collections of the fiscal year 1940 show an increase of approximately \$14,000.00 as compared to the previous year. This fact in itself stands as a tribute of fine co-operation on the part of the Taxpayers of this community.

Respectfully submitted,

GEORGE N. TOBIN,

Collector, Town of Whitman.

## Report of the Town Treasurer

---

To the Citizens of the Town of Whitman:

The report of the Town Treasurer for the year 1940 is herewith submitted. With a detailed report of all of the financial transactions for the year shown in the report of the Town Accountant further report seems to be useless repetition. A report however is required by statute.

The borrowing capacity of the town for temporary revenue loans was \$321,764.38. The sum of \$110,000. was borrowed, this being \$30,000. less than last year.

Notes in the amount of \$60,000 for temporary revenue loans remained outstanding at the end of the year. These notes are held by the Home National Bank of Brockton. This amount is smaller than for some years past.

Cash on hand on closing the books December 31, 1940, was \$52,944.20.

The sum of \$698,993.71 was handled during the year.

The work of the department is constantly increasing due largely to the Old Age Assistance, Aid to Dependent Children and Tax Title work. The cost of postage and supplies is therefore mounting and full time clerical assistance will be required the coming year if checks are to be issued and mailed to recipients on time each week.

Respectfully submitted,

ARTHUR T. COLE,

Town Treasurer.

# Report of the Board of Selectmen

To the Citizens of Whitman:

The Board of Selectmen herewith submit the sixty-sixth Annual Report for the year 1940.

## CHAPTER 90 HIGHWAY CONSTRUCTION

Other than reconstruction of Washington Street from Ellis Avenue to the Town Line at Abington, no "Chapter 90 Highway Construction" projects were begun during the year. The work at Washington Street is in process of completion under a State Sponsored W.P.A. Project.

In this connection the Board has been represented during the year at meetings of the County Commissioners to discuss proposed future "Chapter 90 Construction." The Board has requested allocation of State and County funds to include a two year program for construction and cost of the following:

- |  |          |
|--|----------|
| 1. Completion of Washington Street   | \$13,000 |
| 2. Completion of Franklin Street   | 34,000   |
| 3. Reconstruction of South Avenue from<br>railroad crossing to Plymouth Street | 35,000   |
| 4. General Maintenance of Chapter 90 roads                                     | 6,000    |

While no allocation of funds have been made by the County and State it is expected that the Annual Town Warrant will include recommendations for appropriations by the Town for this type of work, to be used in conjunction with funds which may be allotted by the County and State.

## TOWN HALL

The Board continued the policy of buying chairs for the Town Hall. The W.P.A. Painting Project of the Town Offices was started. It is expected that this will be very economical and will add to the beauty of the Hall.

## SOLDIERS' RELIEF

The Board has assisted in the care of 30 cases during the past year and recommends that an appropriation of \$5,500 be considered for the coming year.

## STREET LIGHTING

On January 1, 1941, the street lights in operation in Whitman were as follows:

453 - 100 c. p. Lights @ \$17.00 per year	\$7,701
28 - 250 c. p. Lights @ 31.00 per year	868
30 - 400 c. p. Lights @ 42.00 per year	1,260
	<hr/>
Total cost per year as of Jan. 1, 1941	\$9,829

Three new 100 c. p. units were added during 1940, two on July 29th and one on August 2nd. The total expenditure for street lighting in 1940 was \$9,801.17.

An increase in the appropriation will enable the town to take care of the additional requests for street lights received during the year.

## GOVERNMENT WORK RELIEF PROJECTS

Works Progress Administration Projects were continued during 1940 and again included as major items, the construction of cement sidewalks and curbs, and installation of storm water drains. Projects for installation of a cement floor and renovations at the Central Fire Station, lavatory facilities at Dyer School, and a Town Barn on Essex Street were also in process of completion. A number of petitions requesting construction of cement sidewalks and drains have been received by the Board during the year. These, together with those which were passed over at the last annual meeting and which have been re-estimated for cost will be presented in articles in the Annual Town Warrant.

In connection with government work relief projects, the Board during 1940 has requested and awarded bids for the more substantial items of materials used during the year, and has delegated authority to the Co-ordinator to purchase other necessary materials. Reference is made to the report of the Co-ordinator for detailed activities of governmental work relief projects and summaries of available town funds and expenditures for the year.

### **MISCELLANEOUS ITEMS**

The activities of the Police and Fire Departments are contained in the reports of those departments.

As licensing authorities of the Town, the Board in 1940 approved and issued twelve licenses for the sale of alcoholic beverages for the year 1941. These licenses included three Package Stores; one Drug Store; six Common Victualers, four of which are for sale of all alcoholic beverages and two for sale of wines and malt beverages; one Inn-holder and one Club, both for sale of all alcoholic beverages.

Upon advice of counsel, the Board, during 1940 settled out of court a case against the Town in connection with land damage on South Avenue, the amount of settlement being \$313.

During the year, joint meetings were held with the Board of Assessors for appointment of one Assessor and with the Planning Board for appointment of two members of that Board.

### **FOOD STAMP PLAN**

During the year the Board requested that a survey of the Town be made by Federal Officials with the view that the Town be designated for the "Food Stamp Plan" for the Distribution of Surplus Commodities.

Several meetings were held by Federal Officials with the Board and local merchants. The Whitman National Bank has also agreed to cooperate without expense to the Town to the extent of setting up a revolving fund of \$5,000 to finance the purchase of stamps from the government. As a result the Town has been accepted for the Plan which is expected will be put in operation early in 1941.

Usual appointments of the various town officers, in addition to ballot clerks, tellers, and other election officials, as well as special officers, constables, and public weighers were made by the Board. Other routine matters, such as drawing of jurors, hearings and grants for pole locations and removals, the issuing of licenses, etc., were taken care of as occasion required.

Matters which the Board has been interested in during the year include among others; sponsoring of Flag Week Celebration, perambulation of Town boundaries, attendance by representatives of the Board at hearings of the Department of Public Utilities and the Alcoholic Beverage Commission, and approval of additional traffic regulations recommended by the Safety Committee.

Respectfully submitted,

FRANCIS T. KANE, Chairman,  
CLINTON G. BRADSHAW, Clerk,  
MALCOLM B. BOYNTON,  
GEORGE J. HEDDERICG,  
GEORGE A. BROUILLARD,

Board of Selectmen.

I gratefully acknowledge the co-operation extended to me by the Board of Public Welfare.

Respectfully submitted,

KENNETH R. PERRY,

Supervisor.

## Report of the Public Library Trustees

---

To the Citizens of the Town of Whitman:

The trustees believe the library has served the needs of the town this past year in a more satisfactory manner than for several years past. Gratifying increases were made in the number of new borrowers and in the total circulation.

In these eventful days more people are using the facilities of the library, and more and more calls are made for books of all kinds. The increase in our appropriations made it possible for us to satisfy many of these demands.

One of the most important functions of a library is the use of books at the library. Suitable rooms should be provided for at least three different groups—for the younger children, for the children of Junior and Senior High School age, and for the adults.

To provide a much needed room for the older readers we partitioned off the south end of the upstairs reading room with glass partitions. This room, furnished with comfortable chairs, is now a quiet corner for those who desire to do deep and serious reading.

The room for the younger children is a pleasant, cheerful room with books and magazines invitingly displayed on shelves and tables. New additions of furniture, plants, posters, and pictures are constantly making this room more attractive to the little folks.

Our most unsatisfactory room is the one used by the children of High School age. A room for these children should have ample shelf room for reference books, and tables for reading and writing. Above

all it should be quiet and secluded. We are not satisfied with the location we have to assign to this important room.

A case was purchased to display the valuable coin collection which Mr. Charles H. Poole presented to the library. This case and its collection, properly inscribed, is a fine addition to the library. Mr. Poole, also, has presented the library a valuable collection of stamps.

All the bills for the display case and improvements in the reading rooms were paid from trust funds.

The trustees recommend an appropriation of \$3,900 for the year 1941.

Respectfully submitted,

EUGENIA F. LOVELL, Pres.,  
MATTIE M. JENKINS,  
RUTH B. MOSELEY,  
RANDALL B. COOKE,  
CHARLES F. FRAHAR,  
JOHN T. COLLINS.

---

## REPORT OF LIBRARIAN

To the Trustees of the Whitman Public Library:

The following is the report of the Whitman Public Library for the year 1940.

For another year the Public Library has been serving the "Reading Public" of Whitman. During the year we have purchased eight hundred and ninety-six books. This was made possible by the increased appropriation, for which we are very grateful.

Besides the popular new fiction and non-fiction, the eight volumes of the "Radio Music Library" have been well circulated among our patrons. Seventy-three books have been rebound. From the Abby

Champney fund sets of books "Smithsonian Scientific Series," "Compton's Pictured Encyclopedia" and "American Biography" have been purchased. Books have been loaned to the schools for use there.

People who are not able to come to the library have received special consideration this year. A messenger carries them books they wish to read and later returns them to the library. The "shutins" appreciate this service very much.

It seemed advisable to change the library charge system and during the summer we are to have a new registration and card system.

The adult reading room, glassed in upstairs, has proven popular. The new coin case, the contents gifts from Mr. Charles Poole, is examined by many patrons daily.

During book week the children's reading room was well patronized. New books were on the tables and book marks were given out. Many more are using the reading room now, and more books are being circulated.

Posters "Protect Wild Flowers" drawn by High School pupils under the supervision of Mrs. Moseley were much enjoyed. A loan of foreign dolls added interest to our case of dolls.

### Gifts

We thank those who have given so generously to the library. One hundred and thirty-two books have been received. Among these one from the Woman's Garden Club "Harmony in Flower Design," from Mrs. Wakefield "Tried and True Recipes" (her own book) and "Adventures in Good Eating," scrap-books and magazines and a Stereoscope with views for the children were donated also.

Meetings of the Old Colony Club and others have been attended by the staff.

We wish to thank the press for bringing the work of the library to the public. Thanks are also due to the Trustees for their interest and hearty co-operation in the work of the library and the staff for their loyal support.

### Statistics of Circulation

Our magazines and reference books have been used a great deal by students and patrons. Over three hundred new patrons have registered during the year.

General Works	123
Philosophy and Religion	210
Sociology	586
Science	295
Useful and Fine Arts	1,149
Literature	875
History	490
Travel	1,089
Biography	1,478
Adult Fiction	39,215
Juvenile Fiction	8,340
Periodicals	1,977

---

Total Circulation	55,827
-------------------	--------

Largest Daily Circulation	451
Largest Weekly Circulation	1,326
New Borrowers	329

### Financial Statement

Received from fines for the year, and handed to the Town Treasurer \$276.75.

Respectfully submitted,

GRACE W. HOLBROOK,  
Librarian.

## Report of the Fire Department

## ROLL OF THE FIRE DEPARTMENT

Chief Engineer ..... Leon A. Peterson  
Deputy Chief Engineer ..... Robert E. Nesmith  
Superintendent of Fire Alarm ..... Robert Freeman

### ENGINE 1

Captain ..... Ralph M. Hatch  
Lieutenant ..... Edward H. Messenger

10 MEN

### LADDER 1

Captain ..... Howard E. Hatch  
Lieutenant ..... Frank Dexter

12 MEN

### ENGINE 2

Captain ..... Elmer E. Harding  
Lieutenant ..... Arthur C. Jenkins

10 MEN

## PERMANENT MEN

C. E. Avery ..... J. R. Brigham  
Lawrence Phillips ..... Charles Wurtzburgher

## CLERK FOR THREE COMPANIES

Ralph M. Hatch

Engine 1 has answered 69 still alarms, 18 bell alarms, covered 163 miles, laid 6,300 feet of Chemical hose, 1,250 feet of 1½ hose and used 7 gallons of Chemical, 5 gallons of Foamite and raised 580 feet of ladders.

Engine 2 has answered 24 still alarms, 8 bell alarms, covered 51 miles, laid 1,800 feet of Chemical hose, 2,050 feet of 2½ inch hose, 400 feet of 1½ inch hose and used 2½ gallons of Chemical and raised 560 feet of ladders.

Ladder 1 has answered 3 still alarms, 18 bell alarms, covered 254 miles, laid 300 feet of Chemical hose, 600 feet of 2½ inch hose, 300 feet of 1½ inch hose and raised 230 feet of ladders.

I wish at this time to extend my thanks to the Selectmen, Police, Members of the Fire Department, and all who by deed or act have helped me in the performance of my duties.

Respectfully submitted,

LEON A. PETERSON,

Chief Engineer, W. F. D.

## Report of the Forest Fire Warden

---

To the Honorable Board of Selectmen,  
Whitman, Mass.

Gentlemen:

There were 44 brush and grass fires during the past year.

### INCINERATORS

The incinerator should be the safe way to burn paper and rubbish. It should be placed on bare ground and the fire should be out before sundown. The incinerator does not meet the approval of the Forest Warden if the holes are larger than  $\frac{1}{2}$  inch with a  $\frac{1}{4}$  inch mesh screen placed over the top of it.

Respectfully submitted,

LEON A. PETERSON,

Forest Warden.

## Report of the Board of Health

---

To the Citizens of Whitman:-

In accordance with the requirements of the law the following report of the Health Department, Town of Whitman is hereby submitted.

The general health condition of the community is excellent. A minimum of contagious diseases has featured the past year. In order to maintain this condition parents and doctors are again urged to report promptly cases of this type upon their recognition.

The department recommends that an appropriation of \$125.00 be granted to meet the expense of a Clean Up day for the collection and disposal of rubbish such action would result in a cleaner and more sanitary appearance throughout the town. The past year a generous amount of gravel was donated for the dump by the Highway Department thus saving expense to the Town for filling material.

The department is pleased to report there are but two patients at the Plymouth County Hospital at the present time necessitating a substantial reduction in the amount asked for this coming year for the care of Health.

The Board is pleased to present the reports of Dental Hygienist, Health Nurse, Milk Inspector and Plumbing Inspector.

Respectfully submitted,

WILLIAM T. FERGUSON, Chairman,  
THORNTON A. LANDERS, M. D.,  
EVERETT L. TURNER.

# MINIMUM QUARANTINE REQUIREMENTS

Adopted by Whitman Board of Health, January 31, 1927

DISEASE	MINIMUM PERIOD OF QUARANTINE OF PATIENT	CONTROL OF CONTACTS			PLACARD
		ADULTS	IMMUNE CHILDREN	CHILDREN NOT IMMUNE	
Anterior Poliomyelitis (Infantile Paralysis)	Two weeks from onset of disease, and thereafter until acute symptoms have subsided.	No restrictions except as to adult food handlers (Note 1.)	No restrictions.	If child lives away from home one week and stays away from home, can re-enter school. Otherwise same restrictions as patient.	Yes.
Chicken Pox	Seven days and until all crusts have disappeared.	No restrictions.	No restrictions.	No restrictions.	No.
Diphtheria	One week from date of report and until 2 successive negative cultures, taken at least 24 hours apart, from nose and throat, have been obtained.	No restrictions save Note 2.	If 2 negative cultures are taken and quarantine is effective the child then can continue in school.	If 2 negative cultures are taken and child lives away from home, then can continue in school. Quarantine at home otherwise.	Yes.
Cerebro-Spinal Fever (Cerebro-Spinal Meningitis)	Two weeks from onset of disease, and thereafter until all acute symptoms have ceased.	No restrictions save in certain occupations. (Note 1.)	If child lives away from home 10 days and continues to live away from home, can re-enter school.	If child lives away from home 10 days and continues to live away from home, can re-enter school.	No.
German Measles	One week from date of rash	No restrictions.	No restrictions.	No restrictions.	No.

## MINIMUM QUARANTINE REQUIREMENTS—Continued

DISEASE	MINIMUM PERIOD OF QUARANTINE OF PATIENT	CONTROL OF CONTACTS			PLACARD
		ADULTS	IMMUNE CHILDREN	CHILDREN NOT IMMUNE	
<b>Measles (Note 4)</b> .....	One week from date of rash.	No restrictions save non-immune school teachers. These handled as non-immune children.	No restrictions.	Exclusion from school for 16 days from the date of last exposure.	No.
<b>Mumps</b> .....	One week from onset of disease, and thereafter until the disappearance of swelling of salivary glands.	No restrictions.	No restrictions.	No restrictions.	No.
<b>Scarlet Fever</b> .....	Four weeks from date of rash, and thereafter until the discharges from nose and throat, ear or abscesses or other surface (e.g., puerperal or surface scarlet fever) have ceased.	No restriction save in certain occupations. Note 1.)	No restrictions if away from home.	If child lives away from home one week and continues to live away from home, can re-enter school.	Yes.
<b>Smallpox</b> .....	Three weeks and until crusts have disappeared and skin is healed.	Note 3.	Note 3.	Note 3.	Yes.
<b>Whooping Cough</b> .....	Three weeks from beginning of spasmodic cough.	No restrictions.	No restrictions.	Exclusion from school 2 weeks from exposure.	Yes.

<b>Typhoid Fever</b> .....	One week after subsidence of clinical symptoms. If patient is a food handler he must have at least 2 negative cultures from both stool and urine. Cultures must be taken at least a week apart. (Note 5.)	No restrictions save for food handlers who cannot continue any work requiring food handling, without permission from the local Board of Health.	No restrictions.	No.
<b>Septic Sore Throat</b> .....	During the clinical course of the disease and convalescence, complete exclusion of the patient from participation in the production or handling of milk or milk products until permission is granted by the local Board of Health.	During the clinical course of the disease and convalescence, all contacts to be excluded from participating in the production or handling of milk products until permission is granted by the local Board of Health.		

### NOTES ON QUARANTINE REQUIREMENTS

1. School teachers should have same restrictions as school children. Food handlers and others whose occupation brings them in contact with children have no restrictions if they live away from home.
2. School teachers must have 2 successive negative cultures taken 24 hours apart; food handlers and others whose occupation brings them in contact with children one negative culture.
3. If the patient goes to the hospital, isolation for 3 weeks for the non-immune contacts. If the patient stays at home non-immune persons living in the same household with the patient must
  4. Warning signs on house seven days if there are no susceptibles in the family. If there are susceptibles the placard is kept on sixteen days. If on the 16th day there are children showing prodromal symptoms of measles the card is not removed.
  5. It is recommended that at least 2 negative cultures from both stool and urine be obtained in all cases. Cultures should be taken at least a week apart.

## COMMONWEALTH OF MASSACHUSETTS

Diseases declared by the Department of Public Health of Massachusetts to be dangerous to public health and reportable under provisions of Section 6, 7, 109, 111 and 112 of Chapter 111 of the General Laws:-

Actinomycosis	Leprosy
Anterior Poliomyelitis	Lobar Pneumonia
Anthrax	Malaria
Asiatic Cholera	Measles
Chicken Pox	Mumps
Cholecystitis of Typhoid Origin	Paratyphoid Fever A
Diphtheria	Paratyphoid Fever B
Dog-bite	Pellagra
Dysentery:-	Plague
a. Amebic	Rabies
b. Bacillary	Scarlet Fever
Encephalitis Lethargica	Septic Sore Throat
Epidemis Cerebro-spinal Meningitis	Smallpox
German Measles	Syphilis
Glanders	Tetanus
Gonorrhea	Trichinosis
Hookworm Disease	Tuberculosis (all forms)
Infectious diseases of the eye:-	Typhoid Fever
a. Ophthalmia Neonatorum	Typhus Fever
b. Suppurative Conjunctivitis	Undulant Fever
c. Trachoma	Whooping Cough
	Yellow Fever

## Report of the Dental Hygienist

---

To the Members of the Whitman Board of Health:

Once again I am privileged to submit to you, this, my third annual report of the work done at the School Dental Clinic for the past year. The same plan of operation as we have had for a number of years is still in use; namely, children in grades one through eight may obtain a thorough examination and cleaning; pupils in grades one through three inclusive can avail themselves of filling and extraction clinics. These clinics are held three mornings each week with three local reputable dentists in attendance. The nominal fee for any operation is twenty-five cents which is returned to the town treasury. It is not an unexpected situation that we had some patients who could not afford the fee incurred; consequently, after investigation, such cases were treated free of charge.

As far as the pupils in grades one through three are concerned, I can report most favorably on the condition of their teeth because they can and they do come to the clinic for fillings and extractions. However, in grades four through eight the situation is a more difficult one. Reports of dental defects are sent to the parents and it is necessary that the family dentist be consulted as soon as possible. Generally speaking, the condition remains uncorrected with the final result being loss of essential Permanent Teeth or other serious maladies. I realize in many instances it is because of present economic conditions that this apparent neglect has developed. Nevertheless, every possible effort should be made to have a healthy oral cavity for the general physical and mental well being of

the child. Therefore, I ask the parents' utmost co-operation in this particular phase, for early and periodic treatment will eliminate complicated and more expensive services demanded by long neglect.

Dental Clinics are in session each week at which time filling, extraction, and other necessary operations are performed. In spite of increased demands for dental services, quality is never sacrificed for quantity. All work is skillfully and efficiently performed by local dentists who are interested in the welfare of the child. Filling is limited to Permanent Teeth; namely the Six Year Molars. Extraction, for the most part, has been of Temporary Teeth and represents the abscessed, aching, or normal shedding of such teeth.

As far as health education is concerned, this particular phase of work is interwoven with the child's visit to the clinic. I feel as other health educators, that education is one of the most vital parts of any program. I am also of the opinion that individual instruction is of greater value than that type given in a group. Consequently, not only are group talks given in the various schools, but also instruction is given at the time the child comes to the clinic.

In my opinion the year has been a successful one. We are ably fulfilling the task set before us. For the generous assistance extended to me by the dentists, I am most grateful. Without their help and spirit of co-operation all efforts would have been in vain.

I am also deeply indebted for the cooperation of the Members of the Board of Health, Superintendent of Schools, the School Nurse, and the Principals and Teachers whose efforts have brought about a successful execution of the task before us.

Respectfully submitted,

RITA A. McCARTHY,

School Dental Hygienist.

## JANUARY—DECEMBER 1940

Oral examinations	833
No. of carious Temporary Teeth (Grades 1-3)	1,101
No. of carious Permanent Teeth (Grades 1-3)	270
No. of carious Permanent Teeth (Grades 4-8)	893
No. of fillings (Grades 1-3)	362
No. of cleanings (Grades 1-8)	434
No. of extractions (Grades 1-3)	37
Examined for dental certificates (Grades 1-3)	289
No. of certificates granted (Grades 1-3)	250
Amount of dental fees collected and returned to Town	\$193.75

## Report of the Health Nurse

---

Board of Health, Whitman, Mass.

Mr. William Ferguson, Chairman.

My report for the year 1940 is as follows:

On March 25, 1940 a reclassification clinic was held at the Junior High school.

At this time 16 were X-rayed and examined.

15 patients have had examinations and X-rays at the Plymouth County Hospital, and I have made 35 home visits.

At this time I would like to thank the Board and Miss Linn for their help.

Respectfully, submitted,

DORA R. LANE.

## Report of the Inspector of Milk

---

Board of Health,  
Whitman, Mass.

Gentlemen:

Following is the report of my work as Milk Inspector for the year 1940:

I have issued 24 milk licenses.

Taken 23 samples of milk for laboratory examination.

Taken 20 samples for sediment test.

The examinations show that the milk is clean and with a very low bacteria count.

Respectfully yours,

S. T. HOWLAND, V. M. D.

## Report of the Inspector of Animals

---

To the Honorable Board of Selectmen,  
Whitman, Massachusetts.

Gentlemen:

I beg to submit my report as Animal Inspector for the year 1940.

Have inspected during the year—

37 Premises

444 Cattle

12 Goats

Have quarantined 19 dogs suspected of having rabies.

Respectfully submitted,

S. T. HOWLAND, V. M. D.

# Report of Inspector of Plumbing

---

To the Board of Health,  
Whitman, Massachusetts.

Gentlemen:

I respectfully submit my report as Plumbing Inspector for the year ending December 31, 1940.

During the year 136 permits have been granted and the work approved.

The fixtures installed during the past year consist of:

Lavatories	76
Bath Tubs	49
Toilet Combinations	85
Sink or Sink and Tray Combinations	83
Range Boilers for Domestic Hot Water	59
Showers	2
Urinals	2
Drinking Bubblers	2
	<hr/>
Total Fixtures	362
Total fees collected	\$362.00

Respectfully submitted,

DAVID J. KAISER,  
Inspector of Plumbing.

## Report of the Sealer of Weights and Measures

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year 1940.

The number of weighing and measuring devices sealed, adjusted or condemned are as follows:

	Sealed	Adjusted	Condemned
Scales .....	207	10	2
Weights .....	481	9	—
Liquid measures .....	57	—	1
Dry measures .....	7	—	—
Gasoline pumps .....	2	—	—
Gas. meter pumps .....	73	7	—
Truck meter pumps .....	8	—	—
Bulk meter pumps .....	3	—	—
Kerosene pumps .....	12	1	—
Linear measures .....	16	—	1
Cloth meas. machines .....	2	—	—

During the year I have made the usual check on the weight of package goods in stores and other commodities and found them, in nearly every instance, in strict conformity with the law.

It may be worthy of note that I received but one complaint of insufficient weight during the year and that one of small amount.

Respectfully submitted,

JAMES T. BEARY,

Sealer of Weights and Measures.

## Report of the Chief of Police

---

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report of the Police Department for the year ending December 31, 1940.

### TOTAL NUMBER OF ARRESTS

Causes	Male	Female	Total
Assault and Battery	6		6
Assault with Dangerous Weapon		1	1
Capais	2		2

## AUTO ACCIDENTS

Number of Accidents	40
Number Killed	2
Number Injured	37

## LOCATION OF ACCIDENTS

Bedford and Temple Sts.	4
Bedford St.	5
Beulah and Temple Sts.	2
Broad St.	2
Franklin St.	1
Harvard and Auburn Sts.	2
South Ave.	8
Temple St.	6
Washington St.	6
Washington and Temple Sts.	2
West St.	1
Winter St.	1
	<hr/>
Total	40

I recommend at this time that the Town buy a new Police Car for the department. One that is made exclusively for a Cruiser and Ambulance. It is necessary to have a good ambulance as it is used frequently by the Department of Public Welfare.

## ACCIDENTS

We have had far too many accidents this last year which is due I believe to too much speed and not observing the Traffic Control Signals and Signs. I would like to ask the automobile drivers to cut down on speed and to observe the signals and signs more carefully. I would also like to ask them especially to observe the Stop Signs. These signs and signals are put up for the safety of the public and should be observed.

One of the rules of the Police Department is courtesy at all times and my officers and myself try to abide by this law to the best of our ability. The department is here to help the people and not hurt them and we want you to feel free to call upon us at anytime for advice or help.

The Town has been free from serious crime and disturbances which we hope will continue. I realize that whatever success we have achieved in maintaining law and order is due to the co-operation of the officers in the department.

I wish to thank the Honorable Board of Selectmen for my appointment as Chief of Police as well as the manner in which they have co-operated with the department. I also wish to thank all the members of the department and all those who have helped in the success of the work of the Police Department.

Respectfully submitted,

LEROY L. PHINNEY,

Chief of Police,  
Whitman, Mass.

## Report of the Dog Officer

---

To the Honorable Board of Selectmen

Gentlemen,

As dog officer I wish to submit my report, beginning January 1, 1940 and ending December 31, 1940.

During the year I answered 67 complaints, 4 were disposed of for non-payment of taxes, 16 stray dogs were taken from the streets, 5 dogs killed by auto were buried, 14 dogs quarantined, 12 complaints were investigated for killing fowl and annoying cattle. 537 licensed, 3 kennels licensed.

Respectfully submitted,

JAMES F. TERO,  
Dog Officer.

## Report of Board of Public Welfare

---

When one realizes that this Department registers three catagories of relief under its jurisdiction, it is fair to assume that 1940 has been a busy year for the Board of Public Welfare. Meetings have been held every Monday evening for the purpose of transacting whatever business may legally come before the Board and receiving applications or appeals for assistance.

Hospitalization has registered a more serious problem during the past year owing to unforeseen emergency cases such as a broken limb, ruptured appendix, hemorrhage, transfusion, pneumonia, carcinoma as well as heart and kidney involvement—but after receiving the benefits of the past year's difficulties we might recite many favorable and encouraging instances. We wish to express however, at this time, our appreciation to our three Town Physicians, Doctors Carr, Landers and Reed and our Visiting Nurse Mary Kearns for their medical attention given to our clients in 1940.

Ten boys between the ages of 17 to 23½ have been transferred to the Civilian Conservation Corps and some have profited greatly by this adventure—an opportunity of learning a permanent trade or vocation and at the same time enjoying healthful, out-of-door training and exercise. The recompense connected with this is thirty dollars per month—eight dollars of which is given to the youth for spending money, fifteen dollars is mailed home and seven dollars is maintained in a savings account until such time as the youth is discharged from the C.C.C.

The National Youth Administration has furnished part time employment for non-students from 18 to 24—who are citizens—and of needy families. This however, not only benefits a youth financially but acquaints him with detail work so necessary now with general clerical experience.

The W.P.A. Sewing Project has furnished labor for many women and thereby assisted them to maintain their families and homes in a more independent manner.

The Federal Commodity Distribution which has been efficiently handled by Mr. Kenneth Perry and his co-workers, at many times has been recommended as an emergency "tie over" and thus saved the expense of temporary relief. (O. A. A., A. D. C., and Dependent Aid cases have all been eligible for these commodities.)

There have been three women employed continuously on the Household Aid Project and they have worked in conjunction with the Board of Public Welfare and brought comfort into many homes where illness (chronic and emergency) or death or circumstance has necessitated. All wages connected with Federal Projects are paid through the W.P.A. Department. There have been 511 working visits made to 106 families consisting of 282 persons during 1940.

We have utilized the police ambulance in transporting clients to and from hospitals—and in removing them to new destinations—and we wish at this time to express our thanks to our local police officers who at all times have been most courteous and efficient.

To the Red Cross we extend our gratitude for the cooperation and consideration covering the tonsil clinic. We feel many school children in our district have been greatly benefited by this great movement.

**GENERAL WELFARE FINANCIAL REPORT**

Number of cases aided directly during 1940 was 231 consisting of 712 persons, 64 of these being single persons. Number of cases aided elsewhere and chargeable to Whitman, 39 cases.

Amount expended	\$41,381.03

## REPORT OF OLD AGE ASSISTANCE

The Old Age Assistance Law which became operative July 1931 and provides adequate assistance for deserving citizens sixty-five years and over—who have resided within the Commonwealth five out of nine years—the year preceding being compulsory—should not be confused with the Old Age and Survivor's Insurance Law.

The Massachusetts' Old Age Assistance Law is based on **need** and the Old Age and Survivor's Insurance Law under the Federal Social Security Act became operative January 1, 1940 and is based on the **wages earned by the employee**—(**need** does not enter into this form of insurance). However, if a client retires from employment and qualifies for Old Age Insurance but does not receive sufficient benefit to cover his immediate budget, he may apply for Old Age Assistance and a supplementary grant may be adjusted.

Before an application may be approved for Old Age Assistance verified proofs of birth, marriage, citizenship and residence must be on file—also bank, relative, insurance, medical and wage reports must be established—the ability of sons and daughters to support must be thoroughly investigated in accordance with the law. If the applicant has been maintained in the past by his children, careful consideration is given to the question whether or not the children are still able to support at time of application. Facts relating to their income and expenditure must be obtained and verified.

During the past year, we have witnessed more hospital expense with regard to Old Age Assistance. We all realize that with old age we have not only ordinary sickness but **chronic illnesses**— which means permanent medication. Unforeseen emergency difficulties are constantly presented but when we consider that the Federal Government now reimburses one half of the expense up to **\$40.00** per month on each case and the state two thirds of the remainder and the town only bears one sixth of the total expense, the picture is not so distressing.

We have received some applications for Old Age Assistance where Social Security primary benefits have been granted, and therefore it has only been necessary to approve supplementary aid. Therefore, as time

presses on, we can foresee the financial burden to the town greatly lessened.

Total Applications Received	82
Applications Approved	58
Applications Rejected	14
Applications Withdrawn	2
Applications Pending	8

		<hr/>
Net Cost to Town		\$19,907.22

**AID TO DEPENDENT CHILDREN**

The chief and most essential differences between the new and old legislation (Mothers' Aid Law and Aid to Dependent Children) is that "mother" is now designated as "parent" and defined as certain enumerated relatives and the settlement feature has been eliminated.

A child to be eligible for Aid to Dependent Children:

1. Must be under the age of 16 years

OR

Must be under the age of 18 years and regularly attending school.

2. Must be in need of public assistance.
3. Must have been deprived of parental support and care by reason of death, continued absence from home or physical or mental incapacity of a "parent."
4. Must be residing with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle or aunt in a place of residence maintained by one or more such relatives as his or their home.

Pending investigation careful inquiry is made concerning the following:

1. That the parent is fit to bring up children.
2. The other members of family and surroundings are such as to make for good character.
3. That such Aid is necessary to bring up child properly.

Careful consideration is made regarding:

1. Resources
2. Ability of other members to work
3. Relatives able to assist
4. Individuals and societies interested
5. Compel those legally bound to support
6. Press unemployed Members to find work and help them find it.
7. Secure all necessary aid possible from other sources.

Payments are made by check twice each month and drawn to the acting parent.

## Report of the W. P. A. Co-ordinator

---

To the Honorable Board of Selectmen:

I submit herewith my report as WPA Co-ordinator for the year 1940.

During the past twelve months an average of 200 Whitman Citizens have been given WPA employment. The Federal payroll to Whitman residents for the year was \$142,547.80. In addition, food and clothing provided by the surplus commodity division, was distributed to needy cases under the sponsorship of the Welfare department, to the value of \$27,051.50.

I am also glad to report that, again this year, we were awarded a Federal grant for materials consisting of \$4,500.00 toward the cost of cement for our sidewalk program and \$5,000.00 for water pipe to assist in the expense of our water project.

The above figures—(payroll, food and clothing distribution and material grants)—total to \$179,099.30 and emphasizes once again the substantial assistance we have enjoyed under this Federal program. Also, when considering the saving this has meant to our costs for direct relief, it should be remembered too, that the Federal payroll was spent in the development of a schedule of important, permanent improvements within the Town.

Despite the fact that work assignments during the year have been somewhat less than in 1939, we have nevertheless constructed approximately 4 miles of cement sidewalks. Not all of the authorized work could be completed however on account of freezing weather but funds are reserved for the unfinished units and as soon as weather will permit, work on them will be resumed.

Again this year, our Drainage program has been of great value to the Town. On nine (9) streets, where considerable water nuisance existed, we have installed approximately 5,000 feet of new Drains this year together with necessary catch basins, manholes, etc. We are now working on the several locations authorized under article 27 and within a few weeks the wet and unsanitary conditions of those areas will be corrected. This work, although underground where it cannot be seen, is nevertheless of outstanding value, and it is recommended that it be continued within the limits of a reasonable appropriation.

All work, within the scope of the project, was completed early in the year on the Town Barn. Today we have a Public Works Building that is adequate to house the Town equipment and is a credit to the Town. The Highway department desires to sponsor a supplementary project for the building to install heat (Boiler, Stoker, and radiation), finish off the ceiling to provide a second floor storage space, build stairways, wire for lighting, and partition the sections. The cost for materials is estimated at \$3,717.91 and an article has been prepared for the annual Town Warrant.

The work completed at the Dyer School for which \$2,000.00 was appropriated under article 22 was a much needed project. Previously there existed an out-of-date set up of toilet facilities which were both inadequate and unsanitary. The toilet rooms have been relocated at the rear of the basement space, modern fixtures installed and all plumbing, steam fitting, and electric wiring rearranged to accomodate the changes. Special ventilating facilities have been built in the job to conform with existing State regulations. All citizens, especially those having children in the School, are urged to inspect this job. Those who are familiar with the former conditions will agree that it is a much needed and outstanding improvement. A supplement to this project is recommended to cover the installation

of Steel I Beams and Columns so that the old cedar posts may be removed, construct concrete steps and emergency exit from the basement, resurface the basement floor with 2" of Concrete and install two smoke doors as suggested by the State Building Inspector. The material cost is estimated at \$975.00 and an article has been prepared for the annual Town Warrant.

Work has now been completed at the Central Fire Station where new piers and a concrete floor with floor drains were installed. This improvement was badly needed. The old wood floor was not in good condition and the Town now has a permanent floor with a factor of safety sufficient to carry the weight of any apparatus which may be housed there. The suggestion has been made that the same renovations be made at the East End Fire Station and estimates are being prepared for consideration at the annual Town Meeting.

Development of Regal Park was carried on until September at which time it was suspended to permit all available men to be used on sidewalk work. There remains some drainage work to be completed at the South end of the field and a portion of the area to be graded. A balance of Federal Funds amounting to \$5,938.53 is available for labor on this project and a small appropriation is recommended to cover material costs to complete the work this year. With a comparatively small amount of additional work this entire area will be reclaimed for recreational purposes.

In view of the wide public interest in the development of the High School athletic field and because it appears that the scope of our present project has perhaps been misunderstood, I should like to point out that all work specified in the project under which we have been operating has been completed, except some fill at the north end of the field which is regularly being deposited from other jobs. Drainage conditions on the South and West sides of the building have been

corrected, and much of it is new installation. Cement walks have been renewed and the broken concrete steps approaching the entrance to the gymnasium have been removed and rebuilt. A new drive entrance was established on Essex Street and all drive ways resurfaced with black mix. Also the wall at the north end of the field has been completed. As the next step in the program, it is recommended that an appropriation be made at the annual town meeting to cover the cost of fine grading and seeding the field, constructing the cinder track and erecting the fence as proposed in the original plans.

Mention is made in one of the foregoing paragraphs of the \$5,000.00 material grant secured for the water project. The use of this grant as well as the operation of the project has been under the direction of the Water Commissioners. Detail of expenditures, progress of the job and recommendations for this year's work will no doubt appear in their report.

Projects approved for the development of the town forest and for painting work at the Town Hall were both scheduled for winter work. Both projects are well under way and progressing satisfactorily.

The work involved in adjusting abutting properties due to sidewalk lines and grades has been difficult to estimate. It is a matter in which all property owners adjoining new sidewalk construction are vitally interested and there remain now a number of properties needing attention. Particularly on Glen, Belmont, High and Brigham Streets as well as Beal Avenue and Perry Avenue, there are properties where adjustment work will be necessary as soon as weather will permit. Favorable action is recommended on the article in the Town Warrant calling for an appropriation for this work.

During the coming year it is expected that increased activity in National Defense work, with consequent gains in private industry, will largely eliminate from

the WPA rolls such work classifications as carpenters, electricians, plumbers, steam fitters, etc. Accordingly in shaping up our program for 1941 it is my opinion that this condition should be kept constantly in mind. I believe projects requiring a minimum of skilled labor should be favored to insure that our program, when established, may have reasonable prospects of being completed.

In closing may I express my appreciation to your board for the advice and cooperation given me during the year. Also I should like to record my appreciation to the administrator for W.P.A. and his state and local staffs whose interest and cooperation has contributed a great deal to the success of our program.

Appended hereto you will find the usual operating cost schedules which are self explanatory.

Respectfully submitted,

E. C. MONROE,

Coordinator.

# Report of the Highway Surveyor

---

To the Citizens of Whitman:

I respectfully submit the following report for the year 1940:

## ROAD REPAIR WORK

We started patching in March, as soon as the frost was out of the ground, and continued until the latter part of October. The major breaks and trenches were taken care of along with some gutter patching. We used 755 Tons of Patch, buying 158 Tons and mixing 577 tons ourselves. The condition of the roads made it necessary to patch constantly, thereby keeping the maintenance cost of our roads at an extremely high level. To overcome this, we must put our roads back into proper shape by resurfacing and sealing them periodically.

## ROAD RESURFACING

As many streets were resurfaced as our budget would allow. Those in the worst condition and most travelled were done. In all cases, excepting Davis Ave. and Marble St., tar and sand was used. Davis Ave. and Marble St. were treated with tar and  $\frac{5}{8}$  inch stone. The streets treated are listed below:

Street	Length
Beal Avenue	1430 feet
Benson Street	680 feet
Broad Street	1830 feet
Carlton Street	250 feet
Central Street	600 feet
Church Street	610 feet
Cherry Street	600 feet

Davis Avenue	270 feet
Hersey Avenue	400 feet
Lazel Street	670 feet
Marble Street	600 feet
Pearl Street	300 feet
Plymouth Street	4800 feet
Raynor Avenue	2500 feet
Washington Street	2100 feet
Washington Street ( Bridge)	475 feet
Vaughan Avenue	375 feet
<hr/>	
Total	18490 feet

We doubtless could have saved the cost of a complete new top course on some of our roads if the funds for sealing them had been available in the early Summer. We have, however, prepared a systematic schedule which, if followed, will bring our roads back into first class condition, at a minimum cost, over a period of years.

## CHAPTER 90 WORK

The Chapter 90 work for the year 1940 was confined to combination Chapter 90-W.P.A. Project, sponsored by the State, for the reconstruction of North Washington St. (Project drawn for the base only). Chapter 90 funds were used for materials and equipment rentals and the labor was supplied by the W.P.A.

This project proceeded ahead of schedule up until the time for the delivery of the gravel. A question arose over this and valuable time was lost before it was settled. On the day that the tar was to be applied, the early snow storm came and work had to be suspended. The base can be completed in a short time in the Spring.

The tentative schedule of Chapter 90 work for the year 1941, as given to your Highway Surveyor by

the State Department of Public Works, is as follows:

North Washington Street	\$6,500.00
Franklin Street	34,000.00
Road Maintenance	3,000.00

Under the present set up for 1941, the surface of North Washington St. would be done. This surface is to consist of 3 inches of crushed stone and 1½ inches of Type 'I' Mix and extending a distance of 2,685 feet. Franklin St. would be rebuilt from the end of the new construction to the Hanson Line. The road maintenance fund would be used to resurface some of our longer Town maintained roads, not necessarily State Highways.

These estimates are purely tentative and may be changed entirely at some subsequent meeting with the State Department of Public Works and the Board of Selectmen.

### **SIDEWALKS**

In the last few years, the maintenance of cement sidewalks has become a major problem of the Highway Department. Frost, in the Winter, and heat, in the Summer, cause sections of cement walk to rise or fall and make it dangerous for the walking public. It is necessary, therefore, to check all cement walks periodically and repair or replace sections of walk where necessary.

### **STREET SIGNS**

A thorough check was made of all Street Signs early in the Spring. All sign posts were painted and as many signs were repaired and repainted as our budget would allow. There are many signs that need attention and several streets in need of signs at one end or the other. These will be taken care of next year.

## **DRAINAGE**

During 1940, as has been the case during the past several years, new drainage systems and extensions of those already constructed were done under W.P.A. Two small drains were installed by the Highway Department. On Lombard Ave. a drain was installed to divert water from private property into the Highway drain thus eliminating a health menace. On Vaughan Ave. an open ditch through private property carrying street water was piped.

We have had several requests to pipe open ditches on private property which carry street water. These are being included in our estimate for drainage work in 1941.

All catch basins were cleaned in the Spring and were checked during each storm to see that they were working properly. Pipe lines were cleaned and flushed and broken pipes were replaced where found.

## **SNOW**

The first snow storm came much earlier than usual this year and it was followed by another a week later. As we had no funds to cope with snow at this time—November 26—the Finance Committee was asked for and granted a transfer of funds to cover the deficit incurred by these storms.

We have, at the present time, seven town owned plows attached to private trucks and 4 privately owned plows. We have about 35 miles of streets to plow and dividing this mileage among the eleven plows it gives each plow about 3.2 miles of road to take care of.

It would be very advantageous to the Town if a separate appropriation for snow removal is made instead of including it in the general fund.

## BUILDING

In July, we moved to our new barn which was built by the W.P.A. during the Fall and Winter of 1939 and 1940. This building is 60'x100' and is divided into two sections, one 60'x60' and the other 60'x40'. The larger section is now being occupied by the Highway Department. The other section, intended for the Water Department, is now being used by the W.P.A. to store materials and tools with the permission of the Water Department.

There will be an article in the warrant at the annual Town Meeting in March asking for an appropriation to complete the interior of this building. When this is done, the Town of Whitman will have a Public Works Building which will be the finest of its kind in any Town in this vicinity.

## EQUIPMENT

- 1 Cement Mixer (used for mixing patch)
- 1 Road Brush (Hone)
- 1 Hauck Burner
- 1 Set of Chain Falls
- 1 Gas Driven Water Pump (mounted on wheels)
- 1 Hand Water Pump
- 1 Stone Carrier
- 1 Water Roller
- 2 Wheel Barrows (rubber tired)
- 1 Glenwood Stove
- 1 Tar Heating Plant
- 1 Electric Clock
- 1 Electric Grind Stone
- 5 Sidewalk Snow Plows
- 7 Street Snow Plows
- 6 Short Handle Shovels (pointed)
- 13 Short Handle Shovels (square)
- 25 Long Handle Shovels (pointed)
- 76 Long Handle Shovels (snow)
- 4 Catch Basin Spoons—3 extra handles

16	Metal Brushes
20	Fiber Brushes
5	Pick Axes
9	Grub Hoes
3	Tamps
8	Rakes (iron)
1	Axe
2	Bush Hooks
1	Thread Cutter (pipe)
1	12" Grip Wrench
1	Hand Saw
1	Buck Saw
3	Scyth Handles 5 Blades
100	Ft. Hose
6	Doz. Iron Pins
48	Lanterns with Globes
48	Extra Globes
80	Traffic Signs

#### MATERIAL

100	Yds. Sand
1½	Bbls. Emulsion
4	Bbls. K. P.
50	Gals. Lubricating Oil
25	Lbs. Veedol Grease
25	Gals. Fuel Oil
5	Gals. Gasoline
1	Bbl. Transmission Grease
1	Roll Wire Fence
24	Cement Bounds
2	Manhole Covers and Frames
1	Coil Manhole cover tape
10	Balls Twine

I wish to thank all the other departments for the co-operation they have given me during the past year.

J. CARROLL BOYNTON,

Highway Surveyor.

## Report of Public Safety Committee

To the Honorable Board of Selectmen:

Gentlemen:

Herewith is the report of the Public Safety Committee for the year 1940.

The Committee held its four quarterly meetings as required with fairly good attendance by the members.

Very few problems came to the attention of the committee during the past year. Those that did were promptly attended to.

The committee recommended the erection of isolated stop signs at Commercial Street and Washington Street.

It is still felt by the committee that steps should be taken to eliminate the dangerous condition at the junctions of Raynor, Essex and Plymouth Streets and for that reason have recommended to the Selectmen the insertion in the annual warrant for construction of a rotary traffic island. This was passed over by the voters at the last meeting but it is hoped that support will be given it this year.

Respectfully submitted,

FRANCIS T. KANE,  
CLINTON G. BRADSHAW,  
EDGAR C. MONROE,  
JOHN C. KEITH,  
HAROLD E. COBURN,  
CHARLES A. WHITMAN,  
MICHAEL F. HAYES,  
IRVIN D. READE,  
J. CARROLL BOYNTON,  
LEON A. PETERSON,  
LEROY L. PHINNEY,  
JAMES T. KIRBY.

## Report of the Planning Board

---

To the Citizens of Whitman:

The Planning Board held during the past year several meetings to study community planning. The board has found an increasing sentiment in favor of zoning. This was due to several examples of the definite need of protection for property owners arising in sections that should have had restrictions. Many citizens do not comprehend the need of restricted areas until they are suffering loss from property developments which depreciate the relative value of their investment or mar the attractiveness of its surroundings.

Each year the board has made recommendations, the results have shown its members that the public should be educated to appreciate its own needs. The best ideas ever advanced for the benefit of society have not generally been received at once with public approbation. Nevertheless, time has demonstrated their value and secured their subsequent adoption.

We can only hope that the near future will produce the desired results and civic minded citizens will soon accept a plan for definite public protection and improvement.

During the year suggestions were made to various town officials and departments on the lines of safety and improvements. These were favorably received and we wish to thank them for their hearty co-operation. Other matters will be presented at the March meeting after study by the board.

The board views with sympathy the efforts of those citizens who desire removal of unsavory spots from the town.

The enforcement of street parking ordinances will also be another move in the right direction.

We are indeed grateful for those of our townspeople and officials who have co-operated in promoting matters of civic interest along the lines which the board is advancing and hoping to achieve.

Respectfully submitted,

F. LINCOLN MILLET, Chairman,  
CHARLES W. COATES,  
STANLEY N. HOLBROOK,  
RALPH M. SMITH,  
EDWARD E. CARNEY.

## Report of the Park Commissioners

---

To the Citizens of Whitman:

The 1940 season was opened at Whitman Park on April 1. The annual spring clean-up and inspection was completed first. The walks were cut and weeded and the pond was cleaned out and resanded as usual. The playground equipment was painted and repaired, before it was set up. Some of the equipment was found to be beyond repair and was disposed of. The commissioners make an effort to replace some of the things each year, but this is not always possible. For instance, this year it was necessary to almost completely rebuild the summer house in the lower park. This was an unusual expense and it prevented the spending of any money for playground equipment this season.

All of the trees in the Park were carefully gone over and marked for care and pruning. This work was done again this year by tree experts. Those trees in the worst condition were done first, and the balance of the tree allotment was spent to re prune those trees which were treated in previous years, always in keeping with the established program for the preservation of every tree possible in the park system, and the replacement of those that have to be removed. Three trees were removed this year because they were in bad condition and the commissioners decided that it would be a waste of money to try and save them. One tree, however, being of a common specie, was taken down to make room for two others of a rare variety. Perhaps many of the citizens of Whitman do not realize that their park contains many varieties of shade trees that are uncommon in this district. A beautiful

blue spruce was donated to the park by an interested friend and this was set out on the south side of one of the knolls.

This year it became necessary to do some further work on the water supply for the pond. Four years ago, several small wells were drilled to furnish water for the pond. This project, while satisfactory in a normal year, was found not to have the capacity necessary to keep the pond at the desired level if an extremely dry season occurred. A larger and deeper well was completed this year which was drilled to a depth where the water supply is affected only slightly by the surface weather conditions. Under severe test, this well showed an unlimited supply of clear fresh water.

A new cement sidewalk was laid on the park along Park Avenue from Hayden Avenue to Maple Street and along Maple Street to Whitman Avenue. This work was done by the WPA. The walk is a great improvement, from the standpoint of appearance as well as utility. The entire park and the Memorial Arch plot were kept neat and clean during the 1940 season.

A detailed financial report of the Park Department will be found in the report of the town accountant.

Respectfully submitted,

HAROLD E. COBURN, Chairman,

RAYMOND K. LITCHFIELD, Secretary,

HERBERT L. SHEPHERD.

# Report of County Aid to Agriculture

---

## THE PLYMOUTH COUNTY EXTENSION SERVICE

---

During 1940, the Plymouth County Extension Service has performed its usual function of helping rural, village, and city people with the problems of farming, homemaking, and 4-H club training. Each year ever-increasing demands are being made on this organization to organize, administer, and teach programs of national, state, county, and town importance.

The agricultural department has a wide range of services for commodity groups in dairying, poultry husbandry, fruit and vegetable culture, cranberry growing, general livestock management, forestry, and many other subjects. In each of these, special emphasis has been placed on marketing in recognition of this need with production problems more completely solved than those of merchandizing.

Close cooperation and collaboration have been maintained with local organizations and other federal agencies. Some of these are as follows: Plymouth County Farm Bureau, Cape Cod Cranberry Growers' Association, Plymouth County Poultry Association, Bristol-Plymouth Fruit Growers' Association, Satucket Dairy Herd Improvement Association, and Brockton Cooperative Egg Auction Association, The Federal Land Bank, Taunton Production Credit Association, Farm Security Administration, and the Agricultural Conservation Program.

The Home Demonstration Department held meetings in every town in Plymouth County during the past year. Emphasis was placed on home beautification, food preservation, nutrition, health and recreation. In addition to meetings, other help was given by letters, phone calls and home visits.

4-H club work not only develops agricultural and homemaking ability among its boys and girls, but trains them also in self reliance, good sportsmanship and good citizenship. Clothing, home furnishing and food projects teach girls a greater appreciation of good home and community living, while in the stock and crop raising projects boys are shown the value of modern methods as well as getting a knowledge of business.

4-H club work is a truly American idea, for all of America's youth.

The course which the Extension Service follows is largely determined by local people. Your board of trustees, town directors, women's advisory council, and commodity committeemen, have by a majority approved these programs. The service of all departments is available to everyone. The Extension Service has its place in bringing to the attention of Plymouth County people the principles of good farming, good home-making and good citizenship.

Briefly, some of the accomplishments for Plymouth County in 1940 which may be shown statistically, are as follows:

Number of meetings conducted	877
Attendance at these meetings	26,650
Farm and Home Visits made	2,233

Number of different circular letters	293
Total circulation of these circular letters	95,656
Number of 4-H clubs	101
Number of 4-H members enrolled	1,881
No. Home Demonstration Clubs	115
No. women enrolled	2,171

The financial assistance and moral support of Whitman is greatly appreciated by the people the Extension Service assists. A continuation of its support is justified on the record it has achieved. Its influence can not be measured by monetary values, but its educational programs and individual assistance constitute one measure in the first line of national defense.

LEROY GRINNELL,  
Town Director.

## Report of Town Forest Committee

---

To the Citizens:

The town forest committee met and elected as officers, Morton Coburn chairman and Herbert Finegan secretary.

The committee had several meetings both at the Town Hall and the Town Forest on Plymouth Street, and mapped the proposed location as a town forest to include a town nursery, to be planted with small seedlings for the use of the town, both shade and ornamental trees, which the committee feels the town is in great need of.

This development to be carried on for a number of years and to use as much W.P.A. help as possible.

The W.P.A. started in clearing and pruning this winter thereby getting the land in condition to start planting this spring.

To carry on this work it will be necessary to have tools, seed, etc., also a place to store them.

The committee felt that a permanent building should be erected early this spring. They agreed on a building to be erected of field stone 15'x20', to be built with W.P.A. help.

The committee also asks for an appropriation of three hundred dollars (\$300) for maintenance and tools. This will be necessary to carry on this program, as the young seedlings will have to be watered and kept weeded. W.P.A. help is not available for this work.

Respectfully submitted,

MORTON G. COBURN, Chairman,  
HERBERT A. FINEGAN, Secretary,  
ARTHUR SINGLETON.

## Report of the Tree Warden

---

To the Citizens of Whitman:

In March there was a survey made relative to the condition of the many trees in the town. Any tree that was beyond hope of saving was taken down. Several requests were made for removal of trees but upon investigation they were found to be in good condition and consequently were not removed.

The beauty of this or any town lies in the shade trees and every one removed requires years to replace. This department will not take down any tree unless it constitutes a hazard or is beyond hope of saving.

The elm beetle was again active during the past year and should receive the same attention as last year.

During the year 1941 this department plans to take care of the trees on the Whitman Park. Thus additional work will be required.

It is recommended that the sum of \$1,960.00 be appropriated for the Tree Warden's appropriation.

Respectfully submitted,

ARTHUR SINGLETON,

Tree Warden.

## Report of the Moth Superintendent

---

To the Citizens of Whitman:

There was a WPA moth project during the past year covering the wooded sections of the town. The workers penetrated about 300 feet in from the roadway during the destruction of these moths. This project proved of great value and of some saving to the town.

General spraying was done throughout the town and all the elm trees were treated for the elimination of the elm tree beetle. It is essential that money is available for the destruction of these pests otherwise the foliage will be destroyed in a short time.

It is recommended that the sum of \$1,800.00 be appropriated for the year 1941 for this work.

Respectfully submitted,

ARTHUR SINGLETON,

Moth Superintendent.

# Report of the Water Commissioners

---

To the citizens of the Town of Whitman:

The Board of Water Commissioners hereby submit their report for the year ending December 31, 1940.

The regular maintenance work was carried out in the usual manner including repairing meters, repairing and inspecting hydrants, renewing and repairing services and repairing main pipe leaks.

For detailed report of the activities of the Board, please refer to the report of the Superintendent to the

Water Commissioners which was done under the direction of the Board.

The Board has completed South Avenue from Raynor Avenue to Winter Street which was done under a W.P.A. Project and are now laying a new ten inch main on Auburn Street from Harvard Street to Washington Street.

The following streets remain to be done under this W.P.A. Project which was started in 1940:

School Street	4250 feet of 12 inch
Fullerton Avenue	700 feet of 8 inch
So. Washington to E. Bridgewater	340 feet of 6 inch
So. Washington from Commercial	300 feet of 6 inch
So. Washington from Commercial	900 feet of 10 inch
Temple Street from Churchill	1246 feet of 8 inch
Commercial St. from Fullerton	1050 feet of 10 inch
Benson Street from Pleasant	1160 feet of 10 inch
Arthur Street from Belmont St.	450 feet of 6 inch
Belmont Street	650 feet of 6 inch
Pine Street from Bedford St.	1550 feet of 6 inch
Pine Street from High Street	1125 feet of 6 inch
Burton Avenue	370 feet of 6 inch
Park Avenue	700 feet of 6 inch
Blake Street	611 feet of 6 inch
Charles Street	611 feet of 6 inch

The Board recommends that all the old cement lined pipe that has been in service over fifty years be replaced as soon as the town sees fit to raise and appropriate annually money for the same on the following streets:

Washington Street	2674 feet
Park Avenue	1200 feet
Laurel Street	444 feet
Legion Parkway	334 feet
Gold Street	550 feet
Beulah Street	2480 feet
Vernon Street	590 feet

West Street	2600 feet
Warren Avenue	1041 feet
Dover Street	688 feet
Commonwealth Shoe & Lea. Co.	600 feet
D. B. Gurney Company	200 feet
Regal Shoe Company	200 feet

The Board again would like to call the attention of the citizens to their vote taken Dec. 20, 1937, which reads that on and after Jan. 1, 1938 the Water Department will not lay any more service pipe for domestic services further than the street line.

The Board would like to call the attention of the citizens to the following article: "The Water Department shall not be responsible or in any way liable for any damage resulting from the water being shut off from the mains for the purpose of making connections, repairing leaks or for any other cause requiring the water to be shut off. The superintendent shall have the right to shut off the water without notice and keep it shut off as long as it may be necessary, but reasonable notice, when possible, shall be given to consumers before water is shut off."

Out of an appropriation of \$25,630.00 for 1940, the Water Department has turned back to the town \$140.60 and shows an operating profit of \$3,179.00.

The Board by practicing strict economy have been able to buy 1200 ft. of 6 inch Transite pipe for stock which is available for laying of new mains wherever required.

The Water Commissioners wish to thank all the citizens for their co-operation during the past year.

Respectfully submitted,

GEORGE F. SCHNYER,

ELMER F. STAPLES,

HOWARD E. HATCH,

Board of Water Commissioners.

Registrar.

## Report of the Superintendent of the Water Department

---

To the Board of Water Commissioners:

I hereby submit my report for the year ending December 31, 1940.

The following replacements have been made:

On South Avenue, 2207 ft. 4 in. of 12 in. Transite pipe was laid, replacing the same number of 12 in., 8 in., and 6 in. old cement pipe. The old pipe taken out was given to the Highway Department and the W.P.A. Projects. Installed a 12"x6" tee at Regal Street for future use; moved a hydrant near 558 South Avenue from the south to the north side of South Avenue; hydrant on South Avenue near Hobart Square gated; set new gate on Hobart Square branch replacing old one, the old hydrant on South Avenue near the Fire Station was cut off even with the sidewalk line and a new 5" Darling hydrant was set on the north side of the street on the lawn of the Fire Station and gated. On South Avenue used three 12 in. Rensselaer gate valves; three 6 in. Rensselaer gate valves; one 2 in. Jenkins Valve on Blanchard's Service; one 8 in. Rensselaer gate valve on Pleasant Street at South Avenue replacing an old 6 in. Ludlow; used 35 ft. of 8 in. Cast Iron pipe on Pleasant Street connecting to the 12 in. on South Avenue.

A broken Ludlow hydrant on Stetson Street was replaced with a 5 in. Darling hydrant and a 6 in. Rensselaer gate valve installed.

On Washington Street at Beulah Street an old Walker hydrant was taken out and a 5 in. Darling hydrant was used to replace it.

A 6 in. Kennedy gate valve was installed in the hydrant branch on Crescent Street, the hydrant was eighteen inches out on the old South Avenue sidewalk

and as per instructions it was moved fifty feet south on Crescent St.

On South Avenue at the Post Office moved hydrant west about fifty feet to ease parking conditions at Post Office.

Cut in a 6 in. Rensselaer gate valve on Simmons Avenue at Plymouth Street.

At the D. B. Gurney Company, put in a 6 in. Rensselaer Tapping Sleeve and valve, giving them an extra supply in case the old line gives out.

On Elm Place installed 106 ft. of 6 in. cast iron pipe with one 5 in. Darling hydrant and a 6 in. Rensselaer gate valve improving conditions immensely.

Installed a bleeder on Corthell Avenue as per instructions.

There are fifteen Walker hydrants located in different parts of the town that require a lot of attention. It would be good water works practice to remove a few every year and replace them with 5 in. Darling hydrants with gates on hydrant branches.

Laid 621 ft. of 10 in. Transite pipe on Auburn Street in December, 1940.

Additional hydrants	1
Hydrants replaced	3
New services	14
Service renewals	35
Services thawed out	6
Services shut off	65
Services turned on	70
Service leaks	12
Main pipe leaks	6
Meters taken out, tested and reset	272
Meters changed	28

All hydrants have been checked and there are some we have to recheck all through the winter.

Respectfully submitted,

F. R. McCALLUM,  
Superintendent.

## Report of Wire Inspector

---

February 17, 1941

To the Honorable Board of Selectmen,  
Whitman, Mass.

Gentlemen:

I respectfully submit my report for the year of 1940. Two hundred nineteen Permits were taken out at this office. These included wiring for Elec. Ranges, Service changes, Signs, etc. Besides inspection on Permits, taken out at this office there were inspections for new installations. Wiring installations are of a higher standard than in the past. This practice, I hope, will continue in the future.

Respectfully submitted,

W. L. WELCH.

ANNUAL REPORT  
OF THE  
School Committee

FOR THE YEAR  
1940

## Whitman School Committee

---

Frederick A. Meier, Jr.	1941

Alma B. Taber	1942
Ethel C. Bearce	1943
Charles R. Pratt	1943

### ORGANIZATION

Irvin D. Reade	Chairman
Alma B. Taber	Secretary

Regular meetings of the committee are held on the first Wednesday of each school month, at 7:30 P. M.

### SUPERINTENDENT OF SCHOOLS

Frank E. Holt

Office, Room 18, Town Hall; Telephone 321-R  
 Residence, 911 Washington St.; Telephone 912  
 Personal appointments with the superintendent  
 may be made at your convenience.

### SCHOOL DEPARTMENT OFFICE

Room 18, Town Hall; Telephone 321-R

#### Office Hours

School Days: 2:30 P. M. to 5 P. M. and Monday  
 evenings, 7 P. M. to 8 P. M.

School Vacations: Week days, except Saturday,  
 9 A. M. to 12 M., 1:30 P. M. to 5 P. M., and  
 Monday evenings, 7 P. M. to 8 P. M.

### SCHOOL NURSE

Frances E. Linn

Office, Junior High School Building; Telephone 575-W  
 Office Hours: 8:30 to 9:00 A. M., 3:30 to 4:30 P. M.  
 on school days.

## SCHOOL CALENDAR

### School Terms, 1941-1942

#### SPRING TERM

Begins March 3, 1941                      Ends April 18, 1941

#### SUMMER TERM

Begins April 28, 1941                      Ends June 27, 1941

#### FALL TERM

Begins September 3, 1941              Ends December 19, 1941

#### WINTER TERM

Begins December 29, 1941              Ends February 20, 1942

#### SPRING TERM

Begins March 2, 1942                      Ends April 17, 1942

#### SUMMER TERM

Begins April 27, 1942                      Ends June 26, 1942

### GRADUATION EXERCISES

High School	June 13, 1941
Junior High School	June 20, 1941

### SCHOOL HOLIDAYS

Schools will not be in session on Saturdays, Legal Holidays, Good Friday, January 2, 1942, from noon on the Wednesday preceding Thanksgiving Day to the following Monday, or on the day of the Plymouth County Teachers' Convention.

The school calendar as printed is subject to change by action of the School Committee.

### **No School Signal**

The "No School Signal" is 2-2, sounded on the Town Fire Alarm System.

At 7:30 A. M. It indicates no session in any school on that morning.

At 8:15 A. M. It indicates no session in grades 1-6 inclusive, on that morning.

At 12:30 P. M. It indicates no session in any school on that afternoon.

### **Tuition for Non-resident Pupils (per year)**

High School—1940-1941	\$103.00
*Elementary Schools	65.45

\*(As established by the School Committee and determined in accordance with Chapter 76, Section 7, of the General Laws, Relating to Education.)

## Report of the School Committee

---

To the Citizens of the Town of Whitman:

The School Committee has again kept its expenditures within the budgetary allowance set by the voters at the last annual meeting and returned a balance to the town.

The appropriation for 1940 was divided into three classifications: (a) Services: Supervision, teachers and auxiliary salaries; (b) Janitors, and (c) other expenses. It is the firm belief of this committee that such classification works to the distinct disadvantage of our schools and results in a financial loss to the town. A budget as large as that for schools should be flexible enough to take care of unforeseen emergencies, price fluctuations and other conditions such as an unusual amount of substitute pay due to sickness, etc. . Under the "three-headed system" it is not possible to spend out of one part of the appropriation for any purpose under another allocation. This year a rise in the cost of fuel could not be offset by the purchase of enough coal to fill up the coal bins before the increase due to the fact that there was no money available under that heading although there was enough under "salaries". This condition results in increased costs and excludes the possibility of the purchase of new equipment at the end of the year if sufficient funds remain. The committee urges a return to the policy followed by the town, previous to last year, over a period of years of appropriating a lump sum for schools. We ask for your support for this matter in the interests of economy and sound educational practice.

There is a pressing need for vocational instruction in our schools. The present emergency shows all too plainly the need for men who have some trade skill.

The committee has been aware of this condition and has been planning for expansion into this type of instruction over a period of years. It is our plan to present a detailed plan and estimate to cover a modest beginning in trade courses next year. There is valuable training in the use of tools for those who do not follow a definite trade course, but use this education with their academic work to prepare for some technical school. A mechanic arts course should aim at general education and try-out, and boys should have an opportunity to try a variety of courses over a period of five or six years. It would be possible to run several activities in one shop. These activities could run as separate units and a boy could find that work which best suited him.

The boys and girls of our schools must feel that their school work is getting them somewhere. We can not stop with our school curriculum providing for only one or two types of ability. Our children represent all levels of mental ability and human aspiration. Never has the need of a diversified curriculum been so great. The youth of our town must be helped through the ordeal of discouragement. Society no longer requires youthful productive participation and so the youth is late in his entrance into active adult work. We owe it to these young people to explore all possible means of earning a livelihood. Our guidance must become a reality instead of being theoretical and "bookish". This discouragement on the part of youth leads him to think and act in an undemocratic manner. We cannot assume that because our children were born into a democratic society that they will understand and fully appreciate "the American way". We have taken too much for granted. Too much emphasis cannot be placed upon the development in our boys and girls of those qualities of character on which our democratic institutions so vitally depend; such qualities as honesty, loyalty, honor, sincerity and moral cleanliness.

Control and direction of the schools is an important objective in all forms of government. In totalitarian governments, drastic steps are taken that the schools shall develop beliefs, attitudes and ideals of the leaders by means of materials and teaching procedures. The value of the individual is measured in his usefulness to the government. In America we also regard public education as essential for the preservation of the state, but with a full realization of individual liberty and equality as the means for co-operative living and working for the benefit of all. Thus the school, from early colonial days, has been the bulwark of American democracy marching along with each new frontier and constantly adjusting itself to meet new requirements as new needs develop.

The development of science and inventions; the multiplication of machines and power; the application of technology to production; the growth of swift means of transportation and communication, the transfer of industry from home to factory, specialization, the exclusion of boys from industry and the increased number of boys and girls in high school make it imperative that the school take over more and more the many educational experiences that were formerly the responsibility of the home.

In conclusion, from the words of Henry Van Dyke —“And what of teaching? Ah, there you have the worst paid, and the best rewarded of all vocations. For the vast majority of men and women it has no promise of wealth or fame, but they to whom it is dear for its own sake, are among the nobility of mankind. Famous educators plan new systems, but it is the unknown teacher who guides the young. Patient in his daily duty, he strives to conquer the evil powers which are the enemies of youth. He lights many candles which in later years will shine back to cheer him. This is his reward. No one is more worthy to be enrolled in a democratic aristocracy.”

Fellow citizens:—As good as they are, as imperfect as they are let us back up our schools with helpful criticism, praise when due, and whole-heartedly interest ourselves in the welfare; spiritual, mental, and physical of boys and girls whom God has placed in our custody.

Respectfully submitted,

FREDERICK A. MEIER, JR.,  
CARLTON E. TUCKER,  
IRVIN D. READE,  
ALMA B. TABER,  
ETHEL C. BEARCE,  
CHARLES R. PRATT.

## Report of the Superintendent of Schools

---

To the School Committee of Whitman, Mass.

Ladies and Gentlemen:

Once more it is my privilege and pleasure to submit the annual report of the superintendent of schools for your consideration. This is the forty-eighth number in the series of similar reports, and concerns itself with the activities of the school department for the calendar year ending December 31, 1940.

As in recent years, much of the material referring to special departments or schools has been furnished by the unpublished reports of the individuals who have direct supervision of the activities mentioned. Furthermore, and as always, it has been through the efficient efforts of our teachers, supervisors, and other members of our school staff that the real accomplishments of the year have been made possible, and that our schools have been able to work effectively in their task of guiding and developing the native abilities of our pupils.

### SCHOOL SAVINGS

For some unexplained reason the schools of Whitman were grouped with those of Hanson and Pembroke in the annual report of the Savings Division of the American Bankers Association for the school year of 1939-1940, consequently no comparison with these reports of previous years can be made.

The School Savings Report of the Whitman Savings Bank for the year ending in June 1940 is as follows:

Deposits made by enrolled pupils	
July 1, 1939 to June 30, 1940	\$2,671.99
Withdrawals July 1, 1939—June 30, 1940	439.39
Net savings by enrolled pupils	
July 1, 1939—June 30, 1940	2,232.60
Bank balance of enrolled pupils	
June 30, 1940	48,827.03
Amounts credited to individual	
accounts of pupils	\$48,039.11
Amounts not transferred, credited to pupils collectively	
by schools	787.92
Average number of depositors each week	331
Average gross deposit per pupil participating	\$4.24
Average net savings per pupil participating	3.54
Transferred July 1, 1939—June 30, 1940	\$2,274.00

### HEALTH

The health program of the school department has continued along its usual lines. At the opening of the year in September children were inspected for cleanliness and symptoms of communicable diseases, particularly those of the skin and hair. Pupils in grades one to six inclusive were weighed and measured, and cards sent to their parents. The usual physical examinations were completed early in the year and parents were notified of defects which were found. One apparently healthy child was found suffering from a severe heart ailment and was referred to the family physician for the treatment necessary to avert more serious trouble. The hearing of pupils in grades four, five, six, seven and ten was tested by the new 4C audiometer owned by the department but this work could be carried on more efficiently and extensively if additional equipment could be purchased so that groups of twenty or thirty pupils could be tested simultaneously, instead of ten as at present.

The tuberculosis prevention program this year has included the follow-up care of eighteen pupils, who were X-rayed and given physical examinations. Through the sponsorship of the Whitman Visiting Nurse Association and Massachusetts Catholic Woman's Guild four children were sent to the Bailey Health Camp for eight weeks, the Whitman Kiwanis Club furnished milk for school children who needed it and for whom it could not otherwise have been provided, through the help of the Red Cross several children were enabled to have defective tonsils removed, the Visiting Nurse Association furnished glasses for seven children and provided dental care for nine children, and the Bostonian Club and Telephone Girls provided shoes, rubbers and ski suits for needy children. The interest manifested and assistance given by these organizations is extremely valuable and much appreciated.

The usual Home-Making Classes for high school girls were conducted by Miss Linn and thirty senior girls received official certificates from the National Red Cross as a result of taking the course. During November Miss Linn further increased the effectiveness of her service to our schools by attending an Instructor's Course in First Aid conducted by the Red Cross where she received a certificate authorizing her to teach classes in First Aid.

The statistical report of the health program of the year is as follows:-

### STATISTICAL REPORT

#### Report of Examinations by School Physicians

Number of defects corrected	76
Number of notices sent home for defective tonsils	124
Number of notices sent home for hardened wax in ears	13
Number of notices sent home for defective hearts	14
Number of notices sent home for enlarged cervical glands	9

**Report of School Nurse**

Number of school visits	293
Number of home visits	476
Number of children recommended for exclusion from school	39
Number of symptoms of communicable diseases	24
Number of symptoms of skin diseases	11
Number of symptoms of scalp diseases	4
Number of children taken home from school	50
Number of class periods taught at High School	45

**Report of Audiometer Test**

Number of children tested	537
Number of children re-tested	33
Number of children with defective hearing	21
Number of new cases	11
Number of old cases	10
Number of cases discharged	5

**Report of Tuberculosis Prevention Program**

Number of pupils X-Rayed	18
Number of pupils given physical examinations	8
Number of pupils found to be improved	4
Number of pupils recommended for further follow-up	14

**PHYSICAL EDUCATION**

The physical education program has been continued this year along the usual lines and with the same staff in charge as in recent years.

Outside activities for high school boys have been somewhat handicapped because of the work being done on the athletic field, and for this reason it was also necessary to play our inter-school baseball games on the Whitman Park grounds. The afternoon program for Junior High School boys was carried on as usual with eighty-three boys playing soccer, sixty-four playing basketball, and seventy-four playing baseball.

In the girls' athletic program at the Junior High School, seventy girls played soccer, sixty-five played basket ball, and a group of about twenty are training for participation in the gymnasium exhibition. At the High School, seventy girls played speedball in the fall, 117 played intramural basket ball, and later competed in an interclass tournament, and there were 65 candidates for the high school team, with the squad later reduced to about 30 so that it might be handled effectively. In the spring the girls will be able to enjoy badminton, softball, and to secure training in the techniques of tennis.

In spite of the fine interest and participation in athletic games, it is quite possible, if not probable, that the permanent benefits of the physical education program result from the more formal training in health education which our pupils receive. As usual, all pupils in grades one to seven and the girls in grades seven through ten are given the Brancroft-Triple-Posture Test, and foot examinations are given to detect infection or structural defects, with notices sent home where cases needing special attention are found. In the program for High School girls, one hour per week for about four months of the year is also devoted to a course in health education, so planned that at the end of two years a well-planned course in this field has been completed.

## **DRAWING AND MUSIC**

We continue to be fortunate in having as teachers and supervisors of drawing and music the same competent staff as in recent years, and successful work in these fields has therefore been uninterrupted.

The high school choruses, selected groups from the elementary schools, the school orchestra, and school band have taken their usual part in school and public programs with credit to themselves and their

instructors, and to the pleasure of those in the groups before whom they have appeared.

From the comprehensive and detailed reports of our drawing supervisors, it is evident that the work in that department is well organized and administered. In the first seven grades, topical outlines of the minimum essentials of the work to be covered have been prepared and placed in the hands of the building principals, and these have been supplemented by carefully selected reference material which has also been filed with the principals. In the upper grades, and especially in the High School, the work becomes more completely directed by the supervisor, and in the case of the advanced high school classes it is almost an individual program for pupils electing this subject. In these classes definite and appropriate problems are assigned from carefully selected textbooks in the various applications of drawing, and are used both as a basis for attaining the objectives of the course and to ensure the maintenance of suitable standards of accomplishment.

This year the drawing supervisors co-operated with the State Director of Art in the observation of National Art Week in November. The moving picture films "We Are All Artists", "The Pottery Maker", and "The Making of a Stained Glass Window" were shown to five classes in the High School and six classes in the Junior High group. These groups made an especial study of the subjects treated by the films with written reports, chart making, and illustrative drawings as a part of the work. Following the showing of the films on pottery making, Miss Corbet gave demonstrations of pottery making to both elementary and high school classes and exhibited pieces of pottery which she had made in connection with her work at the Plymouth Pottery School. Other activities especially associated with Art Week included special emphasis on beauty and order in rooms, corridors, and

buildings, and the contribution which personal cleanliness, neatness of clothing, and correct posture can make to the attractiveness of school rooms. Special attention was also given to the arrangement of the work displayed on bulletin boards, prints of paintings by American artists were displayed on bulletin boards during the week, picture study was correlated with the work in English composition and history, pictures in the class rooms were studied and rearranged, and articles loaned by pupils were exhibited. As a permanent addition to the material available in teaching art appreciation, a group of twenty-six color prints from "Living American Art" was also purchased and will be used throughout the system at appropriate times.

### HIGH SCHOOL

The report of the Principal of the High School shows a September enrollment of five hundred and thirty-eight pupils, or seven less than in September 1939; a better distribution of the size of recitation groups than we have heretofore been able to attain, with 69.8% of the classes enrolling over twenty pupils each; and the same teacher-pupil ratio as last year, of one to twenty-five. As for many years, the school has been classified as a "Class A" school by the State Department of Education, and it also continues to retain the certificate privileges granted by the New England College Entrance Examination Board.

Results from the usual testing program last June continue to indicate highly commendable work by both teachers and pupils. When the national means attained by the schools of the East, Middle West, and Far West, where the "Co-operative" tests were used, were compared with the results from our High School, we found that in twenty of the twenty-two subjects tested, our mean scores were higher than the "National Mean" established for the above schools, and that in

six standard achievement tests given in other subjects, our median scores were higher than the national medians in all the subjects tested.

The guidance program, under the direction of Mr. Patterson, has been extended to include both seniors and juniors this year, and, since the individual conference method is being used, two periods of the regular school session as well as much time in the afternoon are required for this work. In connection with the program this year, displays relative to various occupations have been furnished by School Service, and following the displays the pupils interested have been addressed by an expert in the particular field covered that week. In addition to these talks, the seniors and juniors as a group are given addresses by competent individuals on general guidance problems, and Mr. Lane, who has been in charge of the program since Mr. Patterson's resignation, is taking groups of seniors to the talks given in the Vocational Institute at Northeastern University on Saturdays.

In the commercial department the program for senior classes has been so reorganized that practice in the operation of office machines is being taught. At present the arrangement is working excellently and the added training should assist our graduates to secure and retain positions. As in the case of the guidance program, this change also has thus far been accomplished without adding to our teaching staff.

Pupil organizations have continued to function with their customary effectiveness. The Dramatic Club closed a successful year with a public performance in April, the Senior Play was very successful and attracted a larger audience than for several years, the Literary Club is increasing the scope of its work and becoming one of the most important organizations in the school, the Athletic Association has an enrollment of nearly five hundred members, and the Photography

Club gave another excellent exhibition of its work on the night of the evening session, has increased in membership, and with the purchase of an enlarger at a cost of twenty dollars has begun the task of securing equipment of its own for the dark room. The Student Council continues to function effectively and has had an active year in addition to its regular duties. It conducted an infantile paralysis campaign in the school and secured almost one hundred per cent cooperation on the part of the pupils, it again conducted a Junior Red Cross drive in the fall and obtained nearly five hundred memberships, it conducted its annual Christmas tree, collecting books, toys and clothing which were turned over to the Welfare Department of the town for distribution, it sponsored carol singing in the gymnasium at recess during the week before the Christmas vacation, securing the participation of most of the student body, it again conducted dancing classes for beginners, and it designed, purchased the material for, and built a bicycle rack at the rear of the building with spaces to accommodate fifty-two bicycles. For nearly a year the Council has been working on a plan to limit pupil participation in extra-curricular activities and with the plan now completed the Council hopes to have it put into effect during the last part of the school year. With its long list of accomplishments the Council is a distinct asset to the school, furnishes a rather conspicuous example of training in the democratic way of administering group activities, and reflects a great deal of credit on the pupils composing its membership and the teachers who act as councillors for the group.

The only formal exhibition of the school work of the year was that of the Household Arts Department. It included a display of the work done by all classes in the department together with a style show in which each girl had an opportunity to model garments which

she had made. The exhibition was open to the public and the constantly increasing interest in it was shown by the fact that nearly every seat in the assembly hall was occupied on that afternoon.

### **ELEMENTARY SCHOOLS**

Although the September enrollment in the elementary schools was nineteen less than that of a year ago the distribution of pupils was such that the teaching load was not especially affected. On a grade basis, the larger and more significant variations are included in decreases of eighteen pupils in grade eight, nine in grade four, and ten in grade two. These were considerably offset by an increase of fourteen pupils in the enrollment of grade six, and another of eleven pupils in grade three. The variations in the enrollment in other grades were very small and not particularly significant.

When the initial school organization in September was completed it became apparent that double-grade rooms with rather large enrollments in the Corthell and Gurney schools could be abolished by the addition of a teacher in both these buildings. In view of the advantages which it was felt would result from a greater opportunity for more adequate personal work with the pupils the Committee voted to effect this reorganization, and I am glad to report that our only remaining double-grade rooms are now the fourth and fifth, and fifth and sixth grade groups at the Reed School. If funds permit it, and the enrollment makes it justifiable, the addition of one more teacher at the Reed School will entirely abolish double-grade rooms in our organization.

### **CHANGES IN TEACHING STAFF**

Although resignations from our teaching staff were not so numerous as in the preceding year they continue to impair the efficiency of our system, and

this situation seems likely to persist so long as our relatively low salary schedule remains in effect.

In the High School Mr. Louis J. Bush resigned in March after only five months of service in our system, and Mr. Alvah G. Patterson resigned in December to accept the principalship of the high school in Dighton, Massachusetts. In the elementary schools Miss Esther Holbrook resigned at the end of the year because of her approaching marriage and Mrs. Jennie M. Howe passed away on May 9, 1940 while still a member of our teaching staff. Mrs. Howe was the senior member of our group and at the end of the year would have completed forty-five years of service in the schools of Whitman. Such a contribution to the youth of a community is both a rare privilege and an unusual accomplishment, its value is beyond measure and its influence never ending.

Transfers and appointments to the staff to fill the above vacancies and the positions resulting from the discontinuing of double-grade rooms at the Corthell and Gurney schools have been made as follows: In September Miss Bertha Hinkley was transferred from the Reed School to the second grade at the Dyer School and in December Mr. Leo J. Lane was transferred from the Junior High School to the vice-principalship of the High School.

Mr. B. Russell Meinhold was elected to fill the vacancy in the high school science department and began his work with us in April. Mr. Meinhold is a Whitman High School graduate, has received the B. S. degree from Boston University, the degree of M. S. in Education from Boston Teachers College, and has had successful teaching experience in South Hanson and in Pembroke High School. New teachers elected to the elementary staff are Miss Rachel Clift, who was assigned to the second grade at the Reed School, Miss Marie Randall, who has been assigned to the sixth

grade at the Junior High School, Miss Rosalie Hatchfield who is teaching the third grade at the Gurney School and Mrs. Barbara K. Williams who is teaching the third grade at the Corthell School. Miss Clift, Miss Randall, and Miss Hatchfield are all graduates of the Whitman High School, and before her marriage Mrs. Williams was for several years a successful teacher in our system. Miss Clift is a graduate of the Perry Kindergarten Normal School and has had successful teaching experience in the schools of Hanover, Massachusetts. Miss Randall holds a degree from the State Teachers College at Bridgewater and taught successfully for two years in Vermont and one year in East Bridgewater, Massachusetts, before coming to Whitman. Miss Hatchfield also holds a degree from the State Teachers College at Bridgewater and while an undergraduate did practice teaching in the schools of Whitman, and Mrs. Williams is a graduate of the State Normal School at Fitchburg with successful experience in several Massachusetts school systems including our own.

### **SCHOOL DEPARTMENT EXPENDITURES**

Because of budget restrictions expenditures of the year have been somewhat limited. The larger items of expense for the maintenance of school property are as follows.

At the High School the outside woodwork, and all window frames, window sash, outside doors, door frames, and the flag pole were painted, window stools were varnished and room walls were painted and ceilings calcimined where needed, the velour window draperies and stage curtain in the assembly hall were relined, dyed, and repaired, and the floor of the gymnasium was thoroughly buffed with a sanding machine, and the surface refinished with a material especially recommended for gymnasium floors.

In the elementary buildings basement walls and pipe rails were painted at the Junior High School, and the entrance doors were painted and varnished. At the Corthell, Dyer, Gurney and Reed schools all window sashes were painted and window stools varnished, and the school room furniture in the Corthell and Reed schools was refinished in most of the rooms. The platform and steps at the west entrance to the Gurney school were rebuilt, and much needed lavatories were installed in the rest rooms at both the Corthell and Gurney buildings.

Another highly desirable modernization of our school plant has been accomplished through the W.P.A. project at the Dyer School basement. This was of course not a school department expenditure, but the excellently lighted and thoroughly modern lavatories installed in the basement, and the provision of separate toilet rooms for the use of adults have added greatly to the attractiveness and usability of the building.

### **SCHOOL DEPARTMENT NEEDS**

The development of the High School athletic field should be completed as soon as possible so that this area can be used in carrying on our athletic program.

The playgrounds at the Corthell, Dyer, Gurney and Reed schools should be graded and surfaced with some type of tarvalithic or similar material.

The possibility of modernizing the lavatories and heating plants at the Corthell and Gurney schools should be given careful consideration.

The High School should be provided with additional cabinets to provide space for the storage of

equipment in the physics laboratory, cooking room, sewing room and drawing room, and for properly storing the music used by chorus groups and the orchestra. The rooms now without cabinet space should be provided with book cases, additional filing units are needed in the office and for some of the rooms, a number of locks in the boys locker room should be replaced, folding chairs for the orchestra and band are needed, the lighting units in the locker rooms and room five should be changed, a new sound moving picture projector should be purchased, and additional books should be purchased for the school library.

### SALARY STATISTICS

In order to obtain accurate and comprehensive information concerning the salaries of teachers in the eighty-three Group II towns in Massachusetts with a population of five thousand or over, a questionnaire was sent to these towns in December of 1939 and the data received were tabulated early in 1940. A summary of this tabulation is hereby presented as a matter of record. Sixty-three of the towns of Group II sent replies to the questionnaire, and of the twenty which failed to reply fifteen are larger than Whitman and are almost without exception towns which have higher salary schedules than the other municipalities in this group. In Table I which follows the "median" is the middle salary of the teachers of the respective grade groups as reported by the sixty-three replies received, and is compared in each instance with the **maximum** salary paid in Whitman as of December 1940.

TABLE I

	Median salary in 63 Group II towns.	Maximum sal- ary of Whitman schedule, Decem- ber 1940.	Amount by which the Group II median exceeds the Whitman maximum.
Classroom Teachers, Grades I-VI	\$1,450.00	\$1,350.00	\$100.00
Classroom Teachers, Grades VII & VIII, or Junior High School—			
Women	1,550.00	1,350.00	200.00
Men	1,750.00	1,500.00	250.00
Classroom Teachers, High School—			
Women	1,750.00	1,440.00	310.00
Men	1,950.00	1,800.00	150.00
Teaching Principals, Elementary School—	1,650.00	1,485.00 (women)	165.00
Supervising Principals, High School—	3,250.00	2,970.00	280.00

Since in order of population Whitman is about in the middle of the Group II towns, it seems reasonable to assume that its salary schedule maximums should likewise be approximately the same as the median salaries of the group. This much-to-be-desired situation will be attained as soon as Whitman joins the two hundred eighty-three municipalities of Massachusetts in which no salary reductions are now in effect. At present we are one of the twenty-seven places where the original reduction has not been at least partially discontinued.

## PARENT-TEACHER ASSOCIATIONS

As a result of the earnest efforts of those interested, the Parent-Teacher Associations which were formed at all the school buildings during the year now appear to have developed a type of organization which seems to be well adapted to the existing situation in Whitman. The meetings already held have furnished an opportunity for the establishment of a friendly, informal relationship between the school and the home which is thoroughly wholesome and which promises to be very helpful in successfully meeting the problems presented by pupils as individuals. As the associations become even better established they seem likely to contribute much that is valuable to the efficient functioning of our educational program.

## CONCLUSION

In closing may I once more express appreciation of the interest taken in their schools by the parents and other citizens of the community, and commend the efficient service rendered by the teachers and other members of the School Department staff. It is of course unnecessary to add that, as always, much of the credit for the successes of the work of the year is due to the unselfish service so freely contributed by the members of the School Committee.

Respectfully submitted,

F. E. HOLT,

Superintendent of Schools.

## HIGH SCHOOL GRADUATION

The graduating exercises of the Class of 1940 of the High School were held at the Town Hall on the evening of June 14, 1940. The program was as follows:

Invocation

Rev. Alfred M. Longmire

A Word of Welcome

President Thomas Beland

Music—(Memories  
(The Waltz

Irish-Loomis  
Strauss-Stoughton

High School Chorus

Essay—Character, The Foundation of a Successful Life  
Mary Marie Tirrell

Music—Overture, "Western World"

E Chenette

High School Orchestra

Essay—Character, Its Practical Applications to Life  
Priscilla June Chapman

Music—It Cannot be a Strange Countree  
(Song of the Immigrant)  
Senior Double Quartettes

Pepper

Presentation of Diplomas

Mr. Frederick A. Meier, Jr.

Award of Class of 1924 English Prize to Mary Tirrell

Award of Washington and Franklin History Medal to Thomas Beland

Award of Rensselaer Polytechnic Institute Medal to William Tirrell

Award of Whitman High School Alumni Association Medal to Priscilla Chapman

Award of Whitman Woman's Club Scholarship to Mary Tirrell

Award of Whitman High School Alumni Association Scholarship to Dorothy Hamilton

Award of Preston Gurney-Jewell Prizes

Essay: To Joan MacRoberts

Poem: To Mary Tirrell

Selections from Junior Class for Honorary Membership in The  
Whitman Woman's Club

Frances Harrington and Gladys Tamkun

Presentation of Prizes awarded in The Ellen Conway Spellman  
Prize Contest. First Prize to Louise Goss, Second Prize to  
Frances Harrington

Award of Eugenia F. Lovell Medal to Dorothy Hamilton

Music—Class Ode — Dorothy Louise Hamilton, Thomas Joseph  
Beland

Senior Class

## SUMMARY OF STATISTICS

### 1. Attendance Figures

Population of town January 1, 1940	7,638
Number of children between 5 and 16 years of age in town October 1, 1940	1,097
Number of children between 5 and 7 years of age	185
Number of children between 7 and 16 years of age	912
Total school membership for 1939-1940	1,499
Decrease from preceding year	10
Average school membership for year 1939-1940	1,394
Decrease from preceding year	4
Average attendance of pupils 1939-1940	1,345
Increase from preceding year	5
Percent of attendance	96.1
Increase from preceding year	1.4

### 2. Cost of Schools, etc.

Valuation of town 1940	\$7,712,290.00
Decrease from preceding year	24,470.00
Total amount raised by local taxation	289,092.25
Increase from preceding year	2,296.18
Rate of taxation per thousand	36.80
Increase from preceding year	.40
Cost of Schools 1940	109,779.45
Increase from preceding year	130.17
School department revenue 1940	29,643.74
Net expenditures for schools from local taxation 1940	80,135.71
Net cost of schools for every thousand of valuation	10.39
Average cost per pupil, based on average membership	78.75
Increase from preceding year	.37
Cost of schools 1940 exclusive of repairs, upkeep and equipment	105,986.28
Decrease from preceding year	35.14
Average cost per pupil, exclusive of repairs, upkeep and equipment	76.03
Increase from preceding year	.25

## Report of the Finance Committee

---

The Finance Committee herewith submits its report and recommendations covering appropriations asked for the year 1941, with estimates as submitted by the various departments and the combined appropriations, plus transfers for the year 1940.

The Committee held twenty-three meetings during the year 1940 with an average attendance at each of seven members. Of these meetings, fifteen were held for the purpose of preparing the last annual budget; the other eight were routine monthly and special meetings held at the request of the Selectmen.

The Finance Committee recommends that the town adopt a by-law requiring all orders or requisitions issued by any department for material or supplies, be counter-signed by the Town Accountant, to show that there are funds available to meet the commitment. The Town Accountant shall make a memorandum of the amounts of these commitments against the proper appropriation.

The costs of the various Welfare Appropriations still remain at a high figure, but we believe that the Public Welfare Aid costs should be materially reduced during the coming year, and we have made our recommendations accordingly. We also recommend a committee to look into the possibilities of employing a trained investigating agent for the Welfare Department. This has been and is being done in various towns with very good results.

Your Committee have again this year tried to keep their recommendations to a minimum, and at the same time, approve an amount sufficient to maintain a proper degree of efficiency in Town affairs.

If the recommendations of your Committee are followed, the tax rate for 1941 will be approximately \$39.00 instead of \$52.32 which would be the rate if all estimates asked for by the various departments, and all special articles in the Town Warrant were approved.

We again call the attention of the voters to the fact that for approximately every \$7,500.00 you appropriate in Town Meeting in excess of the recommendations of your Finance Committee you raise your tax rate \$1.00.

The table which follows shows how we have arrived at our estimated tax rate.

Estimates	Recommendations	
\$437,389.26	\$396,706.21	—General Government Expenses
41,500.00	41,500.00	—Estimated State and County Taxes, etc.
129,617.51	47,554.15	—Special Articles in Warrant
<hr/>	<hr/>	
\$608,506.77	\$485,760.36	
185,000.00	185,000.00	—Estimated Revenue
<hr/>	<hr/>	
\$423,506.77	\$300,760.36	—Estimated Tax Levies
\$52.32	\$39.00	—Estimated Tax Rate based on Estimated Valuation of \$7,711,800.00

The Finance Committee acknowledges the co-operation and assistance given it by the various Departments, Town Officials, and Voters during the past year.

SIGNED:

Total		\$2,987.14

**The Finance Committee Recommends on Advice of Town Counsel \$2,987.14.**

Article 7. To see if the town will vote to authorize the Selectmen, for a nominal consideration, to convey and transfer by proper deed to Squanto Council, Inc., Boy Scouts of America, a certain parcel of town-owned land situated off the southerly side of Temple Street, containing about 38 acres, more or less, and being lots No. 161, No. 162, No. 171, and No. 308, Whitman Town Plan No. 21, Block No. 8, for use by all boy scouts of the Town of Whitman, or take any action relative thereto.

**The Finance Committee Recommends, with the provision that should Boy Scouts cease to use said land, the title shall revert to Town.**

Article 8. To see if the town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the Tri-Town Armistice celebration, or take any action relative thereto.

**The Finance Committee Recommends \$500.00**

Article 9. To see if the town will vote to raise and appropriate the sum of one thousand eight hundred twenty dollars (\$1,820.00) for services and two hundred fifty dollars (\$250.00) for expenses of W.P.A. administration, or take any action relative thereto.

**The Finance Committee Recommends \$2,070.00**

Article 10. To see if the town will vote to raise and appropriate the sum of one thousand two hundred dollars (\$1,200.00) for the operating expenses of the Food Stamp Plan, or take any action relative thereto.

**The Finance Committee Recommends \$1,200.00**

Article 11. To see if the town will vote to raise and appropriate the sum of three thousand three hundred dollars (\$3,300.00) for W.P.A. expense on Women's Sewing Project, or take any action relative thereto.

**The Finance Committee Recommends \$3,300.00**

Article 12. To see if the town will vote to raise and appropriate the sum of one thousand six hundred eighty eight dollars (\$1,688.00) for the improvement of North Washington Street, said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose; or take any action relative thereto.

**The Finance Committee Recommends \$1,688.00**

Article 13. To see if the town will vote to raise and appropriate the sum of eight thousand five hundred sixty two dollars (\$8,562.00) for the improvement of Franklin Street, said money to be used in conjunction with any money which may be allotted by the State or County, or both for this purpose, or take any action relative thereto.

**The Finance Committee Recommends \$8,562.00**

Article 14. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) for road maintenance under Chapter 90; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, or take any action relative thereto.

**The Finance Committee Recommends \$1,000.00**

Article 15. To see if the town will vote to raise and appropriate the sum of two thousand two hundred dollars (\$2,200.00) to purchase a Sargent-Cletrac Sidewalk Plow, or take any action relative thereto.

**The Finance Committee Recommends \$2,200.00**

Article 16. To see if the town will vote to raise and appropriate the sum of eleven hundred dollars (\$1,100.00) to purchase cruising car and ambulance combined to be used by the Police and Welfare Departments, or take any action relative thereto.

**The Finance Committee Recommends \$900.00**

Article 17. To see if the town will vote to raise and appropriate a sum of money for the purchase of a truck for Forest Fire work or take any action relative thereto.

**The Finance Committee Do Not Recommend**

Article 18. To see if the town will vote to raise and appropriate the sum of thirty thousand three hundred and sixty one dollars and eighty eight cents (\$30,361.88) to purchase, materials, supplies and equipment rentals for W.P.A. water project on the following streets: School Street, Fullerton Avenue, South Washington Street, Temple Street, Commercial Street, Benson Street, Arthur Street, Belmont Street, Pine Street, Burton Avenue, Park Avenue, Blake Street and Charles Street, or take any action relative thereto.

**The Finance Committee Recommends \$30,000; \$5,000 to be raised in Levy of 1941 and the balance to be borrowed over a period not to exceed five years.**

Article 19. To see if the town will vote to raise and appropriate the sum of one thousand two hundred fifty dollars (\$1,250.00) to defray cost for services required in the adjustment of properties abutting town lines at sidewalk construction, said amount to be expended under direction of the Board of Selectmen, or take any action relative thereto.

**The Finance Committee Recommends \$1,250.00**

Article 20. To see if the town will vote to raise and appropriate the sum of six hundred fifty five dollars and sixty five cents (\$655.65) to purchase materials, supplies, and equipment rentals for W.P.A. project for the installation of storm water drain on Plymouth Street from No. 781 to No. 749, a distance of 730 feet, or take any action relative thereto.

**The Finance Committee Recommends \$655.65**

Article 21. To see if the town will vote to raise and appropriate the sum of three hundred dollars (\$300.00) to purchase materials, supplies, and equipment rentals for W.P.A. project for the installation of storm water drain on Gold Street, from Washington Street to Silver Street 500 feet, or take any action relative thereto.

**The Finance Committee Recommends \$300.00**

Article 22. To see if the town will vote to raise and appropriate the sum of one hundred twenty six dollars (\$126.00) to purchase materials, supplies, and equipment rentals for W.P.A. project for the clearing of the channel at Beach Hill Brook, or take any action relative thereto.

**The Finance Committee Recommends \$126.00**

Article 23. To see if the town will vote to raise and appropriate the sum of nine hundred six dollars and forty eight cents (\$906.48) to purchase materials, supplies, and equipment rentals for W. P. A. project for installation of storm water drain on Brigham Street, from the existing drain to last house north, or take any action relative thereto.

**The Finance Committee Recommends \$906.48**

Article 24. To see if the town will vote to raise and appropriate the sum of one thousand ninety two dollars and forty four cents (\$1,092.44) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct drain on Beal Avenue, or take any action relative thereto.

**The Finance Committee Do Not Recommend**

Article 25. To see if the town will vote to raise and appropriate the sum of nine hundred eighty seven dollars and thirty five cents (\$987.35) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct drain on Plymouth Street, from residence of Mr. Weaver to brook east of Simmons Avenue, or take any action relative thereto.

**The Finance Committee Do Not Recommend**

Article 26. To see if the town will vote to raise and appropriate the sum of one hundred twenty dollars (\$120.00) to construct retaining wall on the property of Leroy Grinnell, Washington Street, or take any action relative thereto.

**The Finance Committee Recommends \$120.00**

Article 27. To see if the town will vote to raise and appropriate the sum of six hundred dollars (\$600.00) to purchase materials, supplies, and equipment rentals for W.P.A. project for construction of tool shed and graveling of roads and trails at the Town Forest, or take any action relative thereto.

**The Finance Committee Recommends \$300.00 for graveling roads and trails.**

Article 28. To see if the town will vote to raise and appropriate the sum of twenty five dollars (\$25.00) to purchase materials, supplies, and equipment rentals for W.P.A. project for the classification of records in the town hall vaults, or take any action relative thereto.

**The Finance Committee Recommends \$25.00**

Article 29. To see if the town will vote to raise and appropriate the sum of seventy-five dollars (\$75.00) to purchase materials, supplies, and equipment rentals for W.P.A. project for the necessary research and indexing veterans' graves of all wars, or take any action relative thereto.

**The Finance Committee Recommends \$75.00**

Article 30. To see if the town will vote to raise and appropriate the sum of nine hundred seventy five dollars (\$975.00) to purchase materials, supplies, and equipment rentals for W.P.A. project for the installation of Steel I Beams, for building support, and the cementing of the basement floor at the Dyer School, or take any action relative thereto.

**The Finance Committee Recommends \$975.00**

Article 31. To see if the town will vote to raise and appropriate the sum of nine thousand six hundred seventy one dollars and fifteen cents (\$9,671.15) to purchase materials, supplies, and equipment rentals for W.P.A. project for the grading and seeding of the grounds, construct cinder track, erect fence, at the high school, or take any action relative thereto.

**The Finance Committee Recommends \$2,000.00**

Article 32. To see if the town will vote to raise and appropriate the sum of seven hundred seventeen dollars and twenty six cents (\$717.26) to purchase materials, supplies, and equipment rentals for W.P.A. project for the installation of proper drainage and tarvia surface on Regal Street from South Avenue to the end of the street, or take any action relative thereto.

**The Finance Committee Do Not Recommend**

Article 33. To see if the town will vote to raise and appropriate the sum of one thousand three hundred fifty six dollars and eighty two cents (\$1,356.82) to purchase materials, supplies, and equipment rentals for W.P.A. project to renovate grounds and erect fence at the Dyer School, or take any action relative thereto.

**The Finance Committee Recommends \$1,356.82**

Article 34. To see if the town will vote to raise and appropriate the sum of one thousand four hundred thirty nine dollars and forty four cents (\$1,439.44) to purchase materials, supplies, and equipment rentals for W.P.A. project to repair fence and renovate grounds at the Reed School, or take any action relative thereto.

**The Finance Committee Recommends \$1,439.44**

Article 35. To see if the town will vote to raise and appropriate the sum of one hundred forty one dollars, and nineteen cents (\$141.19) to purchase materials, supplies, and equipment rentals for W.P.A. project for a tarvia surface on Whidden Avenue Extension, or take any action relative thereto.

**The Finance Committee Do Not Recommend as this is in Highway Budget.**

Article 36. To see if the town will vote to accept the layout of Vincent Street, so called, as per plans and description on file at the town clerk's office, or take any action relative thereto.

Article 37. To see if the town will vote to raise and appropriate the sum of five hundred fifty seven dollars and eighty eight cents (\$557.88) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct Vincent Street, so called, with tarvia surface, or take any action relative thereto.

**The Finance Committee Do Not Recommend**

Article 38. To see if the town will vote to accept the layout of Glenwood Street, so called, as per plans and description on file at the office of the town clerk, or take any action relative thereto.

Article 39. To see if the town will vote to raise and appropriate the sum of four hundred twenty eight dollars and seventy four cents (\$428.74) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct Glenwood Street, so called, with tarvia surface, or take any action relative thereto.

**The Finance Committee Do Not Recommend**

Article 40. To see if the town will vote to raise and appropriate the sum of six hundred ninety seven dollars and ten cents (\$697.10) to purchase materials, supplies, and equipment rentals for W.P.A. project for building of Willard Avenue, with proper drainage; also the cleaning of an open drain in the rear of residences on the north side of Temple Street and running under said Willard Avenue, or take any action relative thereto.

**The Finance Committee Do Not Recommend**

Article 41. To see if the town will vote to raise and appropriate the sum of one thousand one hundred ninety seven dollars and eight cents (\$1,197.08) to purchase materials, supplies, and equipment rentals for W.P.A. project for the rebuilding of Webster Street, with tarvia surface, or take any action relative thereto.

**The Finance Committee Do Not Recommend**

Article 42. To see if the town will vote to raise and appropriate the sum of two hundred thirty nine dollars and forty one cents (\$239.41) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk on School Street, South from Harvard Street to Nursery Street 350 feet, or take any action relative thereto.

**The Finance Committee Recommends \$239.41**

Article 43. To see if the town will vote to raise and appropriate the sum of eight hundred thirteen dollars and thirty seven cents (\$813.37) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk on Beulah Street, west side, from Vaughan Avenue to Chestnut Street, 1,200 feet, or take any action relative thereto.

**The Finance Committee Recommends \$813.37**

Article 44. To see if the town will vote to raise and appropriate the sum of five hundred thirty five dollars and fifty eight cents (\$535.58) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk on Blake Street, west side, from South Avenue to Park Avenue, 878 feet, or take any action relative thereto.

**The Finance Committee Recommends \$535.58**

Article 45. To see if the town will vote to raise and appropriate the sum of two hundred thirty seven dollars and ninety cents (\$237.90) to purchase materials, supplies, and equipment rentals for W.P.A. project for construction of head wall and wire guard fence at canal on Raynor Avenue, or take any action relative thereto.

**The Finance Committee Recommends \$150.00**

Article 46. To see if the town will vote to raise and appropriate the sum of four hundred sixty four dollars and seven cents (\$464.07) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk on Park Avenue, east side, from South Avenue to bend in road, 700 feet, or take any action relative thereto.

**The Finance Committee Recommends \$464.07**

Article 47. To see if the town will vote to raise and appropriate the sum of one thousand fifty four dollars and five cents (\$1,054.05) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk on Raynor Avenue, west side, from South Avenue to Whidden Avenue, 1,750 feet, or take any action relative thereto.

**The Finance Committee Recommends \$1,054.05**

Article 48. To see if the town will vote to raise and appropriate the sum of two hundred sixty six dollars and seventeen cents (\$266.17) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk on Commercial Street, south side, 350 feet, or take any action relative thereto.

**The Finance Committee Recommends \$266.17**

Article 49. To see if the town will vote to raise and appropriate the sum of six hundred twenty four dollars and forty three cents (\$624.43) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk, and curb on Vaughan Avenue, south side, and curb only on north side, (450 feet of walk and 750 feet of curb) or take any action relative thereto.

**The Finance Committee Recommends \$300.00 for sidewalk.**

Article 50. To see if the town will vote to raise and appropriate the sum of nine hundred twenty dollars and ninety cents (\$920.90) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk on Essex Street, west side, from Park Avenue, 1,000 feet, or take any action relative thereto.

**The Finance Committee Recommends \$920.90**

Article 51. To see if the town will vote to raise and appropriate the sum of nine hundred seventy six dollars and sixty four cents (\$976.64) to purchase materials, supplies, and equipment rentals for W.P.A. project for rotary traffic circle at the junction of Raynor Avenue, Essex and Plymouth Streets, or take any action relative thereto.

**The Finance Committee Recommends \$976.64**

Article 52. To see if the town will vote to raise and appropriate the sum of one thousand seven hundred and seventy six dollars and sixty five cents (\$1,776.65) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk on Washington Street, east side, from Commercial Street to East Bridgewater line, 2,720 feet, or take any action relative thereto.

**The Finance Committee Recommends \$1,776.65**

Article 53. To see if the town will vote to raise and appropriate the sum of six hundred dollars (\$600.00) to purchase materials, supplies, and equipment rentals for W.P.A. project for the drainage and grading on Regal Park, or take any action relative thereto.

**The Finance Committee Recommends \$200.00**

Article 54. To see if the town will vote to raise and appropriate the sum of three thousand four hundred sixty two dollars and nine cents (\$3,462.09) to purchase materials, supplies, and equipment rentals for W.P.A. project to construct cement concrete sidewalk and curb on Plymouth Street, east side, from Pleasant Street to town line, 3,250 feet, or take any action relative thereto.

**The Finance Committee Recommends \$1,000.00**

Article 55. To see if the town will vote to raise and appropriate the sum of four hundred forty four dollars and sixty eight cents (\$444.68) to purchase materials, supplies, and equipment rentals for W.P.A. project for the installation of storm water drain on West Street, from Washington to Wilmot Street, 600 feet, or take any action relative thereto.

**The Finance Committee Do Not Recommend**

FRED E. SHARP,

Town Clerk of Whitman

# Report of the Town Accountant

---

To the Honorable Board of Selectmen:

I herewith submit the twenty-fifth annual report of the Accounting Department for the fiscal year ending December 31, 1942.

Owing to printing costs and the scarcity of paper, your Board has requested all departments to make their reports as concise as possible. If there is any particular detail in which citizens are interested, the information can be obtained from the department heads or from this office.

## Report of the Town Treasurer

---

To the Citizens of the Town of Whitman:

As required by statute a report of the Town Treasurer for the year 1942 is herewith submitted. Report is made of only a few of the more important financial transactions as a complete record is to be found in the report of the Town Accountant to which reference is made for an itemized and particular description.

The amount borrowed for temporary revenue loans was \$50,000.00, the smallest amount borrowed for many years. The amount authorized to be borrowed was \$354,782.72. The low interest for temporary loans of the past few years have been current during 1942.

Cash on hand on closing the books December 31, 1942 was \$118,520.60, an all time high amount. The sum of \$754,198.18 was handled during the year, also an all time high.

For the first time in the history of the town no unpaid temporary revenue note is outstanding at the close of the fiscal year. This fact is worthy of particular note as it is probable that Whitman is without doubt one of the few cities or towns in the Commonwealth of Massachusetts where this condition exists. The only unpaid permanent loans are the remaining High School bonds amounting to \$32,000.00 and a food stamp loan in the amount of \$4000.00.

From the foregoing it appears that Whitman may well take pride in its present financial condition.

Respectfully submitted,

ARTHUR T. COLE,  
Treasurer.

# Report of the Board of Selectmen

---

To the Citizens of Whitman :

The Board of Selectmen submit herewith the sixty-eighth annual report for the year 1943.

## CHAPTER 90 HIGHWAY PROJECTS

During 1942 no funds were allocated to the town by the State or County for Chapter 90 Highway construction and no appropriations were made by the town for this purpose. During 1942, however, an allotment of \$1,000.00 each for maintenance of highways was made available to the town by the State and County. The contribution of the town amounted to \$998.16, and maintenance work satisfactory to the State and County was completed on several streets of the town. The Board has been informed that a tentative allotment for maintenance has been made of \$1,000.00 each by the State and County for 1943, and an article for an appropriation by the town of \$1,000.00 will be inserted in the annual warrant.

## GOVERNMENTAL WORK RELIEF PROJECTS

Announcement has been made that governmental work relief projects will be terminated early in 1943 and the Board has requested that all unexpended balances of appropriations for this work be closed as of December 31, 1942. There was little activity in this work during 1942, details of which are included in the report of the co-ordinator included in this issue of the town report.

## FOOD STAMP PLAN

The food stamp plan has operated successfully during 1942, having been taken over by the State during the year. It is understood that this governmental agency will be terminated on March 31, 1943. In this connection, the town in 1941, appropriated \$5,000.00 for the operation of the plan, and this amount was funded to be repaid over a period of five years. Recent legislation permits

the town to use this fund for public welfare purposes, and the Board recommends approval of this action at the annual town meeting. Details of operations for 1942 may be found in the report of the Food Stamp Agent.

### STREET LIGHTING

As at December 31, 1942, street lights in operation in Whitman were as follows:

454-100 c.p. Lights @ \$17.00 per year	\$7718.00
28-250 c.p. Lights @ \$31.00 per year	868.00
30-400 c.p. Lights @ \$42.00 per year	1260.00

Total cost per year	\$9846.00
---------------------	-----------

The total expenditure for street lighting for 1942 amounted to \$9847.68. Although there have been requests for installation of additional street lights during the year, none have been installed as the Board has been advised by the utility serving the town that no new installations may be made for the duration of the emergency.

### SOLDIER'S RELIEF

The Board assisted in the care of 16 cases during 1942, expended \$3449.16 in this connection and recommends an appropriation of \$5,000.00 for the coming year.

### MISCELLANEOUS ITEMS

The Board recommends favorable action by the town for an appropriation to erect an Honor Roll on the Town Hall lawn.

With respect to the W. V. Everson Estate, the Board has been advised that settlement has been effected, Town Treasurer Arthur T. Cole has been appointed Trustee of the Fund in behalf of the Town and has furnished and filed with the Court a \$40,000.00 Bond. It is expected that the \$40,000.00 will be in the hands of the Trustee within a short time and that final disposition of the estate will be accomplished during 1943.

On advise of counsel the Board settled out of Court a case against the Town in connection with an accident claim for personal injuries on South Avenue, the amount of settlement being \$700.00.

As licensing authorities of the Town, the Board in 1942 approved and issued twelve licenses for the sale of alcoholic beverages for the year 1943.

Usual appointments of the various town officers, in addition to ballot clerks, tellers and other election officials, as well as special officers, constables and public weighers were made by the Board. Other routine matters such as the drawing of jurors, hearings and grants for pole locations and removals, the issuance of licenses etc., were taken care of as the occasion required.

The Board acknowledges with appreciation the volunteer services of the Rationing Board, and also the services of the many volunteers who assisted in the various registrations held during the year. The work of the rationing program is rapidly expanding and the Rationing Board deserves commendation for its attention to this exacting civic duty.

Mention has been made in the report of the Town Treasurer that there were no tax anticipation loans during 1942. This is particularly gratifying to the Board and reflects credit upon all the citizens of the Town.

Having in mind the rising costs of publishing the annual Town Report, the Board during the latter part of 1942, requested the various town departments to eliminate subject matter, which the departments considered not essential for its annual report. By so doing, the Board expects that the cost of the 1942 Town Report will not materially exceed that of 1941. Should any citizen desire additional information other than that contained in the Town Report, such information may be obtained from the various departments.

Respectfully submitted,

FRANCIS T. KANE

GEORGE J. HEDDERICG

## Report of the Public Library Trustees

---

To the Citizens of the Town of Whitman:

The eventful year of 1942 has been a busy one at the Whitman Public Library and many citizens have used its facilities to get useful information, inspiration and relaxation.

The war has had an influence on the world of books. The past year has witnessed a flood of books quite different in content from the books of recent years. To mention a few groups—there are books about the many phases of our war effort; books describing conditions within allied, occupied, and enemy countries; and books portraying the lives of the leaders and peoples of those countries. There are the books on the making of the peace and on the remaking of the war torn world. Then there are the vast fields of technical books.

All these books are timely and important, and many requests are received for them. It is impossible to satisfy all of them as we have to provide books for the other departments of the library, and the prices of all books are increasing. However we have built up on our shelves a large and well selected collection of these war and occupation books.

Then there are the old books that have survived the years because they possess something to help and inspire us. Last year we suggested a re-reading of the books of the writers of other days. The suggestion is more pertinent this year when gasoline rationing will result in

more time spent in the home. The shelves of your library hold these great books of the past waiting to instruct and to entertain you.

The public library is an essential part of the American educational system. In these days the liberal arts studies of the schools are being curtailed to make room for more physical, scientific and mechanical education. This places an extra burden on the public library in keeping alive the cultural, historic, and artistic tradition.

We have considered this phase of the work of the public library important. Through the years we have assembled in the library rooms collections, pictures, and other material, in order to preserve for the people of Whitman visible reminders of the art, culture, and history of America and the American way of life. This past year we have enriched the artistic aspect of the library by the purchase, from a fund, of another original painting—"Indian Summer" by Frank Vining Smith.

Much of the material we are not able to exhibit properly because of lack of room. Also, more room is needed to provide a suitable place for a reference and study room for high school pupils.

We express our thanks and appreciation to the librarian and the library staff for their unselfish cooperation in making the library more helpful and useful to the citizens of Whitman.

Respectfully submitted,  
 EUGENIA F. LOVELL, Pres.  
 RANDALL B. COOKE, Sec.

 CHARLES F. FRAHAR

## REPORT OF LIBRARIAN

To the Trustees of the Whitman Public Library:

The following is the report of the Whitman Public Library for the year 1942.

There has been a great demand for new books both fiction and non-fiction. With our increased appropriation, for which we are very grateful, we have purchased nine hundred and fifty books. Many of the non-fiction technical books are being read by defense workers. In January, one thousand seven hundred and sixteen books were collected and sorted by the Girl Scouts, under the direction of Miss Alice Goodrich. These were sent to the Brockton Public Library to be sent from there to camps. Magazines given for the camps have been sent also.

The library is sending books to borrowers who are not able to come for them. Once a week the books are exchanged. This service is very much appreciated and enjoyed by the "shut-ins". Books are loaned to the schools. This helps to increase our juvenile circulation.

The Photography Club of the High School held its annual exhibit in the upstairs reading room in the spring. Mr. McKey, the teacher who directs this work, had full charge of the exhibit. The exhibitors acted as guides to explain the photographs. Many visitors were welcomed and expressed much enjoyment in the exhibit. It was well worthwhile.

### NEW CARD SYSTEM

As is being done in other libraries, a new card system has been adopted during the past year. The large borrower's card has been discarded and in its place a small identification card is used. This has the borrower's name and address and should be presented at the desk whenever a book is taken out. The date due is now stamped on a slip in the back of the book. This seems to be a more accurate system and we think will prove satisfactory to all. This required a new registration which was begun in June.

We now have one thousand five hundred and seven borrowers. We have also a new filing system, the cost of all this was taken from the Mary E. Pierce fund.

## GIFTS

We are very grateful to those who have given so generously to the library. Thirty-five books have been received and many magazines. "Grow your own vegetables" by Dempsey was given by the Woman's Garden Club. Technical and juvenile books have been purchased from the Reed fund, and a new set of World Books from the Sarah Champney fund.

For Book Week we purchased many new books for the younger readers, these books are being enjoyed by both the young and old. With money from the Sarah Champney fund, we added more shelves, as we were very much in need of more shelf room. This makes it possible to display the new books to better advantage. In the sand table, a gift from one of the Trustees, we have many displays which the children enjoy. Our circulation among the younger people is on the increase.

## IN APPRECIATION

The press has been very generous in allowing us space for listing our recent purchases. We have many calls for these books.

The librarian wishes to express her grateful appreciation to the Trustees for their cooperation and support in working out library problems and to the staff for their interest and help.

## REFERENCE WORK

Our reference books are used a great deal by students of the High and Junior High Schools. Many articles in magazines, which are kept on file for three years, are used by them as well.

**Statistics of Circulation**

Received from fines for the year, and handed to the Town Treasurer, \$330.31.

Respectfully submitted,

GRACE W. HOLBROOK,

Librarian.

# Report of the Fire Department

---

To the Honorable Board of Selectmen,  
Whitman, Mass.

Gentlemen :

I respectfully submit this, my annual report of the  
Fire Department for the year ending December 31, 1942.

## ROLL OF THE FIRE DEPARTMENT FOR YEAR 1942

Chief	Leon A. Peterson
Deputy Chief	Robert E. Nesmith
Superintendent of Fire Alarm	Robert Freeman

### ENGINE 1

Captain	Ralph Hatch
Lieutenant	John Raynes

10 MEN

### LADDER CO. 1

Captain	Frank Dexter
Lieutenant	Calvin King

12 MEN

### ENGINE CO. 2

Captain	Elmer Harding
Lieutenant	Arthur Jenkins

10 MEN

### PERMANENT MEMBERS

C. E. Avery	A. H. Wirzburger
R. J. Brigham	C. L. Wurtzburger

### CLERK FOR THE THREE COMPANIES

Ralph Hatch

Engine Co. 1 has answered 91 still alarms, 31 bell alarms, covered 170 miles, used 6 gallons of foamite, laid 13,200 feet of booster hose, 4,900 feet 2½ inch hose, 2,800 feet 1½ inch hose, raised 575 feet of ladder.

Engine Co. 2 has answered 17 still alarms, 15 bell alarms, covered 40.3 miles, laid 3,250 feet 2½ inch hose, 300 feet 1½ inch hose, 2,000 feet booster hose, raised 125 feet of ladder.

Hook and Ladder Co. 1 has answered 1 still alarm, 35 bell alarms, covered 40.7 miles, laid 2,850 feet 2½ inch hose, 300 feet 1½ inch hose, 400 feet chemical hose used, 80 gallons chemicals used, raised 1,167 feet ladder.

Engine Co. 1 has answered two aid calls to Brockton and one aid call to East Bridgewater, also helped the Bridgewater Department at the big factory in Bridgewater.

The location of these fires can be had at the Central Fire Station.

The new 1,500 watt portable lighting system has proven its worth on two or three occasions.

The new 500 gallon trailer pump has met all tests and should be a big help when needed.

I would recommend the purchase of a repeater for the Fire Alarm System, also a new horn or whistle on the East Whitman Fire Station which will not take so much air to blow.

I wish at this time to extend my thanks to Selectmen, Police, Members of the Fire Department, and all who by deed or act have helped me in the performance of my duties.

Respectfully submitted,

LEON A. PETERSON,

Chief Engineer, W. F. D.

## Report of the Forest Fire Warden

---

To the Honorable Board of Selectmen:  
Whitman, Mass.

Gentlemen:

There have been 68 fires of brush and grass origin. Most of these fires were small and put out quickly. The so-called incinerator and back-yard fires have improved with quite a few less of either occurring. However, there is still a big chance for improvement in the back yard fires.

An incinerator is a container which no fire can escape from at any time and should be set where there is no grass or brush near to the same.

Respectfully submitted,

LEON A. PETERSON,  
Forest Warden.

## Report of the Board of Health

---

To the Citizens of Whitman:

The most serious problem confronting your Board the past year was that of Garbage Collection. We received no bids, and after many talks we were able to make a contract the amount to be paid was \$2500.00 per year. This contract runs until June 1, 1943.

At this time there is a possibility that we may not collect garbage after that date. However we are making every effort to renew the contract and we hope that we can present a full report to you at the annual Town meeting on this matter.

The following reports were made to your Board.

Respectfully submitted,

THORNTON A. LANDERS

Health Officer

EVERETT L. TURNER

Acting Chairman and Secretary

## Report of the Dental Hygienist

---

At the School Dental Clinic it is necessary that we limit our fillings to pupils in the first three grades. In these grades we fill only the Six Year Molar which is the first Permanent Tooth. Upon its preservation and care depends, to a great extent, the regularity of all the second teeth. Of the total number of children having defective Six Year Molars, eighty-five percent are treated at the Clinic.

Extraction, for the most part, is of Temporary Teeth. Because the child has received dental attention from the time he has entered school, his Permanent Teeth are usually in good condition, consequently, there is no need for extraction of second teeth.

All pupils in grades one through eight are eligible for a thorough dental examination and cleaning of their teeth. This, of course, is not compulsory but when we note that the majority of all pupils attending school have had their teeth examined or cleaned at the clinic, we realize that parents appreciate and take advantage of this fine community service offered to the children.

Oral examinations (Grades 1-8)	605
Number of cleanings (Grades 1-8)	585
Number of fillings (Grades 1-3)	292
Number of extractions (Grades 1-3)	23

Amount of dental fees collected and returned to the Town \$178.50.

As in previous years, all filling and extraction have been done by local dentists who come to the clinic one morning each week. The work done has been the finest, and in spite of the small cost incurred, material and workmanship have never been sacrificed. To the dentists who have worked at the clinic, I express my sincere thanks. Theirs has been a difficult task, willingly and well done.

Respectfully submitted,

RITA McCARTHY

## Report of the Health Nurse

---

33 Patients have been taken to Plymouth County Hospital for X-Ray and physical examination.

In follow up work I have made 36 home visits.

Respectfully submitted,

DORA R. LANE

## Report of Inspector of Plumbing

---

During the past year 75 permits have been granted and work approved.

There were 215 fixtures installed and \$215.00 in fees collected.

Respectfully submitted,

DAVID J. KAISER

Inspector of Plumbing

## Report of the Inspector of Milk

---

23 Samples of milk have been taken for examination at the laboratory.

Have issued 18 retail milk licenses.

Inspection of dairies has been made.

Respectfully submitted,

S. T. HOWLAND, V. M. D.

## Report of the Inspector of Animals

---

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report as Animal Inspector for the year 1942. Due to the gas and rubber shortage the State Department has decided to cancel the Animal Inspection.

However I have been able to inspect the most of the premises and stock during the year.

Have quarantined 25 dogs suspected of having rabies.

Respectfully submitted,

S. T. HOWLAND, V. M. D.

## Report of the Sealer of Weights and Measures

---

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year 1942.

The number of weighing and measuring devices sealed, adjusted or condemned are as follows:

	Sealed	Adjusted	Condemned
Scales	184	5	7
Weights	441	14	4
Liquid measures	32		2
Dry measures	6		
Gasoline, Oil meters	56	7	
Truck meters	7	3	
Kerosene pumps	5	1	1
Quantity stops	25		
Linear measures	32		
Cloth measuring machines	2		

A check on the weight of package goods, coal, coke and other commodities was made at various times. Also the inspection of pedler's licenses, paper cartons, milk cans and other containers as required by law.

Respectfully submitted,

JAMES T. BEARY

Sealer of Weights and Measures

## Report of the Dog Officer

---

To the Honorable Board of Selectmen

Gentlemen :

As Dog Officer I wish to submit my report beginning January, 1942 and ending December 31, 1942.

During the year I answered 53 complaints, 5 were disposed of for non-payment of taxes; 14 stray dogs were taken from the streets; 10 dogs killed by auto were buried; 7 dogs were quarantined; 10 complaints were investigated for killing fowl and annoying cattle; 565 licenses; 2 kennel licenses.

Respectfully submitted,

JAMES F. TERO

Dog Officer

## Report of Board of Public Welfare

---

To the Citizens of the Town of Whitman:

The year 1942 witnessed a great reduction in the cost of General Welfare Aid due to the rapid pick-up in the industrial field caused by our country entering the war and probably will continue at a low figure for the duration unless something unforeseen should occur. The manner in which the majority of those who had experienced such difficult circumstances during the depression met the situation, was very encouraging: until now about the only ones receiving aid under this category are those whose health does not permit them to work or elderly persons not eligible to receive aid under any other category.

The question of hospitalization will always be with us to an always increasing degree due to the trend of the times toward a more sympathetic attitude of the people for those less fortunate than themselves.

The use of the police ambulance has been a great asset in reducing cost of the transportation of the sick and aged and too much can not be said for the prompt and able assistance given this Board by the Chief and his officers at all times.

We wish to express our deep appreciation for the prompt and willing service given the Board by the Town Physicians who have always responded so cheerfully whenever called upon; also for the assistance rendered us during the year by the Visiting Nurse Association and to our local Charities who have always co-operated with us. In many instances their efforts have prevented certain cases from becoming public charges.

## FINANCIAL REPORT

The number of cases aided directly during 1942 was 63, consisting of 149 persons. The number of Whitman settled cases aided elsewhere was 26 cases.

Amount expended		\$18866.91

### REPORT OF OLD AGE ASSISTANCE

During the year 1942 the Old Age Assistance has been the most important category of relief. As eligibility depends on need it has been necessary to make a resurvey and reclassification of all cases and revise all budgets in accordance with the Standard Budget Schedule approved by the State Department.

Owing to the present favorable employment situation, the local Boards have been urged to reinvestigate resources of recipients and employment of legally liable relatives—Work and good wages are evident everywhere—Not only does reinvestigation reduce the case load but proper advice may encourage and assist recipients to become self sustaining. In some instances, able recipients

have accepted employment realizing the shortage of labor so necessary to our National Defense Program.

Primary Benefits from the Survivor's Insurance under the Federal Security Act have assisted with income whereas only supplementary grants from Old Age Assistance are necessary to provide for the total budget.

Hospital Expense has been a problem for we all know that Chronic Ailments accompany Senility and nursing care and medication are most necessary.

The following is a brief resume for the year 1942:

Total applications received	55
Applications approved	46
Applications rejected	8
Applications withdrawn	1

Rejections based on the following reasons:

Not in need (Children able to support)	5
Not residing in owned property	1
Sufficient Income	2

Total number of cases closed	47
------------------------------	----

Reasons based on the following:

Death	21
Removed to Other Cities and Towns	15
Sufficient Income	1
Resources	3
Institutions	2
Employment Resumed	3
Children able to support	2

Active Cases January 1, 1942	251
------------------------------	-----

Active Cases January 1, 1943	250
------------------------------	-----

Whitman settled cases residing in other cities & towns	29
--	----

Cases with outside settlements	36
--------------------------------	----

Cases with No Settlement	25
--------------------------	----

Cases with Military Settlements	5
---------------------------------	---

Total number of Old Age Assistance cases aided in 1942	297
---	-----

## FINANCIAL REPORT (Old Age Assistance)

		<hr/>
Balance Unexpended		\$ 6,127.38
	<hr/>	
Total Expenditure		\$96890.16
Reimbursements:		
Federal	\$44790.04	
State	37445.42	
Cities & Towns	1709.09	
Persons	570.00	
Refunds	227.50	84742.05
	<hr/>	<hr/>
Net Cost to Town		\$12148.11

## ADMINISTRATION

Salaries:		
T. F. Kenneally	\$108.33	
E. W. Gay	58.33	
M. T. Winslow	\$1041.65	\$1208.31
	<hr/>	
Expenses:		205.07
		<hr/>
Total		\$1413.38
Town Appropriation	\$1560.00	
Federal Reimbursements	1514.04	\$3074.04
	<hr/>	<hr/>
Balance Unexpended		\$1660.86

## AID TO DEPENDENT CHILDREN

A child to be eligible for Aid to Dependent Children Relief:

1. Must be under 16 years of age.
2. Must be under 18 years of age and attending public school.
3. Must have been deprived of parental support and care by reason of death, continued absence from home or physical or mental incapacity of a parent.
4. Must be residing with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle or aunt in a place of residence maintained by one or more of such relatives as his or her home.

Pending investigation careful inquiry is made concerning the following:

1. That the parent is fit to bring up the children.
2. Ability of other members of family to help.
3. Relatives able to support or assist.
4. Individuals or societies interested.
5. Compelling those legally bound to support.
6. Securing all necessary aid possible from other sources.

Payments are made by check twice a month to the person accepted as the 'parent.'

## FINANCIAL REPORT

Total aid rendered		\$13596.96
State reimbursements	\$4559.23	
Federal	4165.33	\$8724.56
	<hr/>	<hr/>
Net cost to Town		\$ 4872.40
Amount appropriated		\$11000.00

## ADMINISTRATION

## Salaries:

T. F. Kenneally	\$91.67	
M. T. Winslow	91.67	
Earl W. Gay	350.00	\$533.34
	<hr/>	
Expenses		73.05
		<hr/>
Total		\$606.39
Appropriation	\$700.00	
Federal reimbursements	422.22	\$1122.22
	<hr/>	<hr/>
Balance unexpended		\$515.83

Respectfully submitted,

T. F. KENNEALLY

MILDRED T. WINSLOW

EARL W. GAY

Board of Public Welfare

## Reports of W. P. A. Co-ordinator and Rationing Board

---

To the Honorable Board of Selectmen,  
Whitman, Massachusetts

Gentlemen:

I submit, herewith, my report for 1942 covering the activities under W.P.A., the Food Stamp Plan, and Rationing.

### FINANCIAL REPORT

#### SERVICES

Appropriation	\$3000.00	
Transfers	192.50	
		\$3192.50
Expenditures		3162.50
		<hr/>
Unexpended		\$ 30.00

#### EXPENSES

Appropriation	\$300.00	
Transfers	271.33	
		\$ 571.33
Expenditures		
Stationery and Office		
Supplies	345.59	
Tel. and Tel.	48.58	
Bond	25.00	
Insurance (Food Stamps)	50.00	
Equipment and Repairs	91.66	
Music Project (W.P.A.)	10.50	
		\$571.33

### W. P. A.

Activities under the W. P. A. program have practically concluded. By government order the W. P. A. will terminate in Massachusetts on June 30, but no local work has been carried on in Whitman for several months because the few men remaining on the program are employed on Defense Projects at Weymouth and Hingham.

Last year funds were carried over to provide for local work if the men were returned, but these several appropriation balances have now been returned to the General Fund in view of the early termination of the program.

The Property Adjustment work for which an appropriation was made last March has been completed and an unexpended balance of \$267.73 has been returned to the General Fund. No new appropriations are recommended in view of the proposed termination of the program and such administrative work as may be required for the next few months can be handled with other duties and without any other appropriation.

### FOOD STAMP PLAN

From January 1 to December 31, 1942 the sale of food stamps to certified participants amounted to \$28,955.00. On this volume of sales, the Federal Government contributed \$13,844.00 through the issue of free blue stamps. This volume of business constituted a total purchasing power of \$42,799.00 and substantially benefited both the participants and local merchants.

As of this date there are 59 families (230 persons) participating in the plan as follows:

Category	Number Cases	Number Persons
Old Age Assistance	6	10
Aid to Dependent Children	11	47
Aid to the Blind	1	1
Works Project Adm.	5	20

General Relief	17	70
Non-Assistance		
(Limited Income)	16	70
Soldiers and Sailors Relief	3	12
	<hr/>	<hr/>
Total	59	230

The heavy demand for food commodities to meet the needs of our armed forces and the Lend-Lease Program has eliminated surpluses. Because of this condition and because the relief need is not as acute, the Surplus Marketing Administration has announced a suspension of the program effective March 1, 1943.

E. C. MONROE, Co-ordinator

## RATIONING BOARD

On December 30, 1941 the Board of Selectmen received a telegram from the Office of Price Administration requesting the nomination of three citizens to serve on the War Price and Rationing Board. This request was immediately complied with and on January 5, 1942 the rationing procedure on tires and tubes became operative under the direction of the board consisting of Mr. Harold E. Fitzgibbons, Chairman, Mr. Herbert L. Shepherd and Mr. Harold E. Coburn, associate members.

Starting with the rationing of tires and tubes on January 5, the responsibilities of the board have grown steadily. At the present time there are ten separate and diverse commodities now under rationing control. Regulations are in the process of development which will bring several food commodities under rationing procedure and it is expected that during the coming month War Ration Book Two will be issued controlling the consumption of these food commodities under a system of point rationing.

The personnel of the Board at this time consists of Mr. Herbert L. Shepherd, Chairman, Mr. Elwood A. Wyman and Mr. Arthur S. Pegnam, associate members.

Mrs. Ernest A. Moore has been deputized by the Board to assist them in Price Control Matters. Due to illness, Mr. Harold E. Coburn was obliged to resign from the board on September 9, 1942, and Mr. Chester L. Taber was appointed to fill the vacancy. He served until November when his appointment was made to the office staff of the board.

The Board wishes to record its appreciation to the School Department for the valuable assistance rendered in handling consumer registrations for sugar, gasoline, and oil. Likewise, it should be recorded that with the approval of the School Committee a group of Senior girls has been assigned to the board for clerical work and arrangements made for them to spend approximately three hours every day. Without this valuable assistance, it is doubtful if the tremendous amount of detail work could have been efficiently cleared.

It is recognized that rationing vitally affects the family life of every citizen. It restricts everyone's customary use of scarce commodities which are placed under control. The response with which all citizens have cooperated has helped the board in the difficult responsibility they have assumed and this opportunity is taken to express their sincere appreciation. In turn, the Board pledges its best efforts in carrying out the rationing orders of 1943 with a minimum of inconvenience to everyone.

#### WAR PRICE AND RATIONING BOARD

HERBERT L. SHEPHERD, Chairman

# Report of the Highway Surveyor

---

December 31, 1942

To the Citizens of Whitman:

I respectfully submit the following report for the year ending December 31, 1942.

## ADMINISTRATION

As in former years, we have maintained an office at the Town Hall, answering calls and keeping books on Highway Business.

## GENERAL MAINTENANCE

We started the season by sweeping and patching all the Streets. Also we trimmed the brush along the sides of the Streets. Because of the War we were unable to get much tar this year. The total amount being 30,600 gallons. With this we Tarred 24,900 feet of Highway, resurfaced 2700 feet with a 2 inch mixture of tar and sand, and kept the rest of the roads patched. Much of the patch was mixed with a motor grader thereby saving on the cost of mixing.

## CHAPTER 90

We were given \$3000 for maintenance under Chapter 90, with this we tarred Auburn Street, from Beaver Street to the Brockton line, and resurfaced with a mixed in place from Washington Street to Harvard Street.

The usual procedure on Chap. 90 is for the Town to borrow enough money to cover the work, and then when the work is complete and the State and County has paid their respective shares, the Town pays back the loan. This year because of the lack of materials, we were not able to carry out all our anticipated work, therefore this left money free to cover this loan. This eliminated interest and clerical costs to the Town.

## SIDEWALKS AND STREET SIGNS

We repainted and replaced as many signs as were necessary. Also inspected the sidewalks and cut down all dangerous slabs of concrete.

The edges of the curbs damaged by the sidewalk plow cannot be permanently repaired until we are able to get materials. These curbs have to be faced with cast iron strips, thereby insuring against further breakage.

## DRAINAGE

As usual all catchbasins were cleaned. A drain was placed for 300 feet on Gold Street. Also a drain on Plymouth Street 528 feet long.

## SNOW

We purchased a metal "V" type plow with moneys appropriated for the purpose. This is a "Break Through" plow. In case of heavy drifts of deep snow the ordinary "One Way" plow is practically useless. Surrounding Towns have as many as four of these plows each. It is a valuable addition to our plowing equipment.

## TOWN BARN AND EQUIPMENT

We insured the barn against fire, and the equipment against both fire and theft. The Town now has the best Highway Barn in this vicinity.

Also what equipment we have is in good condition and is cleaned, oiled, and greased regularly.

The Town has received much praise from all sources on these points of progress.

A word about the road roller we owned. Before this was scrapped, an expert from Buffalo-Springfield Roller Works was called out here to see if it could be converted into a gasoline model. He advised against this inasmuch as a new set of rear wheels at the cost of one thousand dollars was just one item which he mentioned. The total cost of his estimate was \$1800, and then we would have

had the same old roller. At that time a new one cost \$3200. This gives an idea of which was the better judgement.

Thanks to the citizens and all other town departments for their cooperation during the year.

Respectfully submitted,

J. CARROLL BOYNTON,  
Highway Surveyor.

## Report of Public Safety Committee

---

To the Honorable Board of Selectmen:

Gentlemen:

Herewith is the report of the Public Safety Committee for the year 1942.

The Committee held its four quarterly meetings as required with fairly good attendance.

Due to gas rationing there were very few traffic problems to come before the Committee.

During the year stop signs were installed at the corner of Glen and Dover Streets; Auburn Street and Washington Street; Auburn Street and Harvard Street and Warren Avenue and Beulah Street.

It was voted to recommend to the Selectmen the placing of one hour parking restrictions on South Avenue from Day Street to Marble Street. The Selectmen followed the recommendation of the Committee and had the Chief of Police install these signs.

Routine matters of painting of crosswalks and parking areas were taken care of by the Chief of Police.

Respectfully submitted,

FRANCIS T. KANE,  
CLINTON G. BRADSHAW,  
EDGAR C. MONROE,  
HAROLD E. COBURN,  
LINCOLN F. MILLETT,  
MICHAEL F. HAYES,  
J. CARROLL BOYNTON,  
LEON A. PETERSON,  
LEROY L. PHINNEY,  
JAMES T. KIRBY,

## Report of the Park Commissioners

---

To the Citizens of Whitman:

The Whitman Park was opened for the 1942 season on the first day of April. The most important activity of the year was the rebuilding of the pond. For several years the commissioners have believed that the bottom of the pond leaked and allowed the water to drain away very rapidly. However it was financially impossible to properly correct this condition and also do all of the regular necessary work that has to be done in the park each year.

This year it was made possible by an increase in the appropriation for that purpose. The entire pond was dug out and a layer of clay was put in to form a water tight bed. This was then covered with a layer of sand. A new fountain was built in the center and the water supply pump was moved from under the bandstand down to the edge of the pond, directly over the driven well. The entire project proved very successful as there was an unlimited supply of fresh clean water and the level of the pond remained constant throughout the driest season of the year. Also the water held up through the cold weather, thus providing the small children with a safe place to skate.

A new flag was purchased to replace the old one which has flown over the park for several years. The new flag is one of the largest in the district. It is thirty feet long and twenty feet wide.

All of the trees in the entire park system were sprayed and carefully pruned, following the established policy of

the department to preserve every tree, for the commissioners firmly believe that beautiful trees are the most important property of any park. All of the buildings and the playground equipment were painted this year and the entire park property was kept in excellent condition throughout the season.

A financial report of the department may be found in the report of the Town Accountant.

Respectfully submitted,

HAROLD E. COBURN, Chairman  
RAYMOND K. LITCHFIELD, Secretary  
HERBERT L. SHEPHERD

## Report of Whitman Committee on Public Safety

---

To the Honorable Board of Selectmen:

The Whitman Committee on Public Safety presents herewith its report for the year 1942, having been accepted as a town committee at a town meeting held on January 6, 1942.

The Whitman Committee on Public Safety is a unit of Region 6 of the Massachusetts Committee on Public Safety, for which the Regional Headquarters is at Brockton. The Committee is charged with the responsibility of planning and directing programs to minimize the loss of life and property within the town by enemy action. During the past year the Committee has worked toward this end and has trained personnel under a definite plan and with qualified leaders. The following schedule presents in detail the assignments of the present personnel:

### CIVILIAN DEFENSE PERSONNEL

As at October 31, 1942.

Trained or in training and assigned:	
Administrative Staff	13
Report Center Staff	14
Protection Division	267
Medical Division	135
Services and Supplies Division	31
Planning and Technical Division	12
Health and Social Services Division	6
Evacuation Division	16
Public Information Division	3
Women's Division (estimated)	252
Salvage Division	7
Massachusetts Women's Defense Corps	20
Air Raid Warning Service	150
	<hr/>
Total Community Personnel	926

During 1942 the Whitman Committee on Public Safety has participated in the test mobilizations and practices scheduled both locally and by Regional Headquarters. These practice operations have coordinated our units and

aided in preparing the entire personnel for service when called. In other activities, such as the Salvage Drive, the local Committee has cooperated with the Massachusetts Committee on Public Safety.

On January 6, 1942, the town appropriated \$10,000.00 for Civilian Defense purposes. All expenditures have been considered by the Finance Committee of the Whitman Committee on Public Safety, a summary of which is shown below:

### CIVILIAN DEFENSE APPROPRIATION AND EXPENDITURES

For the year ended December 31, 1942.

Appropriation by town	\$10,000.00
Expenditures:	
Fire Department Equipment, Trailer Pump and Fire Hose	\$3,525.65
Massachusetts State Guard, Whitman Company, Equipment	1,813.04
Equipment and supplies for Wardens, Auxiliary Police and Fire Dept.	716.05
Telephones and electricity	315.73
Dyer School, Air Raid Warning Service	
Labor and supplies	294.89
Medical Division	308.92
Miscellaneous	43.95
Total expenditures	<u>7,018.23</u>
Balance December 31, 1942	<u>\$2,981.77</u>

In connection with the above schedule of expenditures it should be noted that an amount of \$3,689.35 was expended for equipment of the Fire Department which may be available for service after the present emergency and that a refund of expenditures for equipment of Massachusetts State Guard—Whitman Company is anticipated from the Commonwealth of Massachusetts.

We wish to pay tribute to the hundreds of loyal men and women who have given unsparingly of their time and energy in the various activities. The town should be proud of the work and devotion of all these volunteers.

FRANCIS T. KANE,  
Chairman.

# Report of County Aid to Agriculture

---

## REPORT OF THE PLYMOUTH COUNTY EXTENSION SERVICE FOR 1942

---

During 1942 the Extension Service program has been greatly changed as a result of war-time conditions. At the beginning of this war, food production was immediately recognized as one of the great essentials in combat. Our slogan "Food Will Win the War and Write the Peace" is being brought to a more definite realization as our allied forces assume greater offensives. On the home front, the production of food is becoming a critical item. Therefore, Extension Service programs have been geared to do their important part in the organization and education of the production and preservation of food.

Because of the nature of Extension Service work, as it is conducted for many projects on a county-wide basis, it is difficult to outline specifically all of the benefits that a particular town has derived. More than ever, in 1942 the Extension Service has been called upon to execute a large share of the assignments found necessary to promote the war effort. Through the Plymouth County U. S. D. A. War Board, of which the Extension Service is a principal factor, leaders have been chosen to act in the interest of fellow farmers and for rural people. While many of the committees such as Farm Machinery Rationing, Farm Transportation, and Rural Policy Committees, have not functioned on a town basis, they have indirectly and directly contributed to the welfare of the townspeople. Town War Action Committees were set up early in 1942 in practically every town in Plymouth County to assume responsibility and to organize and promote the assignments felt necessary within the town. In

the year to come these committees will assume a greater role in furthering the Food Production Program.

Commodity project work for dairy, poultry, fruits, vegetables, forestry, and cranberries are conducted largely on a county-wide or regional basis. The Extension agents plan to distribute these meetings in as many towns as possible so that the work may be brought to the attention of as many people as possible on a practical basis. Farm and home visits are made only to fulfill requests, or where visits promote project work. Travel limitations greatly reduced the number of farm visits, but greater demands were made by telephone and through individual letters. Rural families having use for information released by the Plymouth County Extension Service and the Massachusetts State College Extension Service will find this available upon request to the county office. Three departments in Agriculture, Homemaking, and 4-H Club Work, are represented by two agents for each department. Joint responsibility is often shared for certain projects.

The County Home Demonstration Agents conducted meetings on clothing instruction, food buying, Christmas Greens, Garden Planning, Food Preservation, and Food Storage during the past year. However, the majority of the work was placed on the essential item—food production, preservation, and storage.

Four-H Club projects were carried on in every town offering the possibilities of organized clubs for poultry, dairy, garden, and handicraft for boys. Girls' 4-H Club work was available in clothing, food, home furnishing, and food preservation. Outstanding work has been accomplished by these departments on a town basis. Much credit is due local leadership in the success of these projects.

The Extension Service work is of such wide scope that the efforts of Extension agents can not be confined to strictly Extension Service activities. Close co-operation is given any worth-while organization which contributes to better family living.

In 1943, the Food Production Program must of necessity require the major part of the Extension Service work. Food is considered a most critical item in the war strategy. Extension agents and leaders will devote long and arduous hours in making sure that this item does not fall short of the essential demands. Each town which contributes to the support of this organization is doing its part to make sure that Democracy shall live and that this educational process of proven value shall endure.

LEROY GRINNELL,

Town Director.

## Report of the Chief of Police

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report of the Police Department for the year ending December 31, 1942.

 31

As Chief of the Police Department I am going to ask the people that at any time they think there has been an injustice done to him or her to come and report the same to the Chief of Police and I will try and do my best to square matters. I cannot settle any matter until I have at first heard both sides of the story. When you come to me you can expect to get the best judgment that I am able to give you, and that is the policy I have always tried to follow.

The Town has been free from serious crime which we hope will continue. I fully realize that whatever success we have achieved in maintaining law and order is due to the co-operation of the officers in my department.

I wish to thank the Honorable Board of Selectmen for my appointment as Chief of Police, and the Honorable Judges of the Second District Court holding at Abington and Hingham for the splendid co-operation they have given me in my department.

Respectfully submitted,

LEROY L. PHINNEY,

Chief of Police

I recommend at this time that the town accept Acts 1941, Chapter 710. An Act relative to the Registration and Operation of Certain Bicycles.

Be it enacted, etc., as follows:

Section 1. Chapter eighty-five of the General Laws is hereby amended by inserting after section eleven, as appearing in the Tercentenary Edition, the following new section:

Section 11A. No resident of any city which accepts this section by vote of its city council, or of any town which accepts this section by vote of the town, shall operate a bicycle within the limits thereof, unless such bicycle is registered under this section in such city or town and unless the registration plate issued therefor is attached to such bicycle. The police department of such a city or town, or the selectmen of such town having no organized police department, shall register all bicycles owned by persons residing within the city or town and issue to the owners thereof certificates of registration, which shall be in effect, unless suspended as hereinafter provided, so long as such registrants own said bicycles. The application for registration shall contain the name, address and age of the owner, the make of the bicycle, and serial number, if any, affixed by the maker, or any other identifying marks. The certificate or registration shall contain the name and address of the owner, a description of the bicycle and a register number. Every bicycle so registered shall have attached thereto a registration plate furnished by the police department or the selectmen, as the case may be, of the city or town where registered. Such plate shall bear the register number assigned to the bicycle and the name of the city or town where registered. Upon the sale or other transfer of a registered bicycle, the registrant shall remove the registration plate and surrender the same to the police department or the selectmen, as the case may be, or may, upon application but without payment of an additional fee, have said plate assigned

to another bicycle owned by the applicant. A bicycle rental agency in any city or town which accepts this section shall not rent or offer any bicycle for rent unless the bicycle is registered and a registration plate is attached thereto as provided herein. Every person engaged in the business of buying or selling new or second hand bicycles in such a city or town shall make a report to the said police department or selectmen, as the case may be, of every bicycle purchased or sold by such dealer, giving the name and address of the person from whom purchased or to whom sold, a description of such bicycle by name or make, and the number of the registration plate, if any, attached thereto. Blank forms of applications and certificates for use in carrying out the provisions of this section shall be prepared and furnished by the commissioner of public safety to all such cities and towns at their expense. Every bicycle shall be equipped with a red reflector visible from the rear and at least two inches in diameter. A fee of not more than twenty-five cents shall be collected for each registration plate and certificate issued under this section.

In such cities and towns, operators of bicycles shall conform to traffic rules and regulations so far as they are obviously and reasonably applicable for their own safety. No operator of a bicycle shall permit any person in excess of the number for which such bicycle is designed and equipped to ride thereon with him, and no operator of a bicycle shall permit it to be drawn by any other moving vehicle. Violation of any provision of this section shall be punished by a fine of one dollar and in addition the police department of such a city or town, or the selectmen of such a town having no organized police department, may suspend the registration certificate of any registered bicycle operated in violation of any such provision. In case the person operating a bicycle in violation of any such provision is a minor, the police department, or the selectmen, as the case may be, instead of prosecuting such minor hereunder, may, with the consent of his parent or guardian, impound such

bicycle for a period not exceeding fifteen days. This section shall apply only to a bicycle at least one wheel of which exceeds twenty inches in diameter. No violation of any of the provisions of this section relative to the registration of bicycles shall effect any civil right or liability, nor shall any such violation by a minor under the age of eighteen be considered a criminal offense.

Section 2. Sections twelve, thirteen and fourteen of said chapter eighty-five, as so appearing, are hereby repealed.

Approved October 29, 1941.

LEROY L. PHINNEY, Chief of Police.

## Report of the Tree Warden

---

To the Citizens of Whitman:

There was a considerable amount of work done on the trees of the town as to removal and large limbs overhanging the road.

The elm trees are now sprayed twice every year. This method keeps them under control.

The beauty of any town is in its trees and foliage and they need constant attention.

For the coming year I recommend an appropriation of \$2160.00.

Respectfully submitted,

ARTHUR SINGLETON

Tree Warden

## Report of the Moth Superintendent

---

To the Citizens of Whitman:

Every year the town is carefully covered for Gypsy Moth and Brown Tail Moth.

The Gypsy Moth infection has been checked to a great extent the past few years by constant work in this line. Throughout the town the foliage of the trees shows the results of this work.

I recommend an appropriation of \$2000.00 for the coming year.

Respectfully submitted,

ARTHUR SINGLETON

Gypsy Moth Superintendent

## Report of Town Forest Committee

---

To the Citizens:

The Town Forest Committee elected as officers for the year 1942 Morton Coburn, Chairman; Herbert Finegan, Secretary.

A great deal of progress was made during the year. A portion of the land approximately 150 ft. by 100 ft. was cleared and planted with hardwood (shade tree) seedlings purchased from various nurseries. A number of evergreen trees which were acquired from the State Nurseries were also planted without cost to the town. These trees have done well for the short time they have been in.

The Committee feels that in a few years there will be shade trees to be set out along the highways.

To do this work, the Committee spent out of their appropriation of three hundred (\$300) dollars, one hundred and seventy-seven (\$177) dollars for labor. One hundred twenty-two dollars and ninety-five cents (\$122.95) for merchandise and supplies, making a total of two hundred ninety-nine dollars and ninety-five cents (\$299.95).

The Committee recommends a sum be appropriated to carry on this work, of purchasing new stock to be planted and fertilizer, cultivation and the care of this nursery.

Respectfully submitted,

MORTON COBURN

HERBERT A. FINEGAN

ARTHUR SINGLETON

Town Forest Committee.

# Report of the Superintendent of the Water Department

---

To the Board of Water Commissioners:

I hereby submit my report for the year ending December 31, 1942.

On account of Federal Restrictions we have not been able to do the work we intended to do. On Belmont Street we replaced some 2 in. and 1 in. mains with 331 ft. 6 in. of 6 in. Transite pipe. Renewed all services on Belmont Street and Arthur Street. Replaced a 5 in. Ludlow hydrant No. 5 on Franklin Street with a 5 in. Darling hydrant. One bad main leak in the yard at the brick factory on South Avenue. Repaired another bad leak on Warren Avenue 6 in, cement lined main. All hydrants were checked and the regular maintenance work done.

Services Shut off	60
Services Turned on	54
Services Pumped out	20
Services—new	9
Services—renewals	31
Services—leaks	5
Main leaks	9
Meters—repaired	99
Meters—changed	7
Meters—junked	8

Respectfully submitted,

F. R. McCALLUM

Superintendent

## State Auditor's Report

---

Mr. Theodore N. Waddell  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

As directed by you, I have made an audit of the general accounts of the town of Whitman for the period beginning March 30, 1941, and of the accounts of the town collector for the period from August 31, 1941, the dates of the previous examinations, to November 14, 1942, the following report being submitted thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the records of the town accountant.

The town accountant's general and appropriation ledgers were analyzed. The appropriations and transfers were compared with the town clerk's record of financial votes passed in town meetings and with the finance committee's records of transfers from the reserve fund, and a balance sheet, showing the financial condition of the town on November 14, 1942, was prepared and is appended to this report.

The accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the various sources from which money was paid into the town treasury, while the records of disbursements were compared with the accountant's books and with the treasury warrants approved by the board of selectmen.

The treasurer's cash balance on November 14, 1942, was approved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited.

The payments on account of debt and interest were verified by comparison of the cancelled notes and coupons on file with the amounts falling due.

The savings bank books and securities representing the investment of trust funds in the custody of the town treasurer were listed, the income and transfers to the town being verified.

The records of tax titles held by the town were examined and listed. The taxes transferred by the collector were proved, the reported redemptions were checked with the treasurer's receipts, and the outstanding accounts were verified by checking with the records in the Registry of Deeds.

The books and accounts of the town collector were examined and checked in detail. The tax, departmental, and water accounts which were recommitted on August 31, 1941, as well as all subsequent commitments, were audited and proved to the warrants issued for their collection. The recorded receipts were checked with the payments to the town treasurer and with the town accountant's ledger, the abatements were compared with the records in the departments authorized to grant them, the taxes transferred to the tax title account were proved, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

The outstanding tax, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

Attention is called to the outstanding departmental accounts which are long overdue. A determined effort should be made at once to collect these outstanding accounts, and any accounts found to be uncollectible should be cancelled by the departments committing them for collection.

The financial records of the town clerk were examined and checked. The receipts from dog, sporting, and town licenses and permits were proved, and the payments to the state and the town treasurer were verified.

It was noted that the fees on a number of town licenses and permits granted are outstanding, and it is recommended that a determined effort be made to collect them. It is also recommended that, in the future, no license or permit be issued unless the fee accompanies the application filed with the selectmen.

The surety bonds of the financial officials required by law to furnish them were examined and found to be in proper form.

The records of the sealer of weights and measures, of the health, and library departments, and of all other departments collecting money for the town or committing bills for collection were examined and reconciled with the town treasurer's receipts and with the town accountant's records.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust funds.

For the co-operation extended by the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE

*Assistant Director of Accounts*

HBD:CAH

## Report of Wire Inspector

---

To the Honorable Board of Selectmen,  
Whitman, Massachusetts.

Gentlemen:

I respectfully submit my report as Wire Inspector of the Town of Whitman for the year 1942.

Inspections for the year 1942 showed a decline over past years owing to shortage of critical materials, and secondly, many contractors are working on defense work. It is the opinion of this office that the Chief of the Fire Department and the Wire Inspector should work in conjunction with each other. There are many times when apparently the origin of a fire is unknown, it is unjustly said to be caused by defective wiring when such a conclusion is without sound foundation.

Secondly, when oil burners are installed a permit is issued for a storage tank for fuel oil. If the contractor sees fit, he sometimes performs the work of an electrician. Not having a permit for the electrical installation, this department has no means of checking his work which may or may not be in accordance with National Code Rulings.

Because of the shortage of critical materials, such as copper, rubber and steel, all of which are used extensively in electrical installations, and secondly, because a majority of electricians are working on defense projects, many installations will be made by the handy man with his inferior grade materials. In most cases serious fire hazards are the result, confirming the statement. We have recently read in the papers where in one of our large cities the loss of lives was counted in the hundreds. This one instance is ample proof why we should enforce rigid laws in our own community regardless of what action any other town might deem advisable to follow.

Our present inspection law grants the supervision of electric wires to the inspector and requires cities to appoint said inspectors, but with town government this is optional.

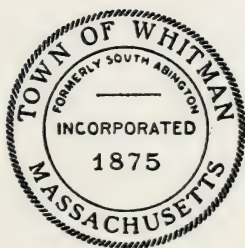

At present there is a proposed amendment to the General Laws which will make filing of a notice before the start of performing work a uniform practice in the Commonwealth of Massachusetts. It is my personal opinion that our town should in some way enact a set of by-laws to govern the performance of electrical installations in our community.

Respectfully submitted,

W. L. WELCH,

Wire Inspector.

Schools will not be in session on Saturdays, Legal Holidays, Good Friday, from noon on the Wednesday preceding Thanksgiving Day to the following Monday, or on the day of the Plymouth County Teachers' Convention.

The school calendar as printed is subject to change by action of the School Committee.

### **No School Signal**

The "No School Signal" is 2-2, sounded on the Town Fire Alarm System.

At 7:15 A.M. It indicates no session in any school on that morning.

At 8:15 A.M. It indicates no session in grades 1-6 inclusive, on that morning.

At 12:30 P.M. It indicates no session in any school on that afternoon.

### **Tuition for Non-resident Pupils (per year)**

High School—1942-1943	\$105.00
*Elementary Schools	65.27

\*(As established by the School Committee and determined in accordance with Chapter 76, Section 7, of the General Laws, Relating to Education.)

## Report of the School Committee

---

To the Citizens of the Town of Whitman:—

During the past year eleven members of our teaching staff of fifty-six have resigned either to be married, to accept teaching positions elsewhere, to enter the armed services, or to accept positions in war industries. The problem of finding suitably trained replacements is becoming more and more serious and takes an increasing amount of time on the part of the Superintendent and the Committee. Furthermore, the requests which are made on the schools by the Federal Government for the teaching of more mathematics and science as well as an intensive program of physical education to prepare our young men and women for eventual duties in the armed services or in war industry means that the quality of our teaching personnel and their number must be strengthened and increased rather than diminished.

The activities of the local defense industries have made it extremely difficult for us to retain the services of our janitorial staff in spite of some increase in the remuneration paid. Of the men in our employ a year ago, three have left for better paying positions, one on very short notice. It is now difficult to procure satisfactory new men and these have in some cases stayed with us but a few weeks. Therefore, the Committee has felt it necessary that a rather substantial salary increase be given to all of the teaching and janitorial staff and as a result, the budget for 1943 which is appended as a part of this report contemplates increasing the salary of each teacher in our employ at the end of

1942 by \$200 and each janitor in our employ at that time by \$2.00 a week or \$104 for the year. This increase of the janitors, coupled with an increase made in October of like amount, means that all of our full-time personnel will be increased by \$200 or more if the proposed budget is approved. We feel that this is necessary for an efficient teaching force. Many of those leaving us for other teaching positions or for war industry receive sums even exceeding \$200 and consequently this will at best only serve to retard the rate at which we lose our employees.

During the year we have lost two members of the Committee by resignation: Mr. Irvin D. Reade and Mr. Frederick A. Meier, Jr.. Mr. Reade had been a member of the Committee since March 1927, served as Secretary of the Committee from October 3, 1928 to March 13, 1935, and was Chairman of the Committee from April 5, 1939 until his resignation took effect last September. Mr. Meier was first elected to the Committee in 1938 and served as its Secretary from April 1, 1942 until his resignation in August. Their places until the next election were filled at a joint committee meeting of the Selectmen and School Committee by the appointment of Mr. Walter R. Brittain and Mr. Leo J. Burbine.

Since the adoption of daylight saving time as a year-round proposition, it has seemed to the Committee desirable to defer the opening of the Junior High and High Schools from 8:00 to 8:15 during the months of December, January and February so that the pupils would not be on the streets during the hours of darkness. This later opening has seemed to meet with the approval of the parents and we hope results in a decrease in the danger of being out during dim-out conditions.

During the past year, the method of payment of the salaries of approximately four-fifths of our teachers has been changed from a weekly to a bi-monthly basis, one twenty-fourth of the annual salary being payable at the end of each pay-roll period. As a result of this change pay rolls from September through December were approximately four-fifths as large as they would have been under the weekly payment plan, and the salary budget for 1942 was decreased by the amount thus saved. In 1943, were no increase in salaries asked, the budget would necessarily be larger and this fact coupled with the requested increase of \$200 for each teacher accounts for most of the increase in the 1943 budget.

Respectfully submitted,

CHARLES R. PRATT  
ETHEL C. BEARCE  
WALTER R. BRITTAIN  
LEO J. BURBINE  
CARLTON E. TUCKER  
ALMA B. TABER

# Report of the Superintendent of Schools

---

To the School Committee of Whitman, Mass.

Ladies and Gentlemen:—

The following annual report of the superintendent of schools, which I have the privilege of submitting for your consideration, presents a summary of the activities of the school department for the calendar year ending December 31, 1942. It is the fiftieth number in the series of similar reports. In accordance with requests received, and as a matter of economy, the information presented is being restricted so far as possible to brief statements and statistical data which should be formally recorded.

## SCHOOL SAVINGS

The School Savings program has been considerably affected by the drive for investment in War Bonds and Stamps this year.

The School Savings Report of the Whitman Savings Bank for the year ending in June 1942 is as follows:

Deposits made by enrolled pupils	
July 1, 1941 to June 30, 1942	\$3,203.18
Withdrawals July 1, 1941 to June 30, 1942	717.32
Net savings by enrolled pupils	
July 1, 1941 to June 30, 1942	2,485.86
Bank balance of enrolled pupils	
June 30, 1942	48,887.68

Amounts credited to individual accounts of pupils	\$48,040.11
Amounts not transferred, credited to pupils collectively by schools	847.57
Average number of depositors each week	290
Average gross deposit per pupil participating	\$5.42
Average net savings per pupil participating	4.21
Transferred July 1, 1941 to June 30, 1942	\$2,533.00

## HEALTH

The annual report of the school nurse expresses the appreciation of the school department for the customary fine assistance received from the Plymouth County Hospital, Whitman Visiting Nurse Association, Massachusetts Catholic Woman's Guild, Whitman Kiwanis Club, Bostonian Club and Telephone Girls.

In the fall term the usual physical examinations and inspections were given and additional ear phones for the audiometer were purchased.

The statistical report of the work of the year is as follows:

## STATISTICAL REPORT

### Report of Examinations by the School Physicians

Number of defects corrected	56
Number of notices sent home for defective tonsils	240
Number of notices sent home for defective hearts	22
Number of notices sent home for enlarged cervical glands	13
Number of notices sent home for hardened wax in ears	23
Number of notices sent home for deviated nasal septum	10

### Report of School Nurse

Number of school visits	321
Number of home visits	540
Number of children recommended for exclusion from school	68
Number of symptoms of communicable diseases	46
Number of symptoms of skin diseases	14
Number of symptoms of scalp diseases	8
Number of children taken home from school	91
Number of class periods taught at High School	20

### Report of Audiometer Test

Number of children tested	234
Number of children re-tested	26
Number of children with defective hearing	14
Number of old cases	6
Number of new cases	8
Number of discharged cases	3

### Report of Tuberculosis Prevention Program

Number of pupils given skin tests	412
Number of pupils who reacted positive	118
Number of pupils X-rayed	118
Number of negative X-rays	108
Number of pupils given physical examinations	16
Number of pupils discharged	4
Number of pupils continued for follow-up examinations	12

### CHANGES IN TEACHING STAFF

Changes in our teaching staff continue to be numerous, and few competent and well trained teachers have been available to take the places of those who have left us. Of the eleven changes during the year four were caused by marriage, two teachers were commissioned in the armed forces, one was called by Selective Service, and four accepted positions elsewhere.

Since the close of the year two more teachers have also submitted their resignations and two others seem likely to be called by the armed forces in the near future, but these are of course not included above or in the table below.

The list of those who ended or began their service in 1942 is as follows:

### Resigned or on Leave of Absence

Name	School or Position	Service Ended
Marion N. Collins .....	High .....	January 30, 1942
B. Russell Meinhold .....	High .....	June 26, 1942
Rachel A. Clift .....	Reed .....	June 26, 1942
Myra Chase .....	Dyer .....	June 26, 1942
P. Joseph Canavan .....	High .....	July 30, 1942
Delmas E. Des Landes .....	High .....	August 1, 1942
Albert F. Caswell .....	High & Jr. High Shop .....	October 2, 1942
Joseph H. Albrecht .....	High .....	October 30, 1942
Rita M. Sullivan .....	Reed .....	November 27, 1942
Carl E. Etelman .....	High .....	December 7, 1942
Margaret C. Hayes .....	Dyer .....	December 31, 1942

### Appointments

Name	School or Position	Service Began
Anna K. Kirby .....	High .....	March 2, 1942
Robert W. Card .....	High .....	September 7, 1942
Ruth E. Gumb .....	Reed .....	September 7, 1942
Doris Whiteley .....	Dyer .....	September 7, 1942
Philip S. Snow .....	High .....	September 7, 1942
Kenneth B. Ludlow .....	High & Jr. High Shop .....	October 5, 1942
*Grace N. Lapworth .....	High .....	November 2, 1942
Patricia Doherty .....	Reed .....	January 4, 1943
*Military Substitute		(Elected December 2, 1942)

Thus far we have been fortunate in teachers elected to fill vacancies in our staff. Miss Kirby is a graduate of Boston University and taught in the high school at Sutton, Massachusetts, for two and one-half years before coming to Whitman. Mr. Robert W. Card is a graduate of Bowdoin College with ten years of successful experience at Warren, Massachusetts. Miss Ruth E. Gumb made an excellent record at Lowell Teachers College, where she received the B.S. degree, and has had several years of experience in the Girls Work Department of the Lawrence Y. W. C. A. Miss Doris M. Whiteley received her B.S. degree from the Gorham

Normal School and taught for one year in Colebrook, New Hampshire, before coming to Whitman. Mr. Philip S. Snow is a graduate of Colby College, holds diplomas from the University of Nancy and University of Paris, France and has had seven years teaching experience. Mr. Kenneth Ludlow is a high school graduate with extensive training and experience in the shop and building trades, and had eight years of successful experience as a teacher of shop work before coming to Whitman. Mrs. Grace Lapworth is serving as a military substitute and before her marriage was a valued teacher in our high school, and Miss Patricia Doherty is a graduate of Lowell Teachers College with teaching experience at West Swanzey, New Hampshire.

In addition to the changes reported above the janitors at the High School and Junior High School resigned early in the fall term. To fill these vacancies Mr. Alfred Freeman was transferred to the High School, Mr. Rodney Chandler was transferred to the Junior High School, and Mr. Stanley W. Blanchard and Mr. John M. Condrick were elected as janitors and assigned to the High School and Gurney School respectively.

## THE SCHOOL PROGRAM

As might be expected the war effort is having its effect on both school enrollment and school activities. The number of high school pupils was somewhat less in September than in the corresponding month last year, but the freshman group was slightly larger than the year before. In the elementary schools the September membership was the largest since 1935 with the greatest increases in grades one and two. The total for all schools was two more than in 1941.

During recent months a careful study has been made of the changes in program suggested to meet the needs of the national emergency. Thus far our work as provided in the regular course of study has seemed to offer basic preparation in the subjects which

have been suggested for special emphasis. The possibility of extending the physical education program to include boys of the junior and senior classes in high school is already under consideration, and other changes will be recommended as soon as suggested plans become definite and material for the new courses proposed becomes available.

Considerable new shop equipment has been secured during the year, and shop work has been extended to include boys of the sophomore class.

Thus far school activities have been continued as usual, but it is probable that they will be increasingly affected by the restrictions and activities of the war effort as time goes on. Pupils have been active in promoting purchases of war stamps and bonds, collecting scrap, and assisting in the registration for sugar and gasoline rationing. Many pupils are also now working on a part-time basis in shops, stores and offices. These factors coupled with the restrictions on the transportation of school athletic teams seem likely to limit the usual extra curricula and athletic program and to prevent the participation of older pupils in them.

### SCHOOL DEPARTMENT EXPENDITURES

Routine expenses of the year include the following.

At the High School one new pair of outside doors was installed, several new grate bars for the furnaces were purchased, loosened plaster was replaced in several rooms, the wooden window sills were painted, considerable inside painting was done, and the program clock battery was replaced.

At the Dyer School the outside of the building was painted and several grate bars purchased for the furnaces.

At the Reed School the fence and outside of the building were painted, cracks in ceilings were repaired, and the Iron Fireman and heating units were checked and repaired where necessary.

Other items of expense included the placing of War Damage Insurance on all school buildings, the purchase of necessary equipment and the cost of alterations made necessary in connection with moving the School Department office from the Town Hall to the High School building, the replacement of duplicating equipment in the commercial department and High School office, and the wiring of the shop in the Junior High School building so that the additional equipment installed there can be used safely and to its full capacity.

### **ANTICIPATED NEEDS OF THE SCHOOL DEPARTMENT**

The items listed under this heading in the reports of 1940 and 1941 are still problems which have not been cared for, and in some instances it seems likely that they can not be postponed beyond the present school year.

At the Gurney School the reports received indicate that it may become necessary to replace the furnaces before another heating season, and it has become almost impossible to secure the necessary parts to keep flushes at the Reed School in usable condition.

### **CONCLUSION**

During the year the School Department has been called upon for unusual participation in the war effort, and as usual all members of the staff have been glad to serve to the best of their abilities.

In May the teachers assisted by pupils and janitors carried out the registration and issuance of War Ration-Book One, and the first registration for the rationing of gasoline. In July the second registration and issuance of books in connection with gasoline rationing was completed by resident teachers assisted by volunteers from outside the staff and from the pupil group, and in October the teachers were again called upon to conduct the complicated and difficult registration for the rationing of fuel oil.

In addition to participation in this work assigned to the group as a whole several individual teachers have contributed generously of their time and energy in assisting in the work of the Rationing Board, the teachers and pupils of the High School commercial department have duplicated considerable material used in connection with the programs for rationing and for Civilian Defense, and by request a cooperative program was worked out and made effective in January through which pupils in certain courses of the commercial department are obtaining practical training in office work while supplying much needed clerical assistance in the Rationing Board Office.

In times like these, when many proposals are advanced which if adopted would absorb the time and attention of our young people and materially alter or displace the fundamental work of a school system, sound thinking and critical analysis of the suggestions affecting the program become a necessity. A recent article in the Bulletin of the Committee on Youth Problems of the American Council on Education has pointed out this fact in the following words.

"It is important also, whether in war or peace, that while the tasks to which youth are urged to devote their energies be genuinely significant, they represent more than mere exploitation of youth for the purpose of the state. It is to the interest of *the people*, rather than those of the state or the government which the people create, that we would devote the contributions of alert American youth. Sensitive officials will not resent unduly the suspicion with which proposals from governmental sources are often received. This skepticism, though frequently unfair, is an earnest widespread desire to avoid the exploitation of youth characteristic of all known forms of totalitarian government."

The essential factor to be kept in mind as the goal of our efforts is presented in the following quotation from an article by Dr. Thomas H. Briggs of Columbia University in which he writes as follows:

"This is neither the time nor the place to propose what the details of the new curriculum should be. But it is the time and it is the place to argue that the prime purpose of our education is to make effective intelligent citizens of a democracy. Everything else, however important it may be for other purposes must take a subordinate place. . . . Teachers who have developed effective techniques for presenting the organized subjects of study can be trusted to develop effective techniques for educating for democracy—if they believe in it. If they do not, they have no business in the schoolroom. . . . If they are worthy teachers, they will become worthy leaders in democracy."

In closing I would once more express appreciation of the cooperation and support of parents, citizens and members of the School Committee in carrying on the work of the School Department, and of the loyal and efficient service of my associates who have already well earned the title of "worthy teachers".

Respectfully submitted,

F. E. HOLT

Superintendent of Schools

## HIGH SCHOOL GRADUATION

The graduating exercises of the Class of 1942 of the High School were held at the Town Hall on the evening of June 12, 1942. The program was as follows:

Invocation

Rev. Harold S. Capron

A Word of Welcome

President Nelson Frederick LeGallee

Music—(The Toreador Song from "Carmen"  
(Summer Night

Bizet

M. H. Gulesian

High School Chorus

Essay—Frontiers of Rubber Production

June Marie Ladouceur

Music—The Talisman Overture

Lester Brockton

High School Orchestra

Essay—Plastics on the March

Adela Amilia Rymut

Presentation of Diplomas

Mr. Irvin D. Reade

Award of Class of 1924 English Prize to June Ladouceur

Award of Washington and Franklin History Certificate to Roy Littlehale.

Award of Rensselaer Polytechnic Institute Medal to Gerald Burbine.

Award of Whitman High School Alumni Association Medal to Priscilla Little.

Award of "Ellen Conway Spellman" Prizes to Elizabeth Comerford and Edwin Thurston.

Award of Preston Gurney-Jewell Prizes to June Ladouceur and Roy Littlehale.

Award of Whitman High School Alumni Association Scholarship to Adelaide Tirrell.

Award of Whitman Woman's Club Scholarship to June Ladouceur.

Selections from Junior Class for Honorary Membership in the Whitman Woman's Club.

Gloria Harrington and Margaret Minihan

Award of Eugenia F. Lovell Medal to Rita Murray.

Music—Class Ode—Adelaide P. Tirrell, Roy F. Littlehale, Jr., Senior Class.

## GRADUATES

## CLASSICAL COURSE

Nancy Altman	*June Marie Ladouceur
Mary Carey	*Mary Frances Renshaw
*Gertrude Elizabeth Croke	*Adela Amilia Rymut
Jean Edith Harper	*Eleanor Lillian Seeger
Rosalie Katherine Kirby	*Adelaide Phyllis Tirrell

## SCIENTIFIC COURSE

Robert A. Brennan	Nelson Frederick LeGallee
William Gerald Burbine	*Roy Frederic Littlehale, Jr.
Hugh Stetson Cox, Jr.	Arnold Gladding Seamans

## SUMMARY OF STATISTICS

### 1. Attendance Figures

Population of town January 1, 1942	8,041
Number of children between 5 and 16 years of age in town October 1, 1942	1,158
Number of children between 5 and 7 years of age	225
Number of children between 7 and 16 years of age	933
Total school membership for 1941-1942	1,489
Decrease from preceding year	13
Average school membership for year 1941-1942	1,367
Decrease from preceding year	1
Average attendance of pupils 1941-1942	1,300
Decrease from preceding year	1
Percent of attendance	94.4
Increase from preceding year	.5

### 2. Cost of Schools, etc.

Valuation of town 1942	\$7,818,535.00
Increase from preceding year	44,245.00
Total amount raised by local taxation	280,640.46
Decrease from preceding year	23,160.30
Rate of Taxation per thousand	35.20
Decrease from preceding year	3.20
Cost of Schools 1942	123,997.27
Increase from preceding year	5,319.06
School Department revenue 1942	30,673.21
Net expenditures for schools from local taxation 1942	93,324.06
Net cost of schools for every thousand of valuation	11.94
Average cost per pupil, based on average membership	90.71
Increase from preceding year	3.96
Cost of schools 1942 exclusive of repairs, upkeep and equipment	119,072.92
Increase from preceding year	4,230.89
Average cost per pupil, exclusive of repairs, upkeep and equipment	87.11
Increase from preceding year	3.16

## Special Report of the Finance Committee

---

As instructed by the town at the last Annual meeting under Article 8, we have made a thorough investigation of the G. A. R. Hall Trust.

We interviewed during the year the present trustees and other interested parties. In the course of our investigation we found it necessary to obtain legal opinions from the Town Counsel.

In order to give you a complete picture we are listing briefly the important results of our investigation.

The building was erected in 1890 by members of the David A. Russell Post G. A. R. The undertaking was financed from funds raised by public subscription and donations of labor and material.

In 1901 The Whitman Memorial Association which had been formed to hold title to the property drew a Declaration of Trust in which they turned the property over to a Board of Trustees. These trustees and their successors were to manage the property for a period of forty years. At the expiration of this term they were instructed to convey the property to the Town of Whitman.

Under the Declaration of Trust the Town of Whitman is to hold the property for memorial and patriotic and social purposes.

The present trustees inform us that the operating expenses average \$700.00 per year. The income received is approximately the same figure thereby making the property self supporting.

Some major repairs are needed to the property, but these can be left until conditions are better for making them.

Under the Declaration of Trust we could not find any provision whereby the town could make the property self supporting. However, from the Town Counsel we find that Chapter 41, Section 105 of the General Laws covers this situation. And for your benefit we are copying this section:

#### CHAPTER 41 SECTION 105

Chapter 41, Section 105, as amended.

##### *Trustees of Soldiers' Memorials*

Section 105. Duties and Manner of Selection.— Towns which accept gifts or bequests or appropriate money for the purpose of properly commemorating the services and sacrifices of the soldiers, sailors and marines who have served the country in war or persons who have rendered military service for the commonwealth in time of war may provide for a board of trustees to have charge and control of the construction of any such memorial, and to have the custody and care thereof after its construction. In cities the board shall consist of the mayor, and five members appointed by him and approved by the council, two of whom shall not be veterans of any war; two members shall be appointed for one year, two for two years, and one for three years, and as the term of each member expires, a successor shall be appointed for three years. Any vacancy shall be filled in the same manner for the unexpired term. In towns the said board shall consist of the chairman of the board of selectmen, and five members elected by the town in the same manner as other town officers, two of whom shall not be veterans of any war; two members shall be elected for one year, two for two years and one for three years, and as the term of each member expires, a successor shall be elected for three years; but until such board is elected, the selectmen may appoint a temporary board to serve until the next annual town meeting. Any vacancy occurring in the town board shall be filled for the unexpired term by the remaining members. Such boards may make such rules and regulations relative to the use of said memorials as they deem necessary.

Amended by the Acts of 1936, Chapter 132, Section 2, by adding the words that are underlined above.

The above section is the one under which several towns have Memorial Buildings, Abington being one of the towns.

It is our opinion that the Town should accept the gift of this property; and so that this can be done, we have had two articles inserted in the Warrant for the Annual Meeting.

We have two main reasons why we believe the Town should have this Memorial Building. First, the Veterans of the Civil War who were the original owners of the property wished it to be held by the Town. Second, the Town needs such a building, if not at the present they will when our boys get home from the present World War.

We therefore recommend to the Voters that they accept both Articles 14 and 15.

You should not accept Article 14 without Article 15 because you would then be in the position of having acquired property without making any provision for its use or care.

Under Article 15 we have recommended the sum of \$500.00 for the expense of the building for the balance of the year. Wherein the property can be made self supporting as far as operating expenses are concerned, all receipts from rentals must be turned into the Town Treasury and all expenses paid out of an appropriation. We also recommend that the Selectmen appoint as trustees for the ensuing year the present trustees.

## Report of the Finance Committee

---

The Finance Committee herewith submits its report and recommendations covering appropriations asked for the year 1943, together with the estimates as submitted by the various departments and the combined appropriations, plus transfers for the year 1942.

At the last annual meeting we were instructed to investigate the G. A. R. Hall Trust. The results of this examination will be found in a separate report.

You will notice from the Town Report covering the year 1942 that the cost of Public Welfare and Aid to Dependent Children have been substantially reduced. The budgets as submitted by this department for 1943 show a further curtailment of expenses.

In 1941 the town appropriated \$5000.00 to operate Municipal Stamp Fund in conjunction with the Federal surplus commodities Stamp Plan. This money is no longer needed for that purpose; but under the provisions of the Acts which authorized it, the town can only use it in connection with Public Welfare or related expenditures. We are, therefore, recommending that it be used this year in connection with the Public Welfare appropriations, thereby reducing the amount to be raised in the 1943 levy.

After conferences with the Highway Surveyor, we have recommended reduction in the appropriation for highway maintenance. We regret that the probably inability to obtain needed materials makes this act necessary.

Under Article 9 of the Warrant, you are asked to appropriate from available funds the sum of \$10,000.00 to establish a Post-War rehabilitation fund. We recommend that this sum be appropriated and be invested in interest-bearing Government Bonds.

Again this year, according to our information, there will be no funds available for Chapter 90, Construction Work. There may be, however, a small amount available for Chapter 90 maintenance. We are, therefore, recommending Article 10 which calls for an appropriation of \$1000.00.

The estimated receipts from outside sources will show a decrease this year, and we have taken this into consideration in estimating the tax rates.

The table which follows shows how we have arrived at our estimated tax rate.

Estimates	Recommendations
\$413,774.63	\$394,814.81—General Government Expenses (Amount to be raised in 1943 levy.)
42,000.00	42,000.00—Estimated State and County Taxes, etc.
8,769.25	8,769.25—Special Articles in Warrant
<hr/>	<hr/>
\$464,543.88	445,584.06
\$175,000.00	\$175,000.00
<hr/>	<hr/>
\$289,543.88	\$270,584.06—Estimated Tax Levy
\$37.12	\$34.72—Estimated Tax Rate (based on Valuation of \$7,800,000.00)

We wish to acknowledge the co-operation, assistance, and support given us by the various departments, town officials, and voters during the past year.

## Articles of the Warrant

March 1 and 6, 1943

---

Article 1. To hear the reports of the several Boards, officers and committees and act thereon.

Article 2. To raise such sums of money as may be necessary to defray the Town Charges for the ensuing year, and make appropriations for the same.

Article 3. To see if the town will vote to authorize the town treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1943, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Article 4. To see if the town will vote to raise and appropriate a sum of money for District Nurse Service, or take any action relative thereto.

**Finance Committee Recommend \$1000.00**

Article 5. To see if the town will vote to raise and appropriate the sum of \$150.00 for the use of the Plymouth County Trustees for County Aid to Agriculture and choose a town director as provided in Sections 41 and 45 of Revised Chapter 128 of the General laws, and act thereon.

**Finance Committee Recommend \$150.00**

Article 6. To see if the town will vote to accept the provisions of Chapter 710 of the Acts of 1941 relative to the registration and operation of certain bicycles or take any action relative thereto.

Article 7. To see if the town will vote to raise and appropriate the sum of \$260.00 to satisfy the following outstanding obligation of the Town of Whitman:

S. T. Howland, Salary of Inspector of  
Animals for 1942 \$260.00.

**Finance Committee Recommend \$260.00**

Article 8. To see if the town will vote to raise and appropriate the sum of three thousand four hundred and seventeen and 25/100 dollars (\$3417.25) for services and five hundred dollars (\$500.00) for expenses for Rationing Board administration, or take any action relative thereto.

**Finance Committee Recommend \$3417.25 for Services and \$500.00 for Expenses.**

Article 9. To see if the town will vote to appropriate, from available funds in the surplus account, the sum of not more than ten thousand dollars (\$10,000.00) to establish a Post-War Rehabilitation Fund under Chapter 5, Acts of 1943, or take any action relative thereto.

**Finance Committee Recommend the sum of \$10,000. the same to be invested in Interest Bearing Government Bonds.**

Article 10. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the maintenance of highways, said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose or take any action relative thereto.

**Finance Committee Recommend \$1000.00**

Article 11. To see if the town will vote to raise and appropriate the sum of two thousand and ninety-two dollars (\$2092.00) for construction of storm water drain on Brigham Street, or take any action relative thereto.

**Finance Committee Recommend \$2092.00**

Article 12. To see if the town will vote to raise and appropriate the sum of one thousand (\$1,000.00) to erect Honor Roll Board in honor of those who have entered the armed services from the town; said money to be expended under direction of the Board of Selectmen, or take any action relative thereto.

**Finance Committee Recommend \$1000.00**

Article 13. To see if the town will vote to authorize the school board to dispose of standard typewriters to the Army and Navy, or take any action relative thereto.

**Finance Committee Recommend any surplus machines be disposed of.**

Article 14. To see if the town will vote to accept a deed of certain land and buildings located on the west-erly side of Hayden Avenue, Whitman, and known as the G. A. R. Hall, from the Trustees of the Whitman Memorial Association in accordance with the terms and conditions described in a Declaration of Trust dated January 1, 1901 and recorded with Plymouth County Registry of Deeds, Book 825, Pages 285-288 inclusive, under the terms of which said Trustees are directed at the expiration of forty years from the date of said Declaration of Trust—

“To convey said property to said Town of Whitman, and its successors forever, to be held by them for memorial and patriotic and social purposes,” or take any action relative thereto.

**Finance Committee Recommend**

Article 15. To see if the town will vote to accept the provisions of Chapter 41, section 105 of the General Laws and amendment thereto relative to the election of Memorial Trustees; and at the Annual March election in 1944 elect five Trustees, two Trustees for a period of one year, two for a period of two years, and one for a period of three years, and as the term of each Trustee expires, a successor shall be elected for three years; and, to raise and appropriate a sum of money to be used by the Memorial Trustees to be appointed by the Selectmen for the ensuing year.

**Finance Committee Recommend as follows:**

**This Article be accepted.**

**The sum of \$500.00 be raised and appropriated.**

**The Selectmen be instructed to appoint as Memorial Trustees for the ensuing year the present Trustees of the Whitman Memorial Association.**

Article 16. To see if the town will vote to accept any or all of the following paragraphs of the Will of the late Charles H. Poole, or take any action relative thereto:

Fourth: To the Whitman Pubic Library I give and bequeath all the pieces of antique furniture, curios, the daguerreotypes of my father, mother and brother, and collections of all descriptions contained in my home at No. 44 Court Street, Whitman, Mass.; also, the mahogany china closet in the dining room of my said home, to be used for the keeping of the said collections.

Fifteenth: To the Town of Whitman, Mass., I give and bequeath the sum of Two Thousand dollars (\$2000.00) to be used for the purchase of an electric organ for the Town Hall as a memorial to my first wife, Carrie E. Poole, and my second wife, Helene L. Poole.

Twenty-eight: To the Town of Whitman, Mass., I give and bequeath the sum of Three Thousand Dollars (\$3,000.00), income only to be used for the benefit of the Whitman High School. This fund is divided as follows: One Thousand Dollars (\$1,000.00) in memory of Helene L. Poole; One Thousand Dollars (\$1,000.00) in memory of Carrie E. Poole; One Thousand Dollars (\$1,000.00) in memory of Charles H. Poole.

Twenty-ninth: To the Town of Whitman, Mass., I give and bequeath the sum of Ten Thousand Dollars (\$10,000.00), income only to be used for the benefit of the Whitman Public Library at the discretion of its Trustees. This fund is divided as follows: One Thousand Dollars (\$1,000.00) in memory of Hiram Poole; Two Thousand Dollars (\$2,000.00) in memory of Carrie E. Poole; One Thousand Dollars (\$1,000.00) in memory of William D. Poole; One Thousand (\$1,000.00) in memory of Charles H. Poole; One Thousand (\$1,000.00) in memory of Lydia K. Poole; One Thousand Dollars (\$1,000.00) in memory of Daniel Reed; One Thousand Dollars (\$1,000.00) in memory of Sarah Poole Reed; Two Thousand Dollars (\$2,000.00) in memory of Helene L. Poole.

**Finance Committee Recommend.**

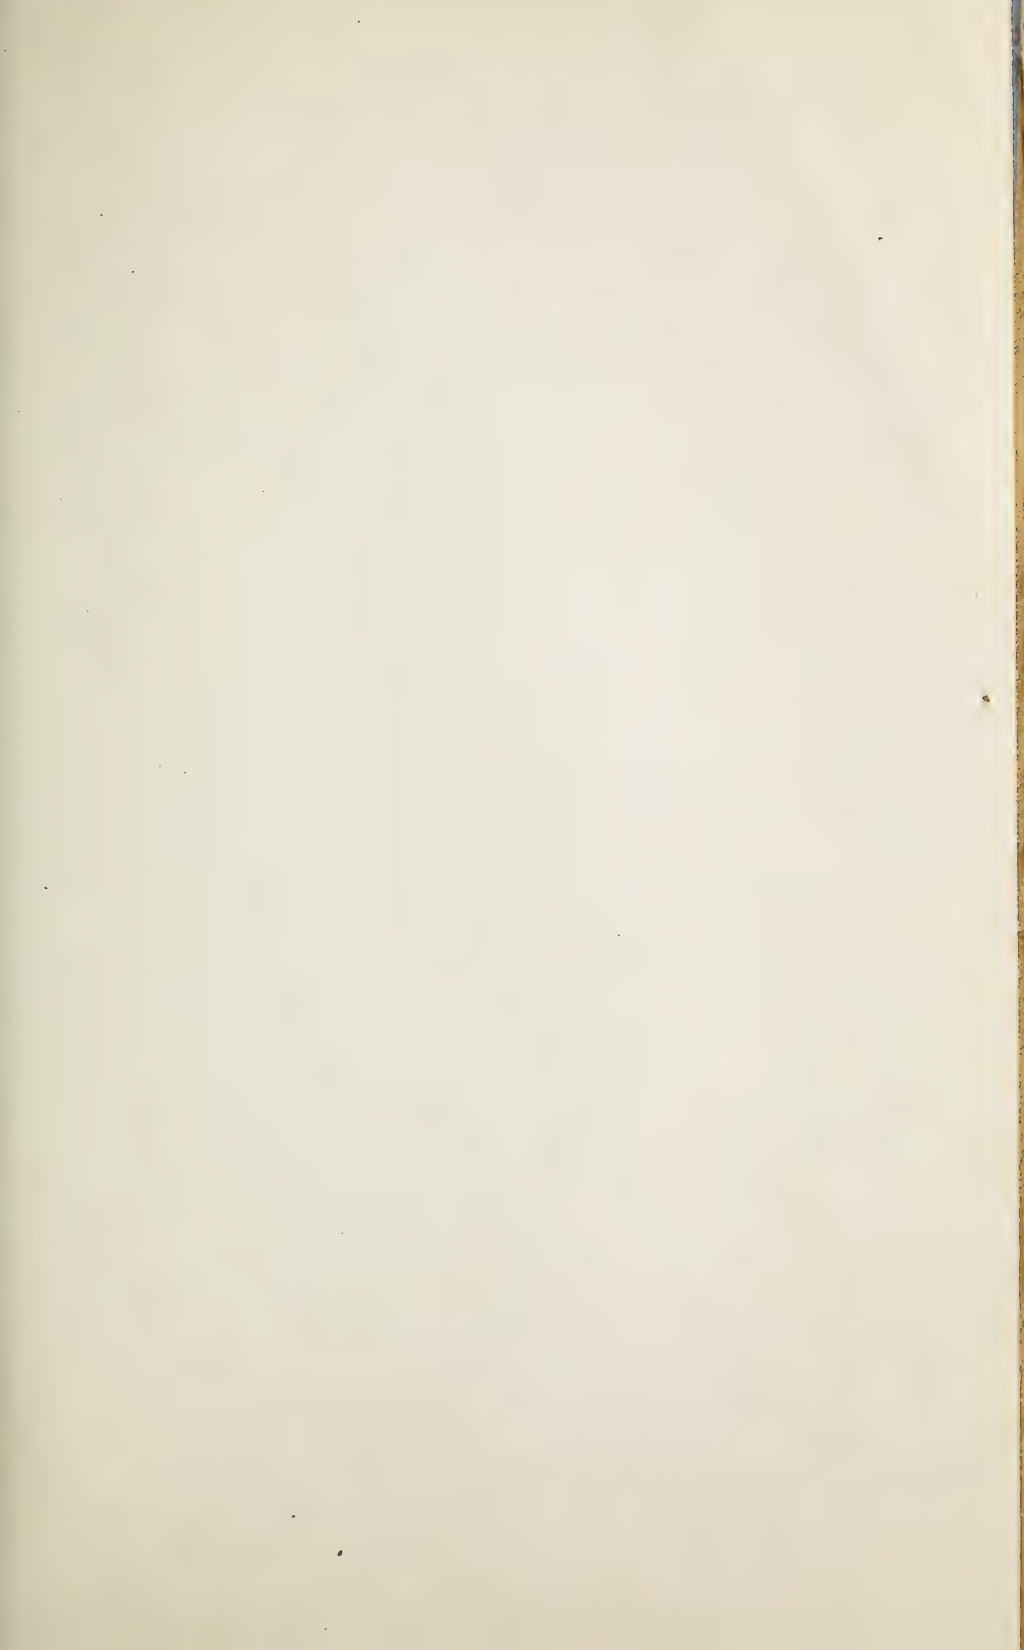

Article 17. To bring in their votes for the following officers; Moderator for one year; a Town Clerk for one year; A Town Treasurer for one year; five Selectmen for one year; Three members of the Board of Public Welfare for one year; one Assessor for three years; one highway surveyor for one year; two members of the School Committee for three years; one member of the School Committee for two years; one member of the School Committee for one year; one member of the Board of Health for three years; one member of the Park Commissioners for three years; one Water Commissioner for three years; one Water Commissioner for one year; one Town Collector for one year; two Trustees of the Public Library for three years; one member of the Planning Board for five years; five Constables for one year; one Tree Warden for one year; and to choose all other necessary officers.

FRED E. SHARP,

Town Clerk of Whitman.

# Report of the Town Accountant

---

To the Honorable Board of Selectmen:

I herewith submit the twenty-sixth annual report of the Accounting Department for the fiscal year ending December 31, 1943.

Owing to printing costs and the scarcity of paper, your Board has requested all departments to make their reports as concise as possible. If there is any particular detail in which citizens are interested, the information can be obtained from the department heads.

---	----------------

JUSTIN W. THAYER,  
WILLIAM HUSBAND,  
JAMES D. SWEENEY,  
Assessors of Whitman.

## Report of the Town Treasurer

---

To the Citizens of the Town of Whitman:

The report of the Town Treasurer for the year ending December 31, 1943 is herewith submitted in accordance with the requirements of the statute. Complete record of all the financial transactions may be found in the report of the Town Accountant and reference is hereby made to that report.

It may be of interest to note that no money was borrowed for anticipation of taxes during the year. So far as known this is the first time in the history of the town that a like condition has occurred. There are therefore no outstanding temporary revenue notes.

The cash balance on closing the books was \$180,829.64. The sum of \$690,673.07 was handled during the year.

Respectfully submitted

ARTHUR T. COLE,

Treasurer.

## Report of the Town Collector

In addition to the above report, I desire to voice my appreciation of the constant co-operation and helpfulness accorded me by the Honorable Board of Selectmen, the Town Treasurer, the Town Accountant, Finance Committee, Registrar of the Water Department, Board of Assessors, and other Town Officials with whom I have been closely associated for the past year.

To the Taxpayers of Whitman, I wish to express my deep appreciation of their efforts to meet their financial obligations to the Town.

Respectfully submitted,

GEORGE N. TOBIN,  
Town Collector,  
Town of Whitman.

# Report of the Board of Selectmen

---

To the Citizens of Whitman:

The Board of Selectmen submit herewith the sixty-ninth annual report for the year 1943.

## CHAPTER 90 HIGHWAY PROJECTS

During 1943 maintenance work satisfactory to the State and County was completed by the Highway Surveyor on Washington and Auburn Streets. An allocation of \$1,000.00 each by the State and County was made available for this work and the appropriation by the town was in the amount of \$1,000.00. Details of the expenditures for the work may be found in the report of the Highway Surveyor.

## STREET LIGHTING

The total expenditures for street lighting amounted to \$9,857.68. The number of street lights in operation was unchanged during the year 1943.

## SOLDIER'S RELIEF

The Board assisted in the care of twelve cases during 1943, expended \$3,170.85, and recommends an appropriation of \$5,000.00 for the year 1944.

## TOWN HALL

In compliance with orders from the State Department of Public Safety an exit was constructed in the lower hall leading to the outside. This was completed at a cost of \$459.40. Painting of the exterior of the town hall was also completed during 1943 at a cost of \$887.43.

## HONOR ROLL

In conformity with the vote of the town at the last annual town meeting, an Honor Roll was erected, and dedicated on Armistice Day. Additional names of those entering the armed forces will be added from time to time.

## W. C. EVERSON FUND

During 1943 the Trustee of the W. C. Everson Fund made available to the town for outings for children income

in amount of \$193.41. Upon recommendation of the Board and with the assistance of an active committee a field day was planned and held on Whitman Park on Labor Day. The event was completely successful and the funds made available were expended for prizes and other expenses.

### MISCELLANEOUS ITEMS

The Board approved and paid during the year an additional award for land damage in amount of \$1.00 to the N. Y., N. H. and H. Railroad for land taken on South Avenue in a previous year and approved by the County during 1943.

As licensing authorities of the town, the Board in 1943 approved and issued twelve licenses for the sale of alcoholic beverages for the year 1944.

Usual appointments of the various town officers, in addition to the ballot clerks, tellers and other election officials, as well as special police officers, constables and public weighers were made by the Board. Other routine matters such as the drawing of jurors, hearings and grants for pole locations, the issuance of licenses, etc., were taken care of as the occasion required.

The Board has again requested the various town departments to eliminate from the reports for 1943 subject matter not considered essential for the annual report, in order that the cost of the town report for 1943 may be comparable with that of the previous year. Should any citizen desire additional information other than that contained in the town report, such information may be obtained from the various departments.

Respectfully submitted.

FRANCIS T. KANE,  
CLINTON G. BRADSHAW,  
FRANKLIN K. HARDING,  
WILLIAM F. KENEALY,  
GEORGE J. HEDDERICG,

Board of Selectmen.

## Report of the Public Library Trustees

---

To the Citizens of the Town of Whitman :

Mrs. Ruth B. Mosley moved from Whitman and resigned her office as a trustee of the library. Her resignation was accepted with regret. Mrs. Mosley during her twelve years as a trustee of the library was always an enthusiastic, helpful, and interested worker.

The resignation of Miss Catherine Hinkley, assistant librarian, was also accepted with regret. In her twelve years as a member of the library staff, Miss Hinkley always performed her duties in a willing, courteous, and conscientious manner.

At a joint meeting of the Board of Selectmen and the Library Trustees, Mrs. Helen L. Reed was unanimously elected a trustee of the library.

Mrs. Phyllis Hill was appointed to the position of assistant librarian, and Evelyn Skidmore was added to the library staff.

There is a room at the library that should be used more. It is the Mary E. Pierce Memorial room which has been set apart as the adults' reading room. It is a retired, restful, and bookish room. Library patrons are cordially invited to use it. They will find it a quiet retreat for undisturbed reading.

The library received valuable gifts during the year. Mr. Charles H. Poole bequeathed a trust fund of

\$10,000.00, a large collection of antique furniture, and many articles of historic interest to the life and times of early New England.

Miss Mable Rand bequeathed her personal library, containing many classics in fine editions.

The Regal Shoe Company presented a large valuable plate glass display case.

Curtailement of town report space forbids an enumeration and description of the many new gifts. It is planned to issue a folder describing all the historic items in the possession of the library.

The outstanding need of the library is more room. There is not enough space to exhibit properly the many interesting and worthwhile articles that have been donated. It is necessary to store some of them in an outside storage room. It is hoped that in the near future a way will be found to provide more room for the library.

Attention of patrons is called to the library hours: 2:15 P. M. to 8:15 P. M.

Thanks and appreciation are expressed to Miss Holbrook and the library staff for the efficient and faithful performance of their regular duties and also for many hours of extra service rendered.

Respectfully submitted,

EUGENIA F. LOVELL, President,  
 RANDALL B. COOKE, Secretary,  
 MATTIE M. JENKINS,  
 HELEN L. REED,  
 JOHN T. COLLINS,  
 CHARLES F. FRAHAR.

## REPORT OF THE LIBRARIAN

To the Trustees of the Whitman Public Library:

The following is the report of the Whitman Public Library for the year 1943.

We have purchased nine hundred and eighty-seven books the past year, of these two hundred were juvenile. Book reviews and lists of best sellers are used in selecting them. Suggestions from patrons are always welcome. We have a special shelf of books given by the Woman's Catholic Guild, also pamphlets loaned by Girl Scout leaders, and religious books by a patron. Popular books will be held for anyone asking for them by a payment of two cents. Patrons are notified by mail and books are kept for them for two days. Once a week books are taken to the "shut-ins."

One hundred and sixty-seven books and many magazines were received and sent to the camps in March. We are still collecting books for this purpose. The library reading room is being used by the Whitman Stamp Club for their meetings.

### GIFTS

Many gifts have been received during the year. The Trustees in their report have acknowledged these. Thirty-five books have been received and many magazines. "The Food Garden" by Blair was given by the Woman's Garden Club. From the Sarah Champney, Reed and Howard funds some non-fiction and technical books have been purchased. A set "Dictionary of American History" was purchased from one of the above funds.

### BOOK WEEK

For Children's Book Week many new books were purchased for the younger children. The room was made attractive by maps, posters and book jackets showing the books purchased. Book marks were given out. Many children came to the library to read and take out these

books. Since then our circulation has increased. Children under twelve years of age use their parents' cards.

### APPRECIATION

The press has been very generous in allowing us space for listing our recent purchases.

We are grateful to the teachers for the cooperation in encouraging the children to read. Many books are borrowed by them and kept at the schools.

The librarian wishes to express her thanks to the Trustees for their unfailing support in conducting the affairs of the library, and to the staff for their help.

### REFERENCE WORK

More reference books are being used by the Junior and High School students. This means we should keep up to date our encyclopedias and magazine helps.

#### Statistics of Circulation

Total Non-Fiction	7,978
Adult Fiction	31,069
Juvenile Fiction	6,585
	<hr/>
Total Circulation	45,632

#### Financial Statement

Received from fines for the year, and handed to the Town Treasurer, \$367.94.

Respectfully submitted,

GRACE W. HOLBROOK,

Librarian.

# Report of the Fire Department

---

To the Honorable Board of Selectmen,  
Whitman, Mass.

Gentlemen:

I respectfully submit this, my annual report of the  
Fire Department for the year ending December 31, 1943.

## ROLL OF THE FIRE DEPARTMENT FOR YEAR 1943

Chief	Leon A. Peterson
Deputy Chief	Robert E. Nesmith
Superintendent of Fire Alarm	Robert Freeman

### ENGINE 1

Captain	Ralph Hatch
Lieutenant	John Raynes

10 MEN

### LADDER CO. 1

Captain	Frank Dexter
Lieutenant	Calvin King

12 MEN

### ENGINE CO. 2

Captain	Elmer Harding
Lieutenant	Arthur Jenkins

10 MEN

### PERMANENT MEMBERS

J. R. Brigham	*A. H. Wirzburger
Lawrence Phillips	*C. L. Wurtzburger

\* On leave for war duty.

### CLERK FOR THREE COMPANIES

Ralph Hatch

# ACTING PERMANENT MEN

Jenkins  
Landry

Baker

Hickey  
Rountry

Engine Co. 1 has answered 42 bell alarms, 114 still alarms, covered 248.1 miles, used  $7\frac{1}{2}$  gallons foamite, laid 10,270 feet booster hose, 5,550 feet  $2\frac{1}{2}$  inch hose, 4,150 feet  $1\frac{1}{2}$  inch hose and raised 472 feet of ladder.

Engine 2 has answered 30 bell alarms, 29 still alarms, covered 104 miles, used  $2\frac{1}{2}$  gallons foamite, laid 5,900 feet booster hose, 2,850 feet  $2\frac{1}{2}$  inch hose, 900 feet  $1\frac{1}{2}$  inch hose and raised 195 feet of ladder.

Ladder 1 has answered 43 bell alarms, 8 still alarms, covered 77.7 miles, used  $2\frac{1}{2}$  gallons foamite, 40 gallons chemical, laid 450 feet of  $2\frac{1}{2}$  inch hose and raised 158 feet of ladder.

Engine Co. 1 has answered 1 aid call to Brockton and 1 aid call to East Bridgewater.

The location for these fires can be had at the Central Fire Station.

I wish at this time to extend my thanks to Selectmen, Police, Members of the Fire Department, and all who by deed or act have helped me in the performance of my duties.

Respectfully submitted,

LEON A. PETERSON,

Chief Engineer, W. F. D.

## Report of the Forest Fire Warden

---

To the Honorable Board of Selectmen,  
Whitman, Mass.

Gentlemen:

There have been 84 fires of brush and grass origin. Most of these fires were small and put out quickly. The so-called incinerator and back-yard fires have increased because of a great deal more carelessness. We hope to see more caution against this type of fire for the year of 1944.

An incinerator is a container which no fire can escape from at any time and should be set where there is no grass or brush near to the same.

Respectfully submitted,

LEON A. PETERSON,

Forest Warden.

## Report of Town Forest Committee

---

To the Citizens of Whitman:

The Town Forest Committee has accomplished a great deal of work the past year, in the growth of small shade trees to be planted along the town's highways.

There was three hundred dollars (\$300.00) appropriated at the annual town meeting for the work. The committee spent of this appropriation, two hundred ninety five dollars and eighty seven cents (\$295.87) leaving a balance of four dollars and thirteen cents (\$4.13). This was used for materials, labor and supplies.

If this work can be continued there soon will be trees to be planted out each year by the Tree Warden.

Next spring there will be one hundred (100) Maple trees to be transplanted in this way.

The committee recommends a sum of money to be appropriated to carry on this work.

The committee also extends an invitation to any one to visit the Town Forest, located on Plymouth Street at the junction of Essex Street, at any time.

Respectfully submitted,

MORTON COBURN  
HERBERT A. FINEGAN  
ARTHUR SINGLETON

## Report of the Tree Warden

---

To the Citizens of Whitman:

There was a considerable amount of work done on the trees of the town as to removal and large limbs overhanging the road.

The elm trees are now sprayed twice every year. This method keeps them under control.

The beauty of any town is in its trees and foliage and they need constant attention.

For the coming year I recommend an appropriation of \$2,325.00.

Respectfully submitted

ARTHUR SINGLETON,  
Tree Warden.

## Report of the Moth Superintendent

---

To the Citizens of Whitman:

Every year the town is carefully covered for Gypsy Moth and Brown Tail Moth.

The Gypsy Moth infestation has been checked to a great extent the past few years by constant work in this line. Throughout the town the foliage of the trees shows the results of this work.

I recommend an appropriation of \$2,000.00 for the coming year.

Respectfully submitted

ARTHUR SINGLETON,  
Gypsy Moth Superintendent.

## Report of the Board of Health

---

To the Citizens of Whitman:

The Board of Health submits herewith the annual report for the year 1943.

The general health of the town is good. A minimum number of contagious diseases have been reported, and in order to improve conditions parents and doctors are again urged to report contagious diseases at once.

The roadways and surroundings at the Town Dump have been improved, and we wish to thank the Highway Department for the use of their bulldozer, and for fill. We hope in the near future to improve the Dump and its surroundings on a three department basis—Highway, Health and Water Departments co-ordinating.

We request all who use the Dump to cooperate with our new caretaker who is doing a fine job.

We thank the Earle Sewerage Disposal Service for their excellent co-operation during the year by contacting our office daily.

It was only necessary to bring one complaint to Court, although hundreds of complaints were received, everyone else was eager to correct the existing condition.

The following reports were made to your Board.

Respectfully submitted,

EVERETT L. TURNER,

Chairman.

THORNTON A. LANDERS,

Health Officer,

CHARLES J. COHOLAN,

Secretary.

## Report of the Dental Hygienist

---

To the Members of the Whitman Board of Health:

The following is a report of work done at the School Dental Clinic for the past year. It is a pleasure to present these statistics to the members of the Board of Health and the citizens of Whitman for it is evidence that, in spite of conditions caused by war, we are still performing a worthwhile service to the community.

It is a well known fact that dentistry is essential to the maintenance of health and the preservation of life and the citizens of Whitman should feel justifiably proud of their efforts in this respect. We, therefore, extend gratitude to the Board of Health for its unexcelled cooperation, to the attending dentists for their capable assistance and to all school officials for their untiring efforts which have helped to make this year successful.

### Statistical Report

Work done from January-December, 1943

Number of Examinations	778
Number of Cleanings	494
Number of Fillings	278
Number of Extractions	22
Amount of dental fees collected and returned to Town	\$189.25

Respectfully submitted,

RITA A. PILOTE,  
School Dental Hygienist.

## Report of the Health Nurse

---

Board of Health, Whitman, Mass.

Dear Sirs:

Following is my report for the past year:

I have made 35 home visits and have taken patients to Plymouth County Hospital for x-ray and physical examination.

At this time I would like to thank the Doctors and the Board for their cooperation.

Respectfully submitted,

DORA R. LANE.

## Report of Inspector of Plumbing

---

To the Whitman Board of Health

Gentlemen:

During the past year 18 permits have been granted and work approved.

There were 62 fixtures installed and \$62.00 in fees collected.

Respectfully submitted,

DAVID J. KAISER,

Inspector of Plumbing.

## Report of the Inspector of Animals

---

The Honorable Board of Selectmen

Gentlemen:

I beg to submit my report as Animal Inspector for the year 1943. There has been no outbreaks of any contagious disease among the livestock during the year.

The premises are in good condition. I have quarantined 13 dogs suspected of having rabies.

Respectfully,

S. T. HOWLAND, V. M. D.

## Report of the Inspector of Milk

---

The Whitman Board of Health

Gentlemen:

Following is my report as Milk Inspector for the year 1943.

In addition to the inspection of dairies I have issued 15 retail milk licenses and taken 24 samples of milk for laboratory examination.

Respectfully,

S. T. HOWLAND, V. M. D.

## Report of the Sealer of Weights and Measures

---

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year 1943.

The number of weighing and measuring devices sealed, adjusted or condemned are as follows:

	Sealed	Adjusted	Condemned
Scales	153	11	6
Weights	244	12	9
Liquid, dry measures	42		
Gasoline pump	1		
Gasoline meter pumps	58	8	2
Truck meter pumps	7	4	2
Bulk meter pumps	2		
Kerosene Pumps	10		
Linear measures	24		

The usual check of package goods and other commodities in stores was made, also the scales and licenses of pedlers were examined.

Respectfully submitted,

JAMES T. BEARY,

Sealer of Weights and Measures.

## Report of Board of Public Welfare

---

To the Citizens of the Town of Whitman:

The annual report of the Board of Public Welfare for the year 1943 is hereby submitted. A year ago we reported that as a consequence of industrial improvement there was a drop in the general relief load. We can now report that as a result of continued improvement in industry, a further drop in the case load took place in 1943.

The policy of the Board is to deny assistance to cases in which there are employable persons, as there seems no reason why anyone able to work should not be able to provide for themselves for the duration of the war.

We wish to express our appreciation for the assistance given the Board by the Visiting Nurse Association and to our local charities who have always cheerfully co-operated with us in relieving distress often preventing certain cases from becoming public charges.

### FINANCIAL REPORT

The number of cases aided directly during 1943 was 28, consisting of 61 persons. The number of Whitman settled cases aided in other cities and towns was 20 cases.

Amount expended		\$12,046.88

### AID TO DEPENDENT CHILDREN

A child to be eligible for Aid to Dependent Children Relief:

1. Must be under 16 years of age.
2. Must be under 18 years of age and attending public school.
3. Must have been deprived of parental support and care by reason of death, continued absence from home, or physical or mental incapacity of a parent.
4. Must be residing with a father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle or aunt, in a place of residence maintained by one or more of such relatives as his or her home.

Pending investigation, careful inquiry is made concerning the following:

1. That the parent is fit to bring up the children.
2. Ability of other members of family to help.
3. Relatives able to support or assist.
4. Individuals or societies interested.
5. Compelling those legally bound to support.
6. Securing all necessary aid possible from other sources.

Payments are made twice a month to the person accepted as the "parent"

## FINANCIAL REPORT

Respectfully submitted,

T. F. KENNEALLY,  
ANNIE C. CROWLEY,  
EARL W. GAY,

Board of Public Welfare.

## REPORT OF OLD AGE ASSISTANCE

The scope of Public Welfare Administration is constantly broadening and the Old Age Assistance during 1943 has been recognized as the most active category of relief under the Public Assistance Program. Our chief aim has been to meet the basic needs of those who have been unable to meet them through their own efforts or resources. Our responsibility still remains to administer proper advice and assist them in developing their capacity for self maintenance to insure an adequate and equitable standard of living. Due to the shortage of labor, employment with good wages is evident everywhere and some of our recipients have resumed employment and become self supporting.

Owing to the new amendment to the Old Age Law recently enacted and effective September 8, 1943 which deals with the contributions of children or legally liable relatives it has been necessary to recheck wages of sons and daughters in accordance with the requirements of the state department for the purpose of determining the liability of support. These children have been duly notified of their financial responsibility and in most instances have signed agreements to the required amount. However, there still remain a few cases which we feel will be settled without court decision. Old Age Assistance cannot replace the children's contributions but may supplement it.

The Local Bureau acts under Federal and State Laws which provide for Old Age Assistance and is supervised by the State Department of Public Welfare. The Local Bureau receives Federal and State Funds which pay a large part of the expense or cost and therefore it is necessary that we meet all requirements of laws of the Department of Public Welfare.

There have been substantial changes in the Servicemen's Dependents Allowance Act due to the recent Federal Legislation of which we must take advantage as well as the Social Security Plan for the reason that all income

is considered a resource and deducted from the total budget.

Due to this extra detailed curriculum it has been necessary by the recommendation of the State Department to appoint an agent qualified under Civil Service.

The following is a brief resume of 1943:

Total applications received	43
Applications approved	33
Applications rejected	10
Rejections based on the following:	
Not in need (children able to support)	7
Sufficient income	3
Cases closed	37
Reasons for closing:	
Death	11
Removed to other towns	6
Institutions	3
Resources	3
Employment	6
Children able to support	8
Active cases January 1, 1943	250
Active cases January 1, 1944	246
Whitman settled cases residing in other cities and towns	30
Cases with outside settlement	24
Cases with no settlement	31
Military settlements	6
Total number of Old Age Cases aided in 1943	283

#### FINANCIAL REPORT (Old Age Assistance)

## Report of the Highway Surveyor

---

To the Citizens of Whitman:

We swept the streets and trimmed out the brush in places most needed this Spring.

Bituminous materials were not released until the middle of September so we did some of our resurfacing quite late.

Under Chapter 90, Auburn Street from Beaver Street to Bedford Street was resurfaced with Emulsified Asphalt and  $\frac{3}{4}$  inch stone. Washington Street from Jenkine Avenue to Ellis Avenue was treated with a two inch covering of  $\frac{3}{4}$  inch stone bound with heavy tar.

Our regular work consisted of resurfacing with tar or asphalt and sand the following streets:

Alden St.	Park Ave.
Brigham St.	Raynor Ave.
Davis Ave.	No. Washington St.
Hobart Sq.	So. Washington St.
High St.	Whidden Ave. ext.
Lantz Ave.	Pleasant St.

In conjunction with the Victory Garden Committee we plowed all the gardens the citizens wished us to, using the sidewalk snow plow tractor. This machine being the crawler type, was not very well adapted to small plots and back yard gardens, the track grousers leaving marks wherever they touched. After the plowing season

was over, we considered it economical to have our tractor completely overhauled, this being its third season.

We do not advise plowing with this machine again after seeing the damage done to it by doing this work.

We installed two storm water drains, one on Brigham street, as voted at Town Meeting, and one on Hancock Street as money was allotted for it.

Improvements on the barn have been slow. We have widened the back yard some, and put in outside lights to aid in night work, of which we get much in the winter. Our equipment has been kept in good condition. The Bulldozer, having been improved a little at a time until it is in fairly good shape again, and the rest of the equipment being tightened and greased periodically.

Our power equipment consists of two tractors, a gasoline sand spreader, a sand loader, two water pumps, four cement mixers and a gasoline jack hammer. We also have the best sewer cleaning devices known. The best is none too good for this work.

A power roller is a piece of equipment we would greatly appreciate. Much of our work is incomplete and will not stand up without this equipment.

Thanks to the people and the Town Officials for the many courtesies.

Respectfully,

J. CARROLL BOYNTON,

Highway Surveyor.

J. CARROLL BOYNTON.

## Report of Public Safety Committee

---

To the Honorable Board of Selectmen:

Gentlemen:

Herewith is the report of the Public Safety Committee for the year 1943.

The Committee held its four quarterly meetings as required and had a fairly good attendance except for the last quarterly meeting at which time many of the members were unable to be present due to illness.

No recommendations for installing of traffic signs were presented by the Committee to the Selectmen as it was felt that the town was well protected under the present plan. However it was recommended that the flashing beacon at the junction of Washington, Beulah and Walnut streets be returned due to the lifting of the dimout.

Routine matters of painting of crosswalks and parking areas were taken care of by the Chief of Police.

Respectfully submitted,

FRANCIS T. KANE,  
CLINTON G. BRADSHAW,  
EDGAR C. MONROE,  
HAROLD E. COBURN,  
LINCOLN F. MILLET,  
MICHAEL F. HAYES,  
J. CARROLL BOYNTON,  
LEON A. PETERSON,  
LEROY L. PHINNEY,  
JAMES T. KIRBY.

## Report of Whitman Committee on Public Safety

---

To the Honorable Board of Selectmen:

The Whitman Committee on Public Safety presents herewith its report for the year 1943. The organization participated in five practice alerts during 1943 and attendance was considered satisfactory. Appropriation balance and a summary of expenditures for 1943 is shown below:

### CIVILIAN DEFENSE APPROPRIATION AND EXPENDITURES

For the Year Ended December 31, 1943

Appropriation balance Dec. 31, 1942	\$2,981.77
Expenditures:	
Equipment and supplies	\$347.76
Telephones	284.46
Electricity	156.70
Printing and stationery	94.50
Repairs report center	48.70
Miscellaneous	12.32
	<hr/>
Total Expenditures	\$944.44
	<hr/>
Balance December 31, 1943	\$2,037.33

During 1943 the town received from the State a refund of expenditures for equipment of Massachusetts State Guard—Whitman Company amounting to \$2,097.50.

We wish to extend our appreciation to all the members of the organization for their continued interest in the various activities of the committee.

Respectfully submitted,

FRANCIS T. KANE,  
Chairman.

## Report of the Park Commissioners

---

To the Citizens of Whitman:

The 1943 season was opened at the Whitman Park early in April. The entire Park and Memorial Arch plot received its annual spring clean up. The pond was drained, resanded and refilled as usual.

A large part of the Park funds this year was spent to care for the grounds and the trees. The commissioners feel that some playground equipment should be replaced each year as much of it is quite old and worn. However although the funds were available, the current shortage of such equipment made it impossible to replace any this year.

Late in the season a great deal of work was done on the trees. All of the necessary pruning was done and several trees were removed. Those removed were either diseased or were hindering the growth and development of other more important specimen trees.

The pond was left flooded at the end of the season so the small children would have a safe place to skate.

A detailed financial report will be found in the report of the Town Accountant.

Respectfully submitted,

HAROLD E. COBURN, Chairman

RAYMOND K. LITCHFIELD, Secretary

HERBERT L. SHEPHERD

## Report of the Rationing Board

---

To the Honorable Board of Selectmen,  
Whitman, Mass.

The Rationing Board takes this opportunity to thank the citizens of Whitman for their co-operation the past year.

A busy and troubled year has presented many problems which we trust have been satisfactorily decided.

The work of the Price Control Board, under direction of Mr. Ernest Moore, has increased considerably.

One clerk under Civil Service appointment, has been added to the general office force.

## Report of the Water Commissioners

---

To the Citizens of the Town of Whitman:

We hereby submit our report for the year ending December 31, 1943.

With the exception of starting the laying of the new main on Commercial Street with 10 in. Transite Pipe, and having to discontinue the work after laying only 155 ft., on account of the shortage of labor; we have carried out the regular maintenance work in the usual manner, which is covered in detail in the report of the Superintendent.

We would like to express our appreciation to all town departments and to the citizens of the town for their cooperation which has been given us during the year, and especially to the Highway Surveyor who has so willingly loaned us men when necessary in cases of emergency.

Respectfully submitted,

ELMER F. STAPLES,  
CARLTON P. MANN,  
ELTON H. SEAMANS,

Board of Water Commissioners.

## Report of the Water Registrar

---

Whitman, Mass., December 31, 1943

MARY A. MERRIAM,

Registrar.

## Report of the Superintendent of the Water Department

---

To the Board of Water Commissioners:

I hereby submit my report for the year ending December 31, 1943.

We started the extension on Commercial Street and laid 155 ft. of 10 in. Transite Pipe but could not complete same because of the shortage of labor. Other than the above it has been the usual upkeep of the Water System. All dead end bleeders have been shut off for the winter. Hydrants have been oiled and tested and we are still checking them.

Services—New	4
Services Repaired	6
Services Renewed	11
Services Pumped out	28
Services Shut off	46
Services Turned on	40
Service Leaks	15
Main Leaks	3

The Town has been free from serious crime which we hope will continue. I fully realize that whatever success we have achieved in maintaining law and order is due to the co-operation of the officers in my department.

I wish to thank the Honorable Board of Selectmen for my appointment as Chief of Police, and the Honorable Judges of the Second District Court holding at Abington and Hingham for the splendid co-operation they have given me in my department.

Respectfully submitted,

LEROY L. PHINNEY,

Chief of Police.

## Report of Trustees of Memorial Hall

---

To the Citizens of Whitman:

The trustees of Memorial Hall submit herewith a report for the year 1943, having been appointed by the Selectmen in accordance with a vote of the town at the annual town meeting in March, 1943. A summary of revenue and expenses for 1943 is as follows:

Revenue, March 19, 1943 to December 31, 1943	\$392.43
--	----------

Expenses:

Fuel	\$311.19
Services of custodian	306.00
Electricity, gas and water	43.38
Repairs	35.00
Insurance—liability	29.86
Supplies and miscellaneous	17.34

Total expenses	\$742.77
----------------	----------

An appropriation of \$1,355.00 for 1944 maintenance expenses is recommended.

Respectfully submitted,

 E. HAROLD RANDALL  
 ALFRED E. FREEMAN  
 BYRON M. HIGGINS  
 FRANCIS T. KANE  
 (ex officio)

## Report of County Aid to Agriculture

---

No greater service since the inception of the Extension Service has been rendered Plymouth County towns than in 1943. Under wartime conditions the County Agricultural Agents, Home Demonstration Agents, and 4-H Club Agents of our county office have contributed heavily to the wonderful record of production. The past year has seen thousands of new producers of food influenced in many ways directly or indirectly by County Aid to Agriculture. A great tribute is due the farmers of America for their part in this war effort. The greatest production in history was achieved under the most severe handicaps.

In addition to the Food Production and Preservation program, other new responsibilities fell on our Extension Service. Assignments of the United States Department of Agriculture in handling programs affecting the rural people have had a definite influence in the conduct of the farm business and home. A few of these follow: U. S. D. A. War Board, Farm Labor Program, Farm Rationing, cooperation with the Office of Price Administration, Farm Transportation, Priorities information, War Production Board assistance, and Selective Service help in reporting over five hundred cases for agricultural deferment.

All members of the Extension Staff devoted an increasing amount of time in 1943 to the promotion of production and preservation of food, with particular emphasis on home food production.

Carrying out the Governor's state-wide request, the local Extension Service assumed the responsibility of setting up Food Production and Preservation Committees in each town of Plymouth County. These committees

were made up of representatives from various town organizations. Some of their important functions included: arranging for mass meetings on gardening and canning, setting up information centers, making arrangements for plowing, and conducting Victory Harvest Fairs.

The County Extension Staff assisted the local committees by conducting meetings, making soil tests, preparing newspaper articles and circular letters. Hundreds of home gardeners were given help by telephone, office calls or garden visits. The agents worked with local committees in arranging for the harvest fairs.

The work accomplished by these committees was a real contribution to the war effort. It is believed that the experience gained along these lines in 1943 will be invaluable to a still greater food production program in 1944. Tribute is due the Town Committee members for their valuable work.

The agricultural agents' wartime program has been a flexible one in an attempt to do the most important assignments with the many other new responsibilities delegated these agents. The Farm Labor Program assigned to the Extension Service for direction and administration on May 1, though difficult, has proved of considerable success. Evidence of this may be found from the fact that 614 farm recruits were found and placed on farms during the year. Grave critical needs for permanent dairy and poultry help is still a major problem. Commodity educational programs were conducted for dairymen, poultrymen, fruit, vegetable, and cranberry growers, forestry products, and general livestock producers. By the guidance of commodity committees in each of these industries, the agricultural agents have shaped their educational program plans. As usual, all request farm visits have been fulfilled as promptly and efficiently as wartime conditions have allowed.

Conservation was the general theme of the Home Department in 1943. Meetings were conducted in many towns on the care and repair of home furnishings and equipment. Homemakers also received help along the

lines of nutrition and food buying in war time, and renovation of clothing. Nearly 2,500 women attended the 111 canning demonstrations which were held during the summer. These included demonstrations on canning vegetables, fruits, chicken, fish, and meat. From reports received, it would seem that these same women canned 445,000 jars of food—a sizable contribution to the winter's food supply. Information was also given on other methods of food preservation and home storage.

The 4-H Department set as its goal for 1943 "More Food Production and Preservation Club Members." The goal was reached, for the enrollment was 1,100 in 1942 and 1,800 in 1943. It is estimated that 20,825 jars were canned by 4-H canning club members, much of the food being produced at home by the members and their families.

It is desired that the garden project be a year-round project, and in one instance, meetings are being held throughout the winter. This gives the members an opportunity to plan their gardens and discuss their problems before the busy planting season arrives.

Emphasis has been placed on conservation, and the results have been most satisfactory. In spite of shortages, the members have continued with their various winter projects—Home Furnishings, Handicraft, Clothing—making something new from something old whenever possible.

LEROY GRINNELL,

Town Director of Agriculture.

## Report of the Dog Officer

---

To the Honorable Board of Selectmen:

Gentlemen:

As Dog Officer I wish to submit my report beginning January 1, 1943 and ending December 31, 1943.

During the year I answered 67 complaints; 6 dogs were put out of the way, for no taxes; 8 stray dogs were taken from the streets; 4 dogs killed by autos were buried; 8 dogs were quarantined; 14 complaints were investigated for killing fowl and annoying cattle; 526 licenses; 1 kennel license.

Respectfully submitted,

JAMES F. TERO,

Dog Officer.

## State Auditor's Report

---

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Whitman for the period from November 15, 1942, the date of the previous examination, to September 4, 1943, and submit the following report thereon:

The books and accounts in the town accountant's office were examined, checked, and compared with the records of the several departments in which money is collected or bills are committed for collection, and with the records of the town treasurer.

The general and appropriation accounts in the ledger were analyzed, the appropriations and transfers being compared with the town clerk's record of financial votes passed in town meeting and with the finance committee's authorizations of transfers from the reserve fund.

A trial balance was taken off proving the accounts to be in balance, and a balance sheet, showing the financial condition of the town on September 4, 1943, was prepared and is appended to this report. This balance sheet indicates that the financial condition of the town is very good.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was footed throughout, the recorded receipts were compared

with the departmental records of payments to the treasurer and with other sources from which money was paid into the town treasury, while the records of disbursements were compared with the accountant's books and the treasury warrants.

The treasurer's cash balance on September 4, 1943, was proved by reconciliation of the bank balances with statements furnished by the banks of deposit.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the several trust and investment funds in the custody of the town treasurer were examined and listed. The income and disbursements were proved and the balances were found to be as reported.

The tax title deeds held by the town were examined and listed. The amounts transferred to the tax title account were compared with the tax books, the recorded redemptions were verified, and the tax titles on hand were listed and reconciled with the accountant's ledger.

The books and accounts of the town collector were examined and checked in detail. The tax, departmental, and water accounts outstanding according to the previous examination, as well as all subsequent commitments were audited and proved to the warrants issued for their collection. The recorded receipts were checked with the payments to the town treasurer and with the town accountant's ledger, the abatements were compared with the records in the departments authorized to grant them, the taxes transferred to the tax title account were proved, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

Verification of the outstanding tax, departmental, and water accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received

thereto it appears that the accounts, as listed, are correct.

The efficient and accurate manner in which the work of the town collector has been performed is worthy of commendation.

The records of the selectmen, town clerk, police, and health departments for licenses and permits issued were examined and checked. The payments to the State were compared with the receipts on file and the payments to the town treasurer were checked to the treasurer's cash book.

The surety bonds of the financial officials bonded for the faithful performance of their duties were examined and found to be in proper form.

The records of all other departments collecting money for the town or committing bills for collection were examined and reconciled with the town treasurer's and the town accountant's records.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the town collector's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

While engaged in making the audit, cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

HBD:MMH

## Report of the Wire Inspector

---

To the Honorable Board of Selectmen,  
Whitman, Massachusetts.

Gentlemen:

I respectfully submit my report as Wire Inspector of the Town of Whitman for the year 1943.

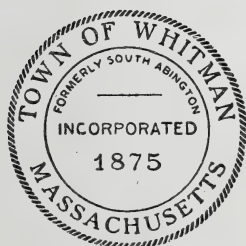

The number of permits issued for wiring installations show a small gain over the year 1942.

Many fire hazards have been removed and better wiring installations have been the result through the co-operation of the electrical contractors in our district.

Respectfully submitted,

W. LEO WELCH.

Regular meetings of the committee are held on the first Wednesday of each school month, at 8:00 P. M. in the High School Building.

### SUPERINTENDENT OF SCHOOLS

Frank E. Holt

Office, High School Building; Telephone 990  
 Residence, 911 Washington St.; Telephone 912  
 Personal appointments with the superintendent may be made at your convenience.

### SCHOOL DEPARTMENT OFFICE

High School Building                      Telephone 990

#### Office Hours

School Days: 2:30 P. M. to 5 P. M. and Monday evenings, 7 P. M. to 8 P. M.

School Vacations: Week days, except Saturday, 9 A. M. to 1 P. M., 2:30 P. M. to 5 P. M., and Monday evenings, 7 P. M. to 8 P. M.

### SCHOOL NURSE

Office, Junior High School Building; Telephone 992  
 Office Hours: 8:30 to 9:00 A. M., 3:30 to 4:30 P. M. on School days.

## SCHOOL CALENDAR

### School Terms, 1944-1945

#### SPRING TERM

Begins February 28, 1944                      Ends April 14, 1944

#### SUMMER TERM

Begins April 24, 1944                      \*Ends June 30, 1944

#### FALL TERM

Begins September 6, 1944                      Ends December 22, 1944

#### WINTER TERM

Begins January 2, 1945                      Ends February 16, 1945

#### SPRING TERM

Begins February 26, 1945                      Ends April 13, 1945

#### SUMMER TERM

Begins April 23, 1945                      \*Ends June 29, 1945

### GRADUATION EXERCISES

High School                                      June 16, 1944

Junior High School                              June 23, 1944

\*Last school session for pupils on preceding Friday.

### SCHOOL HOLIDAYS

Schools will not be in session on Saturdays, Legal Holidays, Good Friday, from noon on the Wednesday preceding Thanksgiving Day to the following Monday, or on the day of the Plymouth County Teachers' Convention.

The school calendar as printed is subject to change by action of the School Committee.

### No School Signal

The "No School Signal" is 2-2, sounded on the Town Fire Alarm System.

At 7:15 A. M. It indicates no session in any school on that morning.

At 8:15 A. M. It indicates no session in grades 1-6 inclusive, on that morning.

At 12:30 P. M. It indicates no session in any school on that afternoon.

### Tuition for Non-Resident Pupils (per year)

High School—1943-1944	\$112.00
*Elementary Schools	79.10

\*(As established by the School Committee and determined in accordance with Chapter 76, Section 7, of the General Laws Relating to Education.)

## Report of the School Committee

---

To the Citizens of the Town of Whitman:

The problem of finding suitably trained teachers to replace those entering the service or leaving to accept positions elsewhere continues one of the difficult duties of the Superintendent. For more than two months the position of supervisor of physical education for girls was vacant, while one of the grade positions is filled by a substitute. Likewise one of the janitorial positions is unfilled and the work is being done by high school boys on a part-time basis.

During the past year the shop equipment located at the Junior High school building has been expanded under the able leadership of Mr. Ludlow. Instruction is now being given to boys of the seventh and eighth grades as well as to first- second- and third-year high school students. This addition to our facilities meets a long-felt need and serves to make the offerings of our high school more adequate. We should continue to add to the shop from year to year.

In order to better prepare our young men for duties in the services or in industry a more intensive course in physical education has been established. Likewise additional offerings in mathematics and science have been made.

As soon as a lessening of wartime demands make equipment available, we should replace and modernize the heating and toilet facilities of the Gurney and Corthell Schools. Stoker equipment should be added to at least one boiler of the High, Junior High and Dyer Schools. If this work is spread out over several years

our buildings can be put in good shape at relatively small cost to the town.

During the year a conference was held with the School Committees of the towns of Hanson and Halifax and by agreement the High School tuition rate was raised from \$105.00 to \$112.00 a year.

A year ago it was anticipated that the budget for 1944 would be greater than for 1943. However during the year certain economies were made, with the result that the budget requested for 1944 is \$2,772.25 less than that voted by the Town for 1943.

By vote of the Committee the report of the Superintendent is made a part of this report.

Respectfully submitted,

LEO J. BURBINE  
CARLTON E. TUCKER  
WALTER R. BRITTAIN  
ALMA B. TABER  
ETHEL C. BEARCE  
CHARLES R. PRATT

## Report of the Superintendent of Schools

---

To the School Committee of Whitman, Mass.

Ladies and Gentlemen:

The annual report of the superintendent of schools, which I again have the pleasure of submitting for your consideration, presents a brief and partial review of the work of the school department for the calendar year ending December 31, 1943. This is the fifty-first number in the series of similar reports and, in order to make it both as comprehensive and compact as possible, much of the data is presented in tabular form.

### SCHOOL SAVINGS

The School Savings Report of the Whitman Savings Bank for the year ending in June 1943 is as follows:

Deposits made by enrolled pupils	
July 1, 1942 to June 30, 1943	\$2,997.62
Withdrawals July 1, 1942 to June 30, 1943	474.49
Net savings by enrolled pupils	
July 1, 1942 to June 30, 1943	2,523.13
Bank balance of enrolled pupils	
June 30, 1943	48,813.21
Amounts credited to individual	
accounts of pupils	\$48,038.11
Amounts not transferred, credited to pupils collectively by	
schools	774.10
Average number of depositors each week	262
Average gross deposit per pupil participating	\$5.98
Average net savings per pupil participating	\$5.03
Transferred July 1, 1942 to June 30, 1943	\$2,597.60

## HEALTH

In accordance with the new State law, foot examinations by the school physicians and school nurse have been added to the usual physical inspections given pupils annually. During the year the school nurse has assisted at the pre-school and diphtheria immunization clinics, sponsored respectively by the Whitman Visiting Nurse Association and Board of Health, and has taught classes in Home Nursing offered in connection with the Homemaking Course at the High School.

As in recent years, children who would otherwise not have been provided for have been supplied with milk by the Whitman Kiwanis Club and with shoes and rubbers by the Bostonian Club, and the Visiting Nurse Association sent five children to the Bailey Health Camp for a period of eight weeks during the summer. The fine work of these organizations is much appreciated by the school department.

The statistical summary of the work of the year is as follows:

### STATISTICAL REPORT

#### Report of Examinations by the School Physicians

Number of defects corrected	80
Number of notices sent home for defective tonsils	183
Number of notices sent home for defective hearts	19
Number of notices sent home for foot defects	16
Number of notices sent home for enlarged cervical glands	11
Number of notices sent home for hardened wax in ears	11

### Report of School Nurse

Number of school visits	345
Number of home visits	721
Number of children recommended for exclusion from school	148
Number of symptoms of communicable diseases	119
Number of symptoms of skin diseases	9
Number of symptoms of scalp diseases	20
Number of children taken home from school	92
Number of class periods taught at High School	12

### Report of Audiometer Test

Number of children tested	631
Number of children retested	61
Number of children with defective hearing	22
Number of old cases	10
Number of new cases	12
Number of discharged cases	7

### Report of Tuberculosis Prevention Program Follow-Up Clinic

Number of children tested and X-rayed	12
Number of children discharged	2
Number of children continued on follow-up service	10

### CHANGES IN TEACHING STAFF

Changes in the personnel of our teaching staff have continued to take place at an excessive rate, and there have been but few qualified teachers available to fill the vacancies which have occurred. A somewhat reduced enrollment in the High School, together with skillful program making by the principal, made it unnecessary to replace three of the high school teachers who withdrew from service during the year. Had this reduction in staff not been possible the problem of teacher-replacement during the year would have been even more serious than it has been.

Of the eight changes listed below Miss Gay and Mr. George accepted positions elsewhere, Miss Wood and

Miss Tate resigned to be married, Mr. Smith was taken by Selective Service, Mr. Watts passed away suddenly during the spring vacation, Miss MacKinnon withdrew from public school teaching late in the summer, and Miss Gurney retired from teaching in November.

The three teachers last mentioned had given long and faithful service in their respective positions. Mr. Watts had been principal of the Dyer and Junior High School buildings since 1918; Miss MacKinnon had taught at the Gurney School since 1921; and Miss Gurney had the unusual distinction of having been a public school teacher in Massachusetts for more than forty-two years, all but one year of this service being in Whitman and over forty years of it in the same school.

Of the teachers appointed during the year Mrs. Nickerson and Mr. Wilson were temporary appointees whose services ended in June. Miss Marjorie Howland is a graduate of the Bridgewater State Teachers College and taught for five and one-half years in Marshfield, Massachusetts before coming to Whitman. Mr. Daniel W. Leavitt is a graduate of Ithaca College and before coming to Whitman had been a teacher-coach in Randolph, Massachusetts since 1934. Mr. Benjamin J. Bump is a graduate of Bridgewater State Teachers College with five years of teaching experience in the schools of Hanson, Middleborough and Marion, Massachusetts, and both Miss Helen M. Glasle and Miss Mary M. Goodsill are also graduates of Bridgewater State Teachers College with records which indicated them to be well qualified for teaching positions.

At the close of the calendar year two vacancies in the teaching staff were still unfilled, and since that time another teacher has submitted her resignation and still another has entered the armed forces and been granted a leave of absence for the Duration.

The list of those transferred and of those whose services began or ended in 1943 is as follows, and of course does not include the two teachers last mentioned above.

### Deceased, Resigned, or on Leave of Absence

Name	School or Position	Service Ended
Alice Gay .....	Reed .....	February 5, 1943
Gordon B. George .....	High .....	February 5, 1943
Lloyd E. Smith .....	High .....	April 2, 1943
Rowland H. Watts .....	Junior High .....	April 16, 1943
Judith G. Wood .....	High .....	July 2, 1943
Mary B. MacKinnon .....	Gurney .....	August 27, 1943
Lillian E. Tate .....	Supervisor Phys. Ed. ..	November 12, 1943
Leila R. Gurney .....	Reed .....	November 26, 1943

### Transfer

Name	From	To	Date
Irvin D. Reade, Jr.	Junior High History & Science	Junior High Acting Principalship & Arithmetic	April 26, 1943

### Appointments

Name	School or Position	Service Began
Marjorie E. Howland ..	Dyer .....	January 18, 1943
Daniel W. Leavitt ....	High .....	February 8, 1943
Emily K. Nickerson ....	High .....	April 5, 1943
Harold Wilson .....	Junior High .....	April 26, 1943
Benjamin J. Bump ....	Junior High .....	September 6, 1943
Helen M. Glasle .....	Reed .....	September 6, 1943
Mary M. Godsill .....	Gurney .....	September 10, 1943

### The School Program and Activities

As a result of careful study by the faculty, a revised Program of Studies for the High School was submitted to and approved by the School Committee on April 14, 1943.

The most significant changes made include the extension of physical education for boys through the junior and senior years, the requirement that boys enrolled in the general course include as much mathematics and science as possible in their high school programs, and the provision for a third year of shop work in the industrial arts course. The courses and subjects now offered in the High School may be found among the statistical tables following this report, and it is anticipated that a

fourth year of work in the shop will be added to this list during the coming year.

Although the school enrollment in October was somewhat lower than that of the previous year, membership in the elementary school group again increased and was the largest since 1935. Pupils have continued to participate actively in the sale and purchase of war stamps, bonds, and other activities associated with the war effort. Because of vacancies in the teaching staff it has been necessary to temporarily omit some of the customary activities of the physical education program, but the school athletic teams have been able to complete limited schedules in spite of restrictions on transportation, and inter-school competition in basket ball has been resumed after a lapse of several years.

### SCHOOL DEPARTMENT EXPENDITURES

The larger items of routine expense for maintenance of the school plant during the year include the following. The outside of the High and Corthell buildings were painted, and considerable inside painting was done at the High, Dyer and Reed schools. The chimney at the Junior High School was repaired, and other necessary mason work done at the High and Reed schools. The program clock systems at the High and Junior High buildings and the heating controls at the High School received needed attention; fire extinguishers in all buildings were inspected, defective parts were replaced, and the extinguishers were recharged; and the stage curtains at the High and Junior High schools and window draperies in the High School assembly hall were flame-proofed. During the year it has also been necessary to purchase considerable material for repairing mastic floors at the High School, to replace a number of window shades at the High, Junior High, Corthell, Dyer and Gurney buildings and to pump out cesspools at the Junior High and Dyer schools.

The somewhat large expenditure for elementary books this year has included the usual replacement of worn-out texts, the addition of several sets of supplemen-

tary reading material, and the purchase of new seventh grade books in English, history, geography and hygiene, and of eighth grade books in English, arithmetic and history. The several additions which have been made to the High School reference library include a set of Encyclopedia Americana, and a set of Compton's Encyclopedia has also been purchased for the Junior High School. Other additions to our equipment include some apparatus for science classes in the High School, a baritone horn for the school band, a small radio for the Junior High School, material for ping pong tables and storage cabinets, already constructed or being built by the shop classes, and considerable equipment and material for the shop program, much of it for metal working.

With that previously purchased, the shop equipment for wood working now includes a table saw, jointer, band saw, two jig saws, eight wood lathes, a sander, and the necessary hand tools. Equipment for metal working includes two screw-cutting engine lathes, a twelve-inch shaper, drill-press, grinder, power hack saw, sheet metal former, break, stakes, anvil and an electric hand drill. We also have complete tool equipment for these machines, including precision instruments, and a considerable supply of steel stock for metal working projects.

### NEEDS OF THE SCHOOL DEPARTMENT

Although already listed or referred to in the school reports of 1940, 1941 and 1942, the following problems are becoming increasingly acute and in need of attention. With the expansion of the physical education and shop programs our gymnasium is no longer adequate for our needs and additional space is greatly needed for the use of Junior High School boys and girls. As soon as material is available, the High School athletic field should be fenced and developed to provide a safe and suitable field for football and other sports in our out-door program. Playground areas at the Corthell, Dyer, Gurney and Reed schools should be graded and surfaced with a tarvalithic or similar material. Lavatories at the Corthell, Gurney

and Reed schools, and the heating plants at the Cortrell and Gurney buildings, should be modernized. Drains from the cesspool should be extended and a new outside entrance to the shop provided at the Junior High building.

The other problems previously reported are also still important but of lesser magnitude, and it may be possible to solve some of them without special action by the town.

## CONCLUSION

Although of necessity the preceding part of this report has dealt chiefly with the administration, organization and material needs, and operation of the school program the fundamental reason for the existence of a school system should not be overlooked. Some of the present day problems of, and challenges to, our public schools are well presented in a recent article by the Chancellor of Syracuse University, Dr. William Pearson Tolley, from which the following quotations are taken.

"Surely, however, it requires no great wisdom to see that good schools prepare for tomorrow as well as today. In educating youth for change, we must do more than equip them with the skills needed for their first job. In a slave state vocational training may be education enough. For the education of free men much more is required. . . . There has been a steady diminution of interest in general or liberal education. There has been growing resistance to education for the living of a life as distinguished from education for the earning of a living. Whether this state of affairs is temporary or permanent, no one can say, but so long as it continues it is ominous for the future. . . . To educate soundly for the future, schools must have a wider view than their present concept of vocational education. If a school is really to prepare youth for the earning of a living it must look beyond the immediate job and survey a world in which fundamentals are of more enduring value than a single specialized skill. It must understand that in a changing world trades, too, become

outmoded and that with new machines the skill desired today may not be the skill needed tomorrow. . . .

"If the school is to prepare for life in the world of tomorrow, it must train its students for citizenship, for health, for leisure, for marriage and the home, for racial understanding and for international good will and brotherhood. It must teach values as well as facts. It must teach faith and hope, love and courage. And in so doing it must fill old needs in better ways, finding new methods of discharging both old and new responsibilities.

"In many respects the school that prepares for change must become a new enterprise. It must have a new kind of teacher, a new kind of curriculum, a greatly widened responsibility. Profiting from the lesson of war-time education it must define its objectives more clearly; it must make use of the new tools in testing and measurement, the new methods of teaching foreign language, the new mechanical aids of radio, photography, the motion picture, phonograph records, maps, charts and the new approaches to individualized education. Yet in one essential respect it should not be new at all. In the teaching of faith and courage, in its confidence in the power of human reason and its respect for the individual it must do what good schools and colleges have been doing for a long time. . . .

"Ours is a land made great by faith and by faith particularly in the power of religion, the power of human reason and the infinite worth of the individual. Thus we have laid great stress on schools and colleges and have fashioned a free society in which the individual has many rights anterior to government. Thanks to our great natural resources and our faith in these basic postulates; we have achieved a strength unmatched by any rival power. Never before has any people enjoyed so high a standard of living. Nowhere is there a land of brighter promise. . . .

"Nevertheless, the most critical need of America is still the recovery of a living faith in the postulates and

the institutions of democracy. . . . More and more, under the regimentation of war, we have been building a state after the totalitarian models we have affected to despise. While the new controls may be necessary to the successful prosecution of the war, it is becoming increasingly evident that only by a resurgence of faith in individual freedom will the growing powers of the state be checked when the war is over. Only by faith in ourselves and faith in free institutions can we make America a land of opportunity for all its citizens."

To measure up to these responsibilities and to meet the rapidly changing requirements of the present and immediate future is a large order. It can only be filled through the same united support and effort of the community, members of the School Committee, and personnel of the School Department which have made the achievements of the past year possible, and for which I again wish to express my appreciation.

Respectfully submitted,

F. E. HOLT,  
Superintendent of Schools.

## HIGH SCHOOL GRADUATION

The graduating exercises of the Class of 1943 of the High School were held at the Town Hall on the evening of June 18, 1943. The program was as follows:

Invocation

Rev. Linwood A. Rowe

A Word of Welcome

President Francis Xavier O'Rourke

Music—The Waltz

Strauss-Stoughton

The Pioneers

Stuart Hoppin

High School Chorus

Essay—A Future World of Peace

Gloria Marie Harrington

Music—Hungarian Comedy

Keler Bela

High School Orchestra

Essay—Ours Is the Future

Margaret Anne Minihan

Music—Soldiers of the Sea

Geoffrey O'Hara

Senior Double Quartettes

Presentation of Diplomas

Mr. Carlton E. Tucker

Award of Class of 1924 English Prize to Margaret Minihan

Award of Washington and Franklin History Certificate to Margaret Minihan

Award of Rensselaer Polytechnic Institute Medal to Francis O'Rourke

Award of "Ellen Conway Spellman" Prizes to Gloria Harrington and John Reed

Award of Preston Gurney-Jewell Prize to Gloria Harrington

Award of Whitman Woman's Club Scholarship to Margaret Minihan

Selections from Junior Class for Honorary Membership in the Whitman Woman's Club

Ruth Harrington and Marian Little

Award of Eugenia F. Lovell Medal to Gloria Harrington

Music—Class Ode

Elizabeth Comerford, Beverly Blanchard, Ernest Bubieniec  
Senior Class

The National Anthem

Senior Class and Audience

## SUMMARY OF STATISTICS

## 1. Attendance Figures

Population of town January 1, 1943	7,849
Number of children between 5 and 16 years of age in town October 1, 1943	1,186
Number of children between 5 and 7 years of age	206
Number of children between 7 and 16 years of age	980
Total school membership for 1942-1943	1,491
Increase from preceding year	2
Average school membership for year 1942-1943.	1,339
Decrease from preceding year	28
Average attendance of pupils 1942-1943	1,254
Decrease from preceding year	46
Percent of attendance	92.9
Decrease from preceding year	1.5

## 2. Cost of Schools, etc.

Valuation of town 1943	\$7,852,960.00
Increase from preceding year	34,425.00
Total amount raised by local taxation	272,504.64
Decrease from preceding year	8,135.82
Rate of Taxation per thousand	34.00
Decrease from preceding year	1.20
Cost of Schools 1943	142,665.09
Increase from preceding year	18,667.82
School Department revenue 1943	25,538.25
Net expenditures for schools from local taxation 1943	117,126.84
Net cost of schools for every thousand of valuation	14.91
Average cost per pupil, based on average membership	106.55
Increase from preceding year	15.84
Cost of school 1943 exclusive of repairs, upkeep and equipment	136,969.04
Increase from preceding year	17,896.12
Average cost per pupil, exclusive of repairs, upkeep and equipment	102.29
Increase from preceding year	15.18

Total estimated receipts		\$24,582.84

**Summary of Budget**

Total Budget submitted      \$140,227.75

Estimated School Department

Revenue as indicated above      24,582.84

Estimated net Budget for

Schools      

---

\$115,644.91

## Report of the Finance Committee

---

The Finance Committee submits herewith its report and recommendations covering appropriations asked for the year 1944, together with the estimates as submitted by the various departments and the combined appropriations; plus transfers for the year 1943.

Your Committee has begun a study of the various departments of the Town; with the view in mind of bringing before the voters suggestions which we feel will be for the best interests of the Town.

During the course of the year we have made a study of the Welfare Department. The work and requirements of this department are continually changing due to new laws and regulations, also due to increased participation by the Federal and State Governments.

After various Conferences with State Officials, reading regulations, etc., it is found that the tendency in this State is toward uniform methods in the giving of aid by the various divisions of the Welfare Department. As you all know the Board of Public Welfare gives aid under the following classifications:

- Public Welfare
- Aid to Dependent Children
- Old Age Assistance

These Officials recommend that Boards of Public Welfare be Executive and not Administrative Boards.

Following this reasoning they propose the department for Whitman should be:

- Three Elected Members
- One Agent
- One Visitor
- One Clerk-Stenographer

The elected members to serve at a nominal Salary of \$125.00 or \$150.00 each per year. They to attend meetings weekly, get reports from Agent and Visitor, make decisions based on these reports, and set the policies, etc. of the department.

The Agent to have general charge of the administrative work of the Board and to do some of the visiting. The suggested salary is \$1,450.00.

The Visitor is to do the investigating for the Board at a suggested salary of \$1,300.00.

The Clerk to do all the clerical work in the office at a salary of \$1,000.00.

Inasmuch as the Federal Government contributes to the cost of this department it is necessary that all employees be trained workers taken from the Civil Service Lists.

From the foregoing it can be seen that the cost would be approximately the same as our present setup.

Due to so-called step-up raises the cost of these employees would be increased about \$800.00 over a four year period.

THIS DEPARTMENT SPENT DURING THE PAST YEAR APPROXIMATELY \$130,000.00 OF TAXPAYERS' MONEY.

The Committee is of the opinion that this change should be made. However, the Committee believe that before such a change is made in this important department the voters should be given every opportunity to make a study of this proposal.

We have recommended the Article calling for \$2,000.00 to be used under Chapter 90 for Highway Maintenance.

We have not recommended the Article calling for an appropriation for two additional full time men for the Fire Department because we feel that now is not the proper time for such action.

The table which follows shows how we have arrived at our estimated tax rate.

Estimates	Recommendations
\$431,110.92	\$410,281.52—General Government Expenses (Amount to be raised in 1944 levy.)
30,000.00	30,000.00—Estimated State and County Taxes, etc.
7,120.00	3,500.00—Special Articles in Warrant
<hr/>	<hr/>
\$468,230.92	\$443,781.52
\$175,000.00	\$175,000.00
<hr/>	<hr/>
\$293,230.92	\$268,781.52—Estimated Tax Levy
\$37.24	\$34.13—Estimated Tax Rate (based on Valuation of \$7,875,000.00.)

We wish to acknowledge the co-operation, assistance, and support given us by the various departments, town officials, and voters during the past year.

SIGNED:

GEORGE J. J. CLARK, Chairman,  
FREDERICK H. ANDREWS, Secretary,  
CORNELIUS F. SWEENEY,  
CLIFFORD A. BUTLER,  
JOHN H. HOLMES,  
J. ERNEST VAUGHAN,  
CLARENCE L. PRATT,  
WILLIAM F. DUNPHY,  
PAUL A. BELAIRE.

## Articles of the Warrant

March 6 and 11, 1944

---

Article 1. To hear the reports of the several Boards, officers and committees and act thereon.

Article 2. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriations for the same.

Article 3. To see if the town will vote to authorize the town treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1944, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Article 4. To see if the town will vote to raise and appropriate a sum of money for the District Nurse Service, or take any action relative thereto.

**Finance Committee Recommend \$1,000.00**

Article 5. To see if the town will vote to raise and appropriate the sum of \$150.00 for the use of the Plymouth County Trustees for County Aid to Agriculture and choose a town director as provided in Sections 41 and 45 of Revised Chapter 128 of the General Laws, or take any action relative thereto.

**Finance Committee Recommend \$150.00**

Article 6. To see if the town will vote to raise and appropriate or transfer from available funds in the surplus account, the sum of not more than forty thousand dollars (\$40,000.00) to increase its Post-War Rehabilita-

tion Fund under Chapter 5, Acts of 1943, or take any action relative thereto.

**Finance Committee Recommend \$40,000.00 from Available Funds.**

Article 7. To see if the town will vote to raise and appropriate the sum of \$500.00 for a series of Band Concerts, said money to be expended under the jurisdiction of the Board of Selectmen, or take any action relative thereto.

**Finance Committee do not Recommend**

Article 8. To see if the town will vote to raise and appropriate the sum of two thousand dollars (\$2,000.00) for the maintenance of highways, said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, or take any action relative thereto.

**Finance Committee Recommend \$2,000.00**

Article 9. To see if the town will vote to raise and appropriate the sum of fifteen hundred dollars (\$1,500.00) for construction of storm water drain on Blake Street, from South Avenue to Park Avenue, or take any action relative thereto.

**Finance Committee Recommend \$1,500.00**

Article 10. To see if the town will vote to raise and appropriate the sum of three thousand one hundred and twenty dollars (\$3,120.00) to provide for two additional permanent firemen, or take any action relative thereto.

**Finance Committee do not Recommend at this time**

Article 11. To bring in their votes for the following officers: Moderator for one year; a Town Clerk for one year; a Town Treasurer for one year; five Selectmen for one year; three members of the Board of Public Welfare for one year; one Assessor for three years; one Highway Surveyor for one year; two members of the School Committee for three years; one member of the Board of

Health for three years; one member of the Park Commissioners for three years; one Water Commissioner for three years; one Town Collector for one year; two Trustees of the Public Library for three years; one member of the Planning Board for five years; two members of the Memorial Hall Trustees for one year; two members of the Memorial Hall Trustees for two years; one member of the Memorial Hall Trustees for three years; five Constables for one year; one Tree Warden for one year; one Trustee of the Public Library for one year; and to choose all other necessary officers.

FRED E. SHARP,  
Town Clerk of Whitman.

# Report of the Town Accountant

---

To the Honorable Board of Selectmen:

I herewith submit the twenty-seventh annual report of the Accounting Department for the fiscal year ending December 31, 1944.

Owing to printing costs and the scarcity of paper, your Board has requested all departments to make their reports as concise as possible. If there is any particular detail in which citizens are interested, the information can be obtained from the department heads.

Water Dept.		31,013.44
		<hr/>

Total receipts from all departments

and paid over to Treasurer \$360,010.96

In addition to the above report, I desire to voice my appreciation of the constant co-operation and helpfulness accorded me by the Honorable Board of Selectmen, the Town Treasurer, the Town Accountant, Registrar of the Water Department, Board of Assessors, Finance Committee, and other Town Officials with whom I have been closely associated for the past year.

To the Taxpayers of Whitman, I wish to express my deep appreciation of their efforts to meet their financial obligations to the Town.

Respectfully submitted,

GEORGE N. TOBIN,

Town Collector,

Town of Whitman.

# Report of the Highway Surveyor

---

To the Citizens of Whitman:

I respectfully submit my report for 1944.

## ADMINISTRATION

We have kept our office as usual in Room 1, Town Hall, employing a part time bookkeeper to keep accounts and records.

We have also made plans for finishing the Town's Highway Building on Essex St. We have curbed and loamed the front lawn this year and have hopes of putting up a beaver board ceiling next year and installing part of our steam heating system.

We intend to cut the driveways down to grade, and asphalt surface them if priorities will allow.

## RENTAL OF EQUIPMENT

Because of the mentioned labor shortage and also equipment shortage we are called upon many times to perform private work and also to rent the Town equipment for this work.

It has always been the custom of our department to help the citizens as much as possible when we can. This is one of the purposes of our department.

We have let out the bull dozer with operator at \$4.00 per hour. We have let out the jack hammer with operator for \$2.50 per hour. All these bills are being paid to the Tax Collector so as to eliminate any complications of finance.

When the W. P. A. ended, the department was left with four cement mixers. We are able to work one and

sometimes two of these, but the others stand idle. Many of the citizens have asked to use these and we have let them. We have not charged rental for same as most of the time the job would be only a matter of hours. The usual rental is only \$1 per day. It is very seldom a mixer is used a whole day by anyone.

### MAINTENANCE

Our maintenance work consists of resurfacing streets, cleaning gutters, patching and cutting back edges of the streets.

This year the following streets were tarred:

Auburn Street	2260 feet
Carleton Street	960 "
Burton Avenue	550 "
Chestnut Street	700 "
Vernon Street	800 "
Dewey Avenue	1050 "
Ellis Avenue	1025 "
Erin Street	900 "
Pearl Street	360 "
Forest Street	1500 "
Hancock Street	1300 "
High Street	1500 "
Highland Avenue	300 "
Lakeview Street	550 "
Myrtle Avenue	1010 "
O'Brien Avenue	450 "
Reed Place	440 "
Simmons Avenue	615 "
Thayer Avenue	590 "
Walnut Street	550 "

---

17,410 feet

Forest St. was surfaced for 1500 feet with 1 1/4" type "I" Base course and 3/4" type "I" Top course.

Under Chapter 90, North Washington St., from Ellis Ave. 2600 feet northerly to the Abington line, was also surfaced with the same material as Forest St.

Auburn St. from Washington St. to Harvard St. was tarred. We used a motor grader, trying to get the horse shoe marks out of the surface, but the base was so hard that we made little impression.

The next time we will use a medium curing asphalt and sand; then mix it with a motor grader, spread it and roll it. Our troubles will then be over in this section for awhile.

We have several streets that need a two inch cover to take the roughness out of them. Among these are Beulah St., West St., School St., Harvard St., parts of Auburn St., and Kendrick St. We are trying to do one or two of these a year until this work is accomplished.

Out of this appropriation, maintenance of equipment is paid . . . unless a piece of equipment fails while working on drains or snow. This is another cost that has to be dealt with.

The war has made the employment situation for the Highway a problem. The few men we have are good workers and they accomplish a great deal of work. They are trained to all the jobs we have to perform, such as tarring and sanding, operating the jack hammer, bull dozer, laying asphalt pavement, concrete work and many other varied tasks.

## PRIVATE WORK IN CONJUNCTION WITH THE TOWN

It has always been the custom of the Town to pay for the labor, and the private citizen to pay for the materials, whenever the citizen wished a sidewalk or a curb placed along the street adjoining their property.

Other private work on private property has nothing whatsoever to do with the Town and cannot be paid or collected for, by the Town. A strict account is kept of these operations showing cost, labor, and payments made for materials, equipment, etc.

## LIST OF EQUIPMENT AND SUPPLIES

The following is an account of the stock and equipment belonging to the Highway Department:

1 Conant Sand Loader	115 Lanterns
8 Snow Plows	2 Buck Saws
1 Allis Chalmers Tractor	2 One-Man Saws
1 Trailer	3 Carpenter Saws
1 Cletrac	2 Keyhole Saws
1 Tar Heater	1 Hack Saw
1 Wheel Jack	2 Alemite Guns (Air)
4 Cement Mixers	65 Picks
1 Jack Hammer Comp.	54 Grubs
1 Lindsay Portable Air Comp.	68 Pick Handles
1 Rex Speed Prime Pump	110 Street Brushes
1 Edson Pump	97 Handles
1 Drill Press	3 Sledge Hammers
1 Portable Electric Drill	4 Tamps
1 Gasoline Blow Torch	8 Crow Bars
1 Kerosene Blow Torch	1 Stone Cutter's Hammer
1 Grinder	600 Feet Snow Fence
2 Emery Wheels	3 Basin Shovels
1 Bit Stock	86 Long Handle Pointed Shovels
1 Drill Stock	16 Short Handle Pointed Shovels
1 Set Drills	55 Long Handle Snow Shovels
1 Set Bits	40 Short Handle Snow Shovels
1 Post Hole Digger	18 Iron Rakes
300 Feet Garden Hose	108 Pick Handles
163 Feet Drain Cleaning Rods	66 Gutter Shovels
1 Shower Bath	2 Wood Chisels
1 Flush	2 Cutting Pliers
1 Mason Hoe	20 Cement Chisels (Air)
5 Squeegees	1 Pair Tin Snippers
5 Scythes	7 Forks
5 Scythe Snaths	1 Soldering Kit
1 Electric Clock	1 Welding Kit
1 Set Sockets	4 Oil Cans
9 Box Wrenches	1 Square
1 Set Socket Wrenches	2 Levels
1 Set Double End Wrenches	8 Gal. Paint
2 Big Stillson Wrenches	
3 Small Stillson Wrenches	
4 Wheelbarrows	

## DRAINAGE

One of our first projects this year was to dig a canal from the swamp west of the High School to the ditch through Hobart's Meadow. There has been considerable controversy for many years as to whether a canal of this type would drain the water from or into this meadow west of the High School. It has now been proven that it drains the water from this meadow satisfactorily. The Town should think of piping this ditch in the future.

The rest of our drainage project is routine work such as cleaning catch basins, replacing broken pipe, and making extensions when necessary.

Money was appropriated to cover tapping a drain on Blake St. We put in two new catch basins and a cross drain which met the requirements.

## STREET SIGNS AND SIDEWALKS

As usual we repainted the street signs that needed same and renewed broken and rusted posts.

Because of the metal shortage we have been using wooden posts. We shall continue this practice until metal can again be obtained.

Repairing of cement sidewalks is an unending job. The frost raises or breaks many of the slabs. This keeps us busy the year around inspecting and repairing said walks.

## SNOW

Our snow equipment has been improved from year to year until we have a fairly good plowing outfit. However, there are three plow mouldboards that need replacing and we still can find good use for another "V" plow such as the Town purchased two years ago.

I thank the citizens and the Town Departments for their many courtesies throughout the year.

Respectfully,

J. CARROLL BOYNTON,  
Highway Surveyor.

## Report of the Sealer of Weights and Measures

---

To the Honorable Board of Selectmen:  
Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year 1944.

The number of weighing and measuring devices sealed, adjusted or condemned are as follows:

	Sealed	Adjusted	Condemned
Scales	177	8	6
Weights	316	4	4
Liquid Measures	49		
Dry Measures	7		
Gasoline pump	1		
Gasoline meter pumps	51	5	1
Truck meter pumps	9	3	
Bulk meter pumps	2		
Kerosene pumps	3		
Quantity stops on pumps	14		
Linear measures	22		
Cloth measuring machine	1		

The usual check of package goods and other commodities in stores was made, also the scales and licenses of pedlers were examined.

Respectfully submitted,

JAMES T. BEARY,  
Sealer of Weights and Measures.

## Report of Trustees of Memorial Hall

---

To the citizens of Whitman:

The trustees of Memorial Hall submit herewith a report for the year 1944. Gutters and conductors were repaired. A new foundation for a bulkhead and a new bulkhead was built. The building was also painted. At present, the building is in good condition.

Revenue, January 1, 1944 to

December 31, 1944

\$628.00

### Expenses:

Fuel	\$236.81
Services of custodian	\$366.00
Electricity, gas and water	\$81.76
Repairs	\$577.97
Insurance—liability	\$50.00
Supplies and miscellaneous	\$27.40

Total expenses

\$1,339.94

## Report of the Rationing Board

---

To the Honorable Board of Selectmen:

The Whitman War Price and Rationing Board, ending its third year of service, takes this opportunity to thank the people of Whitman for their continued co-operation during the past year.

Despite the many new rulings and amendments put into effect, the Board has endeavored to handle each problem to the satisfaction of all concerned.

The Board at present consists of three separate panels—Price—Food—Gas, Oil, etc.

To the price panel, ably handled by Mr. Ernest A. Moore and Mr. Charles Bell, has been added Mr. Archie Whiting.

The food panel consists of Mr. Barton Nash, Mrs. Arthur Kellaway, and Mrs. William Cody.

All other commodities are handled by the panel consisting of Mr. Elwood A. Wyman, Mr. Arthur Pegnam, and Mr. Manus Getchell.

Respectfully submitted,

HERBERT L. SHEPHERD,

Chairman.

## Report of the Town Treasurer

---

To the Citizens of the Town of Whitman:

Herewith is the report of the Town Treasurer for the year 1944 in accordance with the requirements of the statute. As usual, since the adoption of the state accounting system, complete details of all transactions of this department are to be found in the report of the Town Accountant.

For the second year in succession there was no money borrowed in anticipation of revenue, hence there are no outstanding temporary revenue notes.

The cash balance on closing the books on December 30th, 1944, was \$181,051.71. The sum of \$785,789.14 was handled during the year.

Bonds on the High School loan in the amount of \$15,000.00 are outstanding. This loan will be fully paid during the years 1945 and 1946.

Two notes of \$1,000.00 each, issued for the so-called Stamp Fund are outstanding and are due one in 1945 and one in 1946.

Much additional work is now required to handle the constantly increasing trust funds and the records made necessary by the United States government in the matter of the withholding taxes.

Respectfully submitted,

ARTHUR T. COLE,

Treasurer.

## Report of the Tree Warden

---

To the Honorable Board of Selectmen:

There was a considerable amount of work done on the trees of the Town as to removal and large limbs overhanging the road. Thirty new trees were put in on various streets.

The elm trees were sprayed twice for the elm leaf beetle. These trees require spraying at least twice in a season.

Owing to the severe storm in September there was considerable damage done to our trees and quite a number had to be removed. This will require more replacements.

I recommend \$2,325.00 be appropriated.

Respectfully submitted,

ARTHUR SINGLETON,

Tree Warden.

## Report of the Moth Superintendent

---

To the Honorable Board of Selectmen:

The Town has been canvassed for Gypsy Moth. The south side in particular; as some of our neighbors have neglected to do a thorough job.

This means that we will have more Moths to combat in the coming year.

I recommend an appropriation of \$2,000.00

Respectfully submitted,

ARTHUR SINGLETON,

Moth Superintendent.

## Report of Town Forest Committee

---

To the Citizens of Whitman:

The Town Forest Committee has made rapid progress in the growing of shade trees to be planted along the highways of Whitman.

This year the Committee has approximately one hundred (100) fine Maple trees to be turned over to the Tree Warden for this purpose.

Of the three hundred thirty dollars (\$330.00) appropriated at the annual town meeting, the Committee spent two hundred twenty-eight dollars (\$228.00) for labor and eighty-one dollars and sixty-three cents (\$81.63) for supplies and material, leaving a balance of twenty dollars and thirty-seven cents (\$20.37).

Next spring the Committee plans to plant several hundred more hardwood seedlings of various kinds so that there will be several varieties of shade trees growing in the town of Whitman.

The Committee feels that a sum of money should be appropriated each year to carry on this work of growing shade trees, as there is no other program to replace the trees that have been removed to improve the various streets of the town.

Respectfully submitted,

MORTON G. COBURN,  
HERBERT A. FINEGAN,  
ARTHUR SINGLETON,  
Town Forest Committee.

MRS. EUGENIA F. LOVELL

RESOLUTIONS ADOPTED BY THE TRUSTEES OF THE  
WHITMAN PUBLIC LIBRARY

Whereas, in the passing of Eugenia F. Lovell, not only the Library but various societies of this Town and surrounding towns have lost a valuable worker, friend and humanitarian, and

Whereas, the Trustees of the Whitman Public Library mourn the loss of this member, who gave the Library 48 years of faithful service,

Resolved, that the Trustees of the Whitman Public Library, at this meeting assembled, record their gratitude for her vision, for her life and leadership.

## Report of the Public Library Trustees

---

To the Citizens of the Town of Whitman:

As the war is prolonged books continue to be necessary—for inspiration, courage, enjoyment, and relaxation; for knowledge of skills in crafts essential to victory; to describe how, where, and whom we fight; and to explain the proposed programs for world peace. We have given much time and thought to the selection of new books and we believe your library has a well balanced collection. We would suggest to patrons of the library that they look over the non-fiction books on the open shelves of the main reading room. We also suggest, when you are waiting your turn for a “best seller”, that you select one of the old books you have always wanted to read. A few random suggestions: “Bleak House”, “Our Mutual Friend” by Dickens; “Vanity Fair” by Thackeray; “Middlemarch” by George Eliot; “Pride and Prejudice” by Jane Austen; “Kenilworth” by Scott; “The Return of the Native” by Hardy; “The Essays of Elia” by Lamb; “The Sketch Book” by Irving; “The Spy” by Cooper; “The House of the Seven Gables” by Hawthorne.

The need for more room for the library which has been pointed out in recent reports is still urgent. We are now planning to make the most of the space at our disposal by getting rid of some old fashioned, cumbersome book cases and by a rearrangement of radiators and furnishings.

Miss Mabel F. Rand bequeathed to the library a substantial sum of money for a trust fund. It will be known as the Mabel F. Rand Trust Fund.

A number of sets of necessary reference books including the latest edition of the Encyclopedia Britannica were purchased during the year from the income of our trust funds.

Mrs. Eugene F. Lovell, president of the board of trustees of the Whitman Public Library, died December 25, 1944. She was a member of the board of trustees for forty-eight years and served as president for thirty years.

Mrs. Lovell was richly endowed by nature with qualities that fitted her for service and leadership. She was sincerely interested in the library and she gave generously of her time and talents to bring it to a high state of efficiency and to make it more useful to the citizens of the town.

Fairness, tact, and good sense always marked her handling of the many problems connected with the administration of the library.

We will always hold in loving memory the friendly, courteous, and gracious manner she manifested in all her relations with us.

We are mindful of the interest, faithfulness and co-operation of Miss Holbrook and the library staff during the year and we express to them our thanks and appreciation.

Respectfully submitted,

RANDALL B. COOKE, Secretary,  
MATTIE M. JENKINS,  
HELEN L. REED,  
JOHN T. COLLINS,  
CHARLES F. FRAHAR.

## REPORT OF THE LIBRARIAN

To the Trustees of the Whitman Public Library:

The following is the report of the Whitman Public Library for the year 1944.

We have purchased eleven hundred books for the past year, two hundred and seventy were juvenile. Some of our readers ask for the best sellers so a great many of those purchased were from that list. The library subscribes for fifty magazines. This list includes news weekly, story, scientific, literary and art magazines. Magazines are kept on file for three years back at least and many for a longer time.

### SHUT-IN SERVICE

Once a week books are sent to homes where they cannot come to the library to get their own books. The books sent are chosen from lists submitted by these persons. We would be glad to serve more homes in this way.

A box of books and National Geographic and Readers Digest magazines was sent to Camp Standish this year.

### GIFTS

We are able from our funds to purchase additional books for reference: "Lands and People", "Book of Popular Science" and "Lincoln Library" were purchased from the Howard Fund; "Readers Guide", "Book Index" and "Current Biography", from the Sarah Champney Fund, and the "Encyclopedia Britannica" from the Pierce Fund. The library has additional gifts to display in a new glass case, and room is being made for this.

### BOOK WEEK

Every fall a week is set aside called Book Week. The library had many new books on display that were especially for children. Book jackets and posters made the room attractive. During the week book marks were given out to the juvenile readers.

Our books are borrowed by many of the teachers of the grade schools. In this way more pupils get interested in reading and come to the library for books. Posters and pamphlets are also borrowed for school use. The High School pupils have a special shelf of books chosen from their reading lists. We have also a shelf for the Girl Scouts and one for the Catholic Guild.

### APPRECIATION

We thank the press for printing our book lists.

The librarian wishes to express her appreciation to the Trustees for their support and co-operation and to the staff for their help in carrying on the work.

### Statistics of Circulation

Total Non-Fiction	7,635
Adult Fiction	31,650
Juvenile Fiction	6,482
	<hr/>
Total Circulation	45,767

### Financial Statement

Received from fines for the year, and handed to the Town Treasurer, \$391.48.

Respectfully submitted,

GRACE W. HOLBROOK,  
Librarian.

## Report of the Board of Health

---

To the Citizens of Whitman:

The Board of Health submits herewith the annual report for the year 1944.

The general health of the Town is good. In order to prevent the spread of contagious diseases, persons are requested to abide strictly by the quarantine regulations as prescribed by law through our Health Department physician.

To assist in better maintenance of the Town Dump the Health Department is requesting the Town at the next Annual Town Meeting, to transfer the care of the Dump and so-called "Clean Up Days" to the Highway Department. We feel they have the proper equipment to maintain the Dump in an orderly condition at all times.

We regret the resignation during the year of our school Dental Hygienist and as yet we have not been able to replace her on a full time basis. With the excellent co-operation of Miss Frances Linn, School Nurse, we are endeavoring to keep this important work going with the aid of a part-time Hygienist and Dr. John Collins, Dentist. We hope to have a full time Hygienist as soon as it is possible to secure one.

On account of the manpower shortage our regular garbage collector was forced to give up. We were fortunate in securing a new man whom we hope will be as efficient as the former one.

The following reports were made to your Board.

Respectfully submitted,

EVERETT L. TURNER,

Chairman.

THORNTON A. LANDERS,

Health Officer.

CHARLES J. COHOLAN,

Secretary.

## Report of the Dental Hygienist

---

To the Members of the Whitman Board of Health:

Herein is a report of work done at the School Dental Clinic for the period of January through June, 1944.

There seems to be no doubt in the minds of the most judicious that dental disease is the most widespread disease now afflicting civilized nations. With this in mind, we all have a duty to perform in helping to improve conditions. During my seven years as dental hygienist in Whitman, I have noticed a definite improvement in the teeth of those children who attended the Clinic regularly. However, we must not lessen our efforts, for only with constant attention can we hope to gain the desired results.

We have been fortunate in having the services of two capable local dentists. Their work has been the best and to them, I extend sincere thanks for their co-operation.

In closing, I would like to extend my gratitude to the members of the Board of Health, school officials and to all those who have helped, in any way, to make the past years successful.

### Statistical Report

Number of examinations	420
Number of fillings	144
Number of extractions	21
Number of cleanings	350
Amount of fees collected and returned to Town	\$125.25

Respectfully submitted,

RITA A. PILOTE,  
School Dental Hygienist.

## Report of the School Nurse

---

To the Members of the Whitman Board of Health:

In addition to Mrs. Pilote's report from January to June, herewith is the report of the School Dental Clinic from September to December 1944 inclusive.

Handicapped in September, without a dental hygienist, the school dental clinic managed to operate to a certain extent. Assisted by the school nurse, the school dentists consented to continue the dental work in the clinic.

It has been the policy of the clinic to fill the first permanent teeth, commonly known as six year molars, in the first three grades. This was extended to the fourth grade which we deemed necessary. The Gurney, Reed and Corthell schools have had work done, and the Dyer school children will have the opportunity in the early part of 1945.

We were enabled to have only a few children's teeth cleaned, but we are still hopeful of securing a dental hygienist.

We are very grateful in having Dr. Collins and Dr. Kenneally continue the splendid service they have always given to the clinic.

The co-operation of school officials and members of the Board of Health is greatly appreciated.

Following is the statistical report:

Number of children examined	308
Number of children having cavities	202
Number of children signing for clinic	180
Number of fillings completed	251
Number of extractions of first teeth	6
Number of cleanings	21
Amount of fees collected and returned to Town	\$67.25

Respectfully submitted,

FRANCES E. LINN,  
School Nurse

## Report of the Inspector of Plumbing

---

To the Whitman Board of Health,  
Gentlemen:

During the past year 28 permits have been granted and work approved.

There were 88 fixtures installed and \$88.00 in fees collected.

Respectfully submitted,

DAVID J. KAISER,  
Inspector of Plumbing.

## Report of the Milk Inspector

---

To the Whitman Board of Health,  
Gentlemen:

Following is my report as Milk Inspector for the year 1944.

I have taken 19 samples of milk for laboratory inspection; issued 15 retail milk licenses; taken 14 samples for the sediment test.

The milk at the present time is clean and the bacteria count very low.

Respectfully submitted,

S. T. HOWLAND, V. M. D.

## Report of the Health Nurse

---

Whitman Board of Health,

Gentlemen:

I submit the following report for the past year.

I have made 28 home visits, some of these being made with Miss Johnson, rehabilitation worker, of Brockton. Twenty-one persons were taken for X-ray and physical examination.

Respectfully submitted,

DORA R. LANE.

## Report of the Animal Inspector

---

To the Honorable Board of Selectmen,

Gentlemen:

I beg to submit a report of my work as Animal Inspector for the year 1944. During the year, I have examined 445 cattle, 31 premises, and quarantined 23 dogs suspected of having rabies.

Respectfully submitted,

S. T. HOWLAND, V.M.D.

## Report of the Park Commissioners

---

To the Citizens of Whitman:

The 1944 season at Whitman Park opened about the first of April. For several years the Commissioners have felt that the proper care of the Park required the work of more than one man but the appropriation was not sufficient to have extra help for more than a few weeks. The Park covers more than thirteen acres and most of it is seeded and requires mowing. This job alone requires almost the full time of one man.

This year the Commissioners hired one man for the full season as caretaker and an extra man for as much of the season as was necessary to keep the Park in good condition. The funds were partially available because no new equipment could be purchased due to present conditions.

The trees were sprayed and cared for as usual. This work is of primary importance because the trees and shrubs are the greatest asset of the Park. The hurricane did some damage among the trees but fortunately none were lost.

The entire property including all buildings is in good condition. The one thing that the Park needs very much is playground equipment. None, however, has been available for the past two years, but after the war nearly all of it will have to be replaced.

Respectfully submitted,

HAROLD E. COBURN,

Chairman.

RAYMOND K. LITCHFIELD,

Secretary.

LLOYD J. CURBY,

## Report of the Plymouth County Aid to Agriculture, 1944

---

All members of the Extension Service staff devoted an ever-increasing portion of time directly and indirectly in promoting the production and preservation of food. County Agricultural, Home Demonstration, and 4-H Club Agents were united in their Food Production Program. This has been one of the most difficult seasons for our farm people in Plymouth County, the weather being the chief factor with which we had to contend. Crops were greatly reduced, particularly cranberries which had one of the smallest crops in the history of the industry. The hay crop for our dairy farmers is also in this category, and vegetable farms also suffered severely.

Labor has been very acute, but through the funds made available through the War Food Administration, the Farm Labor Program was turned over to the Extension Service. Under this program, 235 Jamaicans were imported to assist the cranberry industry, and 13 Newfoundland laborers were imported to help our dairy farmers. The total recruitment of workers, including boys and girls, and the above, numbered 696. The Farm Labor Program is cleared through the County Agricultural Agent's office.

Another wartime activity which required an increasing amount of time was the investigation of Selective Service cases, and during the past year 1016 cases were investigated and reported to the local Selective Service boards.

The County Agents participated in 251 meetings during the past year ranging from project meetings such as cranberry, poultry, dairy, forestry, market gardening, to committee meetings, and many other meetings in which we appeared on the program.

The County Staff on the request of the Governor continued the local Food Production and Preservation Program in each town in the county. An active committee was established in each town, and made a definite contribution to the war effort in promoting home food production in Plymouth County. These local committees should be highly commended for the time and effort that they gave freely to this food program.

The Home Department continued to stress Conservation of food, clothing, home furnishings, and equipment, during 1944. Sewing machine Clinics were held in the various towns throughout the country. At these meetings 242 homemakers learned to thoroughly clean and adjust their machines. Follow-up meetings taught better use of the sewing machines with emphasis on use of attachments.

Four hundred and forty-seven attended slip cover demonstrations, which had been preceded by a lesson on the repair of spring-unit cushions. Due to poor growing conditions, less vegetable canning was done in Plymouth County during 1944, than in 1943. However, meetings on food preservation were conducted in all sections of the county, and many individual problems were answered by the agents from the office and while making home service calls.

So long as the nation is at war, Conservation is destined to be the basis of all the teaching done by the Home Department, and they are proud of the contribution the homemakers make to the national conservation program.

In accordance with the all-over Extension program, the 4-H Department placed emphasis in 1944 on conservation. "Feed a Fighter or More in '44" was the slogan adopted by the club members for their food production and preservation program. Weather conditions, however, were against the members and gardens did not produce as much as last year. Because the home gardeners were

not successful, the canning club members did not preserve as much as in 1943.

The sheep project which was new to Plymouth County proved to be very successful. Sheep shows at the fairs attracted much attention, and were instrumental in securing new enrollments in the projects.

4-H Town Committees were organized by the club agents in several towns throughout the county. The duty of the committees is to head-up club work in their respective towns. Such an organization leads to a very successful 4-H program within the community.

In line with a proposed program for young people, help has been given to older youth groups by the agents. The 4-H Service Club, which has been inactive since the war began, was also reorganized.

LEROY GRINNELL,  
Town Director of Agriculture.

## Whitman Committee on Public Safety

---

To the Honorable Board of Selectmen:

The Whitman Committee on Public Safety submits herewith its report for the year 1944. During the year activities of many of the committee units became that of a stand-by status which may resume its civilian defense duties upon short notice. Telephones at the report center, maintained by the town, were discontinued during the year and emergency facilities for the use of the committee were made available at the Town Hall. The work of the salvage committee during the year was successful.

The committee extends its appreciation to its members and to those who have assisted in its program during the year. A summary of appropriation balances and expenditures during the year follows:

Balance, January 1, 1944	\$2,037.33
--------------------------	------------

Expenditures during year:

Telephones	\$102.74
------------	----------

Miscellaneous supplies, A. C. Freeman	7.86
---------------------------------------	------

Postage, stationery; Property Officer	3.15
---------------------------------------	------

Total expenditures during year	\$113.75
--------------------------------	----------

Balance, December 31, 1944	\$1,923.58
----------------------------	------------

Respectfully submitted,

FRANCIS T. KANE,  
Chairman.

# Report of Board of Public Welfare

---

To the Citizens of the Town of Whitman :

The Board of Public Welfare respectfully submits its annual report for the calendar year 1944. Owing to the continuance of the present industrial situation due to necessary war production there has been very little Temporary Aid granted to employable cases with the exception of one or two instances where through sickness or misfortune it was necessary to tide them over for a short while.

The unemployable persons aided are those who through infirmities or age are unable to earn their living yet are not eligible to receive Old Age Assistance.

The trend towards increased liberality in the care of the needy which applies to all three categories, and the difficulty in arranging for the proper care of old and feeble persons who need special care has caused the cost per case to increase to quite an amount, and will continue to do so until after the war is over.

We wish to express our deep appreciation for the fine co-operation given us during the past year, by many public spirited persons representing the various charitable organizations in the town, who have always cheerfully contributed to help relieve the distress of those in need of help, often preventing the necessity of granting public assistance.

## FINANCIAL REPORT

### General Welfare

The number of cases aided directly under General Welfare during 1944 was 22 cases comprising 36 persons. Of this group, 9 cases were settled in Whitman, 9 were unsettled therefore State cases, and 4 were in other cities

or towns. The number of Whitman settled cases aided in other cities or towns, and charged to this town were 11.

### AID TO DEPENDENT CHILDREN

A child to be eligible for Aid to Dependent Children Relief:

- 
1. Must be under 16 years of age.
  2. Must be under 18 years of age and attending public school.
  3. Must have been deprived of parental support and care by reason of death, continued absence from home or physical or mental incapacity of a parent.
  4. Must be residing with a father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle or aunt, in a place of residence, maintained by one or more of such relatives as his or her home.

Pending investigation, careful inquiry is made concerning the following:

1. That the parent is fit to bring up the children.
2. Ability of other members of family to help.
3. Relatives able to support or assist.
4. Individuals or societies interested.
5. Compelling those legally to support.
6. Securing all necessary aid possible from other sources

Payments are made twice a month to the person accepted as the "parent".

 ANNIE C. CROWLEY,  
 C. S. JOSSELYN,  
 Board of Public Welfare.

## REPORT OF OLD AGE ASSISTANCE

To the Board of Public Welfare,  
Whitman, Mass.

I herewith submit my report as Agent for the year ending December 31, 1944:

During 1944 the Old Age Assistance has been the most active category of relief under the Public Assistance Program. Two hundred and eighty-one persons have received aid and although the total expense has been \$105,331.34 the NET COST to the TOWN has been \$14,969.21.

Thirty-seven new applications were received, thirty-five of which were approved and two rejected. The "Children to Support" clause remains in effect and for this reason it has been necessary to review and rebudget cases more often in order to determine the liability of children now earning higher wages in defense employment. However, on January 1, 1944 the basis of Children's Contributions was reduced, which stresses the more liberal attitude of the State Department with regard to the aged.

Social Security and Servicemen's Dependents Allotments have been considered resources wherever possible and in such instances it has been necessary to sponsor only supplementary amounts.

All budgets are adjusted according to the Standard Budget Schedule approved by the State Department and with higher wages there is higher cost of living and therefore a more liberal budget requirement adjusted by the State Department.

This active category has carried on the extra detailed program more efficiently this year due to the increased clerical assistance. Since July the local bureaus have been required to establish the net amounts reimbursable by the State and Federal which procedure previously was adjusted by the State Department.

The number of active cases on the rolls in January, 1944, was 246, and in January, 1945, was 232. Forty-nine cases were closed during 1944, the reason for which follows:

Death	12	
To other towns	17	
Institutions	3	
Resources	3	
Employment	3	
Children able to support	7	
Income	1	
Inheritance	3	
Cases with Whitman settlements resid- ing in other cities and towns	24	
Unsettled cases	48	
Military settlements	10	
Average cost per person, January 1, 1944		\$35.45
Average cost per person, January 1, 1945		\$36.85

#### FINANCIAL REPORT

Town Appropriation	\$60,000.00	
Federal Reimbursement	47,875.39	
Refunds	75.00

## Report of the Dog Officer

---

To the Honorable Board of Selectmen,  
Gentlemen:

As Dog Officer I wish to submit my report beginning January 1, 1944, and ending December 31, 1944.

During the year I answered 57 complaints, 6 dogs were put out of the way, for non-payment of taxes; 13 stray dogs were taken from the streets; 7 dogs killed by autos were buried; 11 dogs were quarantined; 9 complaints were investigated for killing fowl and annoying cattle; 538 licenses were issued, 454 males, 50 females; 1 kennel license for 10 dogs; 6 kennel licenses for 4 dogs each.

Respectfully submitted,

JAMES F. TERO,  
Dog Officer.

## Report of the Water Commissioners

---

To the Citizens of the Town of Whitman:

We hereby submit our report for the year ending December 30, 1944.

The regular maintenance work was carried out in the usual manner, which is covered in detail in the report of the Superintendent. The only other work done was the Commercial Street extension.

A survey of the Water System was made by Metcalf & Eddy, Engineers; of Boston which gives the Department a very good program to follow in the coming years.

We would like to express our appreciation to all Town Departments and to the citizens of the Town for their co-operation during the past year.

Respectfully submitted,

ELMER F. STAPLES,

ELTON H. SEAMANS,

CARLETON P. MANN,

Board of Water Commissioners.

# Report of the Superintendent of the Water Department

---

Whitman, Mass., December 31, 1944

To the Board of Water Commissioners:

I hereby submit my report for the year ending December 30, 1944.

This has been rather a quiet year as far as new work is concerned. For the Commercial Street Extension we used 817 ft. of 10 in. Transite Pipe, 4 ft. of 12 in. Cast Iron Pipe, 4 ft. of 10 in. C. I. Pipe, 18 ft. of 6 in. C. I. Pipe, two 10"x6" C. I. Tees, one 12"x10" Reducer, two 5" Darling Hydrants, 100 lbs. Hydrotite and 3 Gate Boxes. All Hydrants have been painted, oiled and otherwise taken care of.

Trouble calls	203
Services Pumped Out	42
New Services	8
Service Renewals	20
Main Leaks	4
Service Leaks	7
Gate Leaks	1
Services Shut Off	41
Services Turned On	43
Meters Repaired	82

Respectfully submitted,

F. R. McCALLUM,  
Superintendent.

## Report of the Forest Fire Warden

---

To the Honorable Board of Selectmen,  
Whitman, Mass.

Gentlemen:

There have been 84 fires of brush and grass origin. Most of these fires were small and put out quickly. The so-called incinerator and back-yard fires have been of great number, because of a great deal of carelessness. We hope to see more caution against this type of fire for the year of 1945.

An incinerator is a container which no fire can escape from at any time and should be where there is no grass or brush near to the same.

Respectfully submitted,

LEON A. PETERSON,  
Forest Warden.

# Report of the Fire Department

---

To the Honorable Board of Selectmen,  
Whitman, Mass.

Gentlemen:

I respectfully submit this, my annual report of the Fire Department for the year ending December 31, 1944.

## ROLL OF THE FIRE DEPARTMENT FOR YEAR 1944

Chief	Leon A. Peterson
Deputy Chief	Robert E. Nesmith
Superintendent of Fire Alarm	Robert Freeman

### ENGINE 1

Captain	Ralph Hatch
Lieutenant	John Raynes

10 Men

### LADDER CO. 1

Captain	Frank Dexter
Lieutenant	Calvin King

12 Men

### ENGINE 2

Captain	Elmer Harding
Lieutenant	Arthur Jenkins

10 Men

### PERMANENT MEMBERS

J. R. Brigham	*A. H. Wirzburger
Lawrence G. Phillips	*C. H. Wurtzburger
Elmer H. Lunt	E. L. Cox

\* On leave for war duty

### CLERK FOR THREE COMPANIES

Ralph Hatch

### ACTING PERMANENT MEN

Baker	Jenkins	Landry
-------	---------	--------

Engine Co. 1 has answered 22 bell alarms, 125 still alarms, covered 278.2 miles, used  $3\frac{1}{2}$  gallons of foamite, laid 11,850 feet booster hose, 6,400 feet of  $2\frac{1}{2}$  inch hose, 5,700 feet of  $1\frac{1}{2}$  inch hose and raised 580 feet of ladder.

Engine Co. 2 has answered 23 bell alarms, 14 still alarms, covered 53.8 miles, used  $2\frac{1}{2}$  gallons of foamite, laid 2,100 feet of booster hose, 1,500 feet of  $2\frac{1}{2}$  inch hose, 1,350 feet of  $1\frac{1}{2}$  inch hose and raised 25 feet of ladder.

Ladder Co. 1 has answered 24 bell alarms, 4 still alarms, has covered 51.4 miles, laid 950 feet of  $2\frac{1}{2}$  inch hose, 350 feet  $1\frac{1}{2}$  inch hose and raised 408 feet of ladders.

Engine Co. 1 has answered two aid calls to Brockton.

The location of these fires can be had at the Central Fire Station.

I wish at this time to extend my thanks to the Selectmen, Police, Members of the Fire Department, and all who by deed or act have helped me in the performance of my duties.

Respectfully submitted,

LEON A. PETERSON,  
Chief Engineer, W. F. D.

# Report of the Board of Selectmen

---

To the Citizens of Whitman:

The Board of Selectmen submit herewith the seventieth annual report for the year 1944.

## CHAPTER 90 HIGHWAY PROJECTS

As was the case in 1943 the State and County made available to the town money for highway maintenance. The Town appropriated the sum of \$2,000.00 for this work. This sum together with the money allotted by the State and County was used on North Washington Street and Auburn Street and the work was completed to the satisfaction of the State and County. Details of the expenditures for this work will be found in the report of the Highway Surveyor.

## STREET LIGHTING

The total expenditures for street lighting amounted to \$9,739.73 for the year. This was a slight decrease over 1943 due to the hurricane. The Board is asking for an increase in this appropriation for the present year to take care of additional lights requested by the citizens of the town. These lights will be erected when government restrictions on installations are removed.

## SOLDIER'S RELIEF

The Board assisted in the care of ten cases during the year, expending the sum of \$2,612.91 and recommends an appropriation of \$5,000.00 for 1945.

## STATE WAR ALLOWANCE

The Board recommended to the State twelve applications for this type of soldier's aid and these were ap-

proved by the Commissioner of State Aid and Pensions. These funds are taken from the town appropriation and then reimbursed to the town by the State. The Board wishes to express its appreciation for the splendid co-operation given by Mrs. Helen Reed, home service agent for the Red Cross, in these cases.

### REAL ESTATE

Four public auctions for the sale of Real Estate were held during the past year. Notice of these sales was duly published in the Brockton Enterprise as per vote of the town. Three pieces of property were sold, two with buildings thereon and the sum of \$1,531.00 was realized. This money was turned over to the Town Collector.

### W. C. EVERSON FUND

During 1944 the Trustee of the W. C. Everson Fund made available to the town for cutings for the children the sum of \$519.19. The Board acted as the committee for this outing and with the assistance of citizens of the town held the second annual outing on the Whitman Park. The event was completely successful and the funds were expended for refreshments, pony rides and prizes for the children. The Board wishes to thank all those citizens who helped to make the event so successful.

### MISCELLANEOUS ITEMS

As licensing authorities of the town the Board approved and issued in 1944 a total of eleven licenses for the sale of alcoholic beverages for the year 1945.

Usual appointments of the various officers, in addition to the ballot clerks, tellers and other election officials, as well as special police officers, constables and public weighers were made by the board. Other routine matters such as the drawing of jurors, hearings, and grants for pole locations, the issuance of various licenses, etc., were taken care of as the occasion required.

As requested in an informal vote by the town at the annual meeting the Board, after investigation by the clerk, submitted the name of Virginia Gray to the Carnegie Foundation for an act of heroism which she performed in saving the life of two small children at a fire on High Street. The Board was informed by the Foundation that after due consideration the young girl did not come under their rigid code for acts of heroism. Consequently the Foundation could not make an award in this case.

Work of the Board has increased tremendously during the past year due to the many new State and Federal Laws and the setting up of many committees requested by the State and Federal Governments. Under a new law the Board will be forced to act as Building Inspectors, inspecting all places of assembly for safety. The Board strives to carry out the wishes of the State and Federal Governments as far as it is able. We have been forced at times to call on some of the citizens to serve on some of these committees and we wish to extend a vote of thanks to these citizens.

The Board would like to pay tribute to its many young men and girls who are serving in all branches of the service. We share the wish of every citizen that the present world conflict will soon be over and these boys and girls will be reunited with their loved ones. To those mothers and fathers whose sons or daughters have paid the supreme sacrifice in order that the world may be rid of all tyrants, we wish to extend our deepest sympathy.

Respectfully submitted,

GEORGE J. HEDDERICG,  
CLINTON G. BRADSHAW,  
FRANKLIN K. HARDING,  
IRVING O. GREENE,

Board of Selectmen.

## Report of the Wire Inspector

---

Mr. C. G. Bradshaw, Clerk,

Board of Selectmen,

Whitman, Massachusetts

Dear Sir:

In reply to your letter of December 4, 1944, I wish to make the following report as of the period beginning March 21, 1944 and ending December 31, 1944:

New Services	Residential	6
	Commercial	2
Added Load	Residential	22

#### JUVENILE DELINQUENCY

Juvenile delinquency in Whitman is not a serious threat to society, but during the past year we have had more cases than the preceding years. This trend being similar everywhere.

The nature of the cases coming to this department deal mostly with motor vehicle violations and larceny.

In disposing of Juvenile cases I instruct my officers and also bear in mind myself, to be extremely cautious. A boy's reputation at the juvenile stage is a valuable asset to his future and a distinct reflection toward his family.

Evidence in Juvenile cases must be real and solid facts. Hearsay evidence or an inference drawn by an officer is of no value at all and shall not be permitted in my office.

At this time I sincerely hope that parents in Whitman will check the outside activities of their children. If this is done, misdemeanors that lead to a more serious crime may be averted.

It is my desire to help a boy rather than prosecute him, but persistence against the law must be and will be handled by the courts.

## POLICE DESK CLERK

For the coming year I am asking the town for a clerk in the office. This new service, will in my mind, clear up all complaints relative to office procedure.

In the past few years the office work of the department has expanded to an extent not realized by the public.

At the present time the reports to be made out in this office are namely, a full report to the Federal Bureau of Investigation on all offences that become known to the police, a report of similar nature to the Department of Correction, State House, Boston, and a report to the State Police and Parole Board. Records to be kept for the town and Police Department include, arrest and court proceedings, motor vehicle accident reports, notice of intended sale or transfer of motor vehicles, bicycle registrations, revolver permits, telephone calls, personal calls, payrolls and bills payable and a budget of the appropriation.

A desk man is a step toward progressive police administration. If a person calls at the police station and finds someone who can give out the desired information, police business, that generally needs immediate attention can be handled efficiently. The chief of a police department cannot attend to police duties by being in one place at a designated time nor can a patrolman be a desk man and on the street at the same time. Investigations, preparing court cases, serving of a summons either locally or for out-of-town police and various other phases of police work require time and a chief must be in a position to go into the field when necessary and yet leave his office in proper care.

I wish to thank the Honorable Board of Selectmen for my appointment as Chief of Police and the Honorable Judges of the District and Superior Courts for their intelligent and humane co-operation within my department.

Respectfully submitted,

LEROY L. PHINNEY,

Chief of Police.

# Report of State Auditor

---

The Commonwealth of Massachusetts  
Department of Corporations and Taxation  
Division of Accounts  
State House, Boston

November 9, 1944

To the Board of Selectmen,  
Mr. Francis T. Kane, Chairman,  
Whitman, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Whitman for the period from September 5, 1943, to September 16, 1944, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

TNW:CAH

Director of Accounts.

Mr. Theodore N. Waddell,  
Director of Accounts,  
Department of Corporations and Taxation,  
State House, Boston.

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Whitman for the period from September 5, 1943, the date of the previous examination, to September 16, 1944, the following report being submitted thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town,

or committing bills for collection, were examined, checked, and verified by comparison with the records of the town accountant.

The town accountant's general and appropriation ledgers were analyzed. The appropriations and transfers were compared with the town clerk's record of financial votes passed in town meetings and with the finance committee's records of transfers from the reserve fund, and a balance sheet, showing the financial condition of the town on September 16, 1944, was prepared and is appended to this report. An examination of this balance sheet indicates that the financial condition of the town is excellent.

The accounts of the town treasurer were examined and checked in detail. The recorded receipts were compared with the various sources from which money was paid into the town treasury, while the records of disbursements were compared with the accountant's books and with the treasury warrants approved by the board of selectmen.

The treasurer's cash balance on September 16, 1944, was proved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited.

The payments on account of debt and interest were verified by comparison with the amounts falling due during the period of the audit.

The savings bank books and securities representing the investment of the trust and investment funds in the custody of the town treasurer were listed, the income and transfers to the town being verified.

The records of tax titles held by the town were examined and listed. The taxes transferred by the collector were proved, the reported redemptions were checked with the treasurer's receipts, and the tax titles on hand were listed and reconciled with the accountant's ledger.

The books and accounts of the town collector were examined and checked in detail. The tax, departmental, and water accounts outstanding according to the previous audit, as well as all subsequent commitments, were proved

to the warrants issued for their collection. The recorded receipts were checked with the payments to the town treasurer and with the town accountant's ledger, the abatements were compared with the records in the departments authorized to grant them, the taxes transferred to the tax title account were proved, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

The outstanding tax, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The financial records of the town clerk were examined and checked. The receipts from dog and sporting licenses were proved and the payments to the State and the town treasurer were verified.

The surety bonds of the financial officials required by law to furnish them were examined and found to be in proper form.

The records of the sealer of weights and measures, of the health and library departments, and the available records of all other departments collecting money for the town or committing bills for collection were examined and reconciled with the town treasurer's receipts and with the town accountant's records.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

For the co-operation extended by the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE.

HBD:CAH

Assistant Director of Accounts.

**GRADUATION EXERCISES**

High School

June 15, 1945

Junior High School

June 22, 1945

\* Last school session for pupils on preceding Friday.

**SCHOOL HOLIDAYS**

Schools will not be in session on Saturdays, Legal Holidays, Good Friday, from noon on the Wednesday preceding Thanksgiving Day to the following Monday, or on the day of the Plymouth County Teachers' Convention.

The school calendar as printed is subject to change by action of the school Committee.

### No School Signal

The "No School Signal" is 2-2, sounded on the Town Fire Alarm System.

At 7:15 A. M. It indicates no session in any school on that morning.

At 8:15 A. M. It indicates no session in grades 1-6 inclusive, on that morning.

At 12:30 P. M. It indicates no session in any school on that afternoon.

### Tuition for Non-Resident Pupils (per year)

High School—1944-1945	\$122.00
*Elementary Schools	73.71

\*(As established by the School Committee and determined in accordance with Chapter 76, Section 7, of the General Laws Relating to Education.)

## Report of the School Committee

---

To the Citizens of the Town of Whitman:

During the year 1944 we have lost thirteen of our teachers, many of them leaving to accept more remunerative positions elsewhere. The supply of suitably trained teachers is diminishing and it is very difficult to make replacements. In some smaller towns some teaching positions are unfilled. In order to help retain the teachers we now have and to be in a position to attract better qualified candidates, the committee has planned to raise the maximum salary in all positions by \$200 a year. The budget submitted for 1945 has been made up with provisions for this increase included. The increase will become effective from January 1st, 1945 if the town sees fit to approve the proposed budget. It is also planned to increase the salaries of most other school department positions by a corresponding amount.

Late in the year a stoker was ordered for one boiler at the Dyer School. Delivery has not yet been made, but it is expected early this year. The heating plant at the Gurney School consists of three old hot-air furnaces which are very near the end of their serviceable life. The toilet facilities are likewise outmoded. The Committee has had plans drawn for a new heating plant with stoker and unit heaters similar to the modern one installed at the Reed School in 1938. New and modern toilet facilities are also proposed. An estimate indicates this work will cost \$14,900.00. A special article calling for this work is being inserted in the town warrant. If the money is appropriated, work will begin as soon as materials can be obtained. It is to be hoped that we can thus gradually modernize our existing buildings, rather than spend large sums of money for new buildings.

During the past year the shop equipment located at the Junior High School building and used by the Junior and Senior High School students has been further increased. The utilization of this equipment has necessitated extensive electrical work with consequent expense. We now have a facility which makes it possible to offer a much more diversified shop program, which should be of great value to a number of our boys.

Because of increasing costs of instruction, it seemed only reasonable to charge a higher tuition rate for non-resident high school pupils. A conference was arranged with the school committees of the towns of Hanson and Halifax and by agreement the rate was increased from \$112.00 to \$122.00 a year.

By vote of the Committee the report of the Superintendent is made a part of this report.

Respectfully submitted,

WALTER R. BRITTAIN,  
ALMA B. TABER,  
ETHEL C. BEARCE,  
CHARLES R. PRATT,  
LEO J. BURBINE,  
CARLTON E. TUCKER.

# Report of the Superintendent of Schools

---

To the School Committee of Whitman, Mass.

Ladies and Gentlemen:

I again have the pleasure of submitting for your consideration the annual report of the superintendent of schools. It presents a summary of the work of the school department for the calendar year ending December 31, 1944, and is the fifty-second number in the series of similar reports.

## SCHOOL SAVINGS

The School Savings Report of the Whitman Savings Bank for the year ending in June, 1944, is as follows:

Deposits made by enrolled pupils	
July 1, 1943, to June 30, 1944	\$3,895.63
Withdrawals July 1, 1943, to June 30, 1944	506.17
Net savings by enrolled pupils	
July 1, 1943, to June 30, 1944	3,389.46
Bank balance of enrolled pupils	
June 30, 1944	48,934.67
Amounts credited to individual	
accounts of pupils	\$48,039.11
Amounts not transferred, credited to pupils collectively by schools	895.56
Average number of depositors each week	268
Average gross deposit per pupil participating	\$7.82
Average net savings per pupil participating	\$6.80
Transferred July 1, 1943, to June 30, 1944	\$3,268.00

## WAR SAVINGS REPORT

In addition to the usual School Savings program, participation in the purchase and sale of War Stamps and Bonds has also been noteworthy. In the elementary schools purchases are made by the pupils on an individual basis, but in the High School they are in charge of the Student Council. During the school year ending in June pupils in the High School purchased or sold to parents and friends stamps and bonds amounting to a total of \$26,804.15, and since September 1, 1944, additional sales have been made totaling \$23,285.15.

## HEALTH

The school nurse reports the usual physical examinations, including foot examinations for all pupils and hearing tests by the audiometer in grades four to eight inclusive. As a result of neglect at home an increase in the number of cases of pediculosis is noted, and the suggestion is made that frequent and regular home inspections are needed in order to keep these cases at a minimum.

During the fall term several mild cases of scarlet fever developed, but as a result of daily inspections at school the spread of the disease has been checked and kept under control so far as possible.

Since we have been without the services of a dental hygienist during the fall term, Miss Linn has assisted the school dentists in the work of the dental clinic so that it might be continued as effectively as possible under existing conditions. She also taught the usual classes in Home Nursing offered in connection with the Homemaking Course at the High School, conducted a similar class for women in the afternoons, and assisted at the pre-school clinic sponsored by the Visiting Nurse Association in June and at the diphtheria clinic sponsored by the Board of Health in the fall. The Visiting Nurse Association also sponsored a tonsil and adenoid clinic during the summer and sent four children to the Bailey Health

Camp, and, as usual, a number of children have been supplied with milk during the year by the Whitman Kiwanis Club.

The statistical summary of the work of the year is as follows:

### STATISTICAL REPORT

#### Report of Examinations by the School Physicians

Number of defects corrected	91
Number of notices sent home for defective tonsils	230
Number of notices sent home for defective hearts	31
Number of notices sent home for foot defects	14
Number of notices sent home for enlarged cervical glands	19

### CHANGES IN TEACHING STAFF

For still another year we have had an excessive number of changes in our teaching staff, with the Cort-hell School the only building not affected by them.

Of the thirteen teachers whose service in Whitman ended during the year Mrs. A'Hearn was a temporary appointee for only a part of the school year and Mr. Reade entered the Armed Services and is on a leave of absence. Mr. Aldrich, Mr. Card, Miss Doherty, Miss Howland, Mr. Magnuson, Mr. Palermo and Mr. Snow resigned to teach elsewhere, Mrs. Corliss and Mrs. Paradis resigned to join their husbands who are in the Armed Services, and Miss Godsill resigned to be married. Miss Pennington passed away unexpectedly during the summer vacation and was one of our most valued and efficient teachers. She had been a public school teacher for forty-three years and had taught in Whitman since September 1903. The memory of her devoted service will long remain as an inspiration to her fellow-teachers.

Two of the fifteen teachers appointed during the year were assigned to positions which were vacant at the close of the calendar year in 1943, and one teacher has been added to the elementary staff in order to relieve overcrowded divisions in grade seven at the Junior High School. At the close of the calendar year in 1944 one vacancy in the High School staff was still unfilled. Of the teachers appointed, Mr. Archibald Kelly is a graduate of the American International College at Springfield, Mass., has taken graduate courses at the Harvard Graduate School of Education, and taught in the Berkshire School in Massachusetts and the Severn School in Maryland before coming to Whitman. Mr. Ghernot L. Knox is a graduate of the Aroostook State Normal School, has taken courses at George Washington University, and received the Bachelor of Science degree from Boston University in 1944. Miss Lillian B. Connolly graduated from the Plymouth State Normal School and has had thirteen years of teaching experience in the schools of New Hampshire, and Miss Catherine L. Roberts is a graduate of the Concord Training School, has taken professional courses at Boston University, and has taught fourteen years in New Hampshire and Massachusetts. The other teachers appointed during the year have had only practice-teaching experience, but all hold degrees from Massachusetts State Teachers Colleges where they made records which indicate them to be well qualified for teaching positions. Miss Dorothy F. Johnson is a graduate of the Hyannis State Teachers College; Miss Evelyn Brega, Miss Arlene M. Hill, and Miss Mary C. Iannoni graduated from the Bridgewater State Teachers College; Miss Jean C. Lord received her degree from the Framingham State Teachers College; Misses Mary Helene Canney, Catherine L. Ryan and Irene C. Wallace are graduates of the Lowell State Teachers College; and Miss Frances M. Wetherbee received her degree from the Worcester State Teachers College. The tabulation of changes in the staff during 1944 is as follows:

### Deceased, Resigned, or on Leave of Absence

Name	School or Position	Service Ended
Irvin D. Reade, Jr. . . .	Principal Junior High	January 21, 1944
Mary M. Godsill . . . .	Gurney . . . . .	February 18, 1944

### The School Program and Activities

Except for the addition of a fourth year of work in the Industrial Arts Course, the Program of Studies for the High School remains as printed in the annual report for 1943. In order to provide adequate electric power for the machines already installed and for additional future equipment, however, the school shop has been completely

rewired, and the boys taking shop work have nearly completed the rather ambitious project of erecting an addition to the building to provide space for training in automobile repair.

With a considerable number of our former pupils in the Armed Services, and in view of the opportunities for further education available to many of them through the Armed Services Institute and specialized courses, it has seemed appropriate and desirable to make provision whereby those whose formal education has been interrupted and who wish to qualify for a high school diploma may be enabled to do so. After a thorough study of this problem and of the recommendations of the American Council on Education by Mr. Bayley, regulations have been approved by the School Committee which make it possible for young men and women who have attended our High School to complete a program which will entitle them to its diploma. The regulations adopted are as follows, and copies of them have already been forwarded to former pupils of the school who have indicated an interest in this opportunity.

Regulations relative to granting a Whitman High School Diploma, or credit toward such a diploma, to persons who have been, or who may be, inducted into the Armed Services—i. e. the Army, Navy, Marine Corps or Coast Guard.

1. The diploma, or credit toward such a diploma, may be granted only to such persons who have attended the Whitman High School for at least three marking periods.

2. Any such individual who has satisfactorily completed fifteen (15) acceptable units may be awarded the regular high school diploma for which the requirements have been met, but the usual, required courses in English and United States History and Civics must be satisfactorily completed before a diploma is awarded.

3. The requirements in English and United States History and Civics may be met by satisfactorily complet-

ing courses offered by the Armed Forces Institute approved in advance by the High School Principal. The current list of approved courses is as follows:

- English for grade nine—Courses H 87 and H 88.
- English for grade ten—Courses H 89 and H 90.
- English for grade eleven—Courses H 93 and H 94.
- English for grade twelve—Courses H 91 and H 92.
- United States History and Civics—Courses H 110, H 112, and H 113.

4. Other credit toward a diploma may be obtained for educational achievement resulting from special training in, (a) The program of the Specialist Schools conducted by the Armed Services; (b) The Armed Forces Institute.

5. The evaluation of courses taken for credit toward a high school diploma shall be determined by the High School Principal and the Superintendent of Schools, such evaluation to be based on the recommendations of the American Council on Education.

6. The maximum number of units of credit toward a diploma granted for military experience, inclusive of basic training but not including courses in Specialist Schools or the Armed Forces Institute, shall be two (2) units.

## SCHOOL DEPARTMENT EXPENDITURES

Although the school appropriation for 1944 was somewhat less than that of 1943, expenditures for the year were even lower than anticipated. The expenditure for instructional salaries was materially reduced by the unexpectedly large number of changes in the teaching staff, textbooks and supplies cost less than it had been expected they would, the expense of janitorial supplies

was somewhat lower than the estimate, and the amount required for insurance premiums was less than in 1943.

Because of the shortage of labor it proved necessary to postpone the usual outside painting of school buildings. Other expenditures for the maintenance of our school plants, however, included the following. Considerable inside painting was done at the High School, broken plaster in the ceiling of the gymnasium was repaired, a portion of the walls at the northeast corner of the building was waterproofed to prevent leakage, the gymnasium mats were cleaned and repaired, a number of the school typewriters were overhauled and worn parts replaced, the flag pole, which was partially tipped over by the hurricane and found to be rotted and broken at the base, was reset, and desk tops were sanded and refinished where necessary. At the Corthell School the fence was repaired and broken slates on the roof were replaced. Several grate bars were purchased for the Dyer School furnaces and a contract placed for an automatic stoker, which is to be delivered and installed as soon as possible. The porch steps at the southeast corner of the Gurney School were rebuilt, the roof was repaired and broken slates replaced, and desk tops needing attention were refinished in this building and at the Reed School. Safety-type step ladders were purchased for the Junior High, Gurney and Reed Schools, and at the Junior High building desk tops were also refinished and broken slates on the roof were replaced.

During the year several biological models and pieces of laboratory equipment have been purchased for the science department of the High School, and considerable used equipment released by the Federal government was purchased for the school shop. As already reported above, the shop has been completely rewired and a three-phase electrical circuit with a separate power-meter has been installed to furnish the necessary power for these machines, thus laying the foundation for a reasonably adequate shop program.

## SCHOOL DEPARTMENT PROBLEMS

Progress in providing the physical improvements to school plants listed in previous reports has been slow. Only two of the facilities mentioned as needed have been wholly or partially supplied, and most of the credit for that accomplishment should be given to the boys of the shop classes and their instructor. Several other problems are becoming increasingly acute, however, and new ones are appearing. I again feel obliged to report that our expanded physical education program leaves the boys and girls in the seventh and eighth grades without adequate facilities for gymnasium classes during the winter months, and, if possible, immediate steps should be taken to fence and complete the High School athletic field in accordance with the plans originally made for its development. Plans have now been obtained for remodeling the Gurney School basement, however, and as soon as the necessary appropriation is made by the town the installation of a modern heating system with up-to-date lavatories and plumbing will be undertaken.

A further and most vital problem is also presented by the excessive number of changes in our teaching staff, and the existing shortage in competent and well trained teachers available to fill vacancies seems likely to become increasingly acute for several years. In November 1944 the State Department of Education reported a total enrollment of only approximately eighteen hundred pupils in our Massachusetts State Teachers Colleges instead of the thirty-two hundred pupils normally attending those institutions, and also stated that there were but two hundred one prospective graduates in June 1945 available to fill vacancies in the more than twenty four thousand positions in the public school systems of the State. When it is realized that under normal conditions about fifteen hundred to two thousand of these positions become vacant annually, the critical situation which is rapidly developing becomes apparent.

## CONCLUSION

The preceding part of this report has necessarily been factual and limited in scope, but I am glad to find that a constantly increasing realization of the vital importance and necessity of efficient public schools in a rapidly changing world is becoming apparent. The following quotations record a few of the evidences of such recognition.

"Be it Resolved, that the administration and conduct of public education is an essential public service; that its reasonable financial support constitutes a necessary claim upon our American society to which other public services of lesser value should be subordinated." (Resolution passed by National Association of Manufacturers.)

"It is of the greatest importance that there should be maintained in every state and community a well-supported system of public education. We must stand firmly against any attempt to lower school standards. Adequate public education is a national need." (C. I. O. by Philip Murray, President.)

"Boys and girls have a right to opportunities to learn as their faculties develop. If we deny them opportunities adjusted to their development in years, we can never make up the neglect.

"The American Federation of Labor is deeply concerned that adequate educational opportunities shall be maintained for the youth of the nation." (A. F. of L., William Green, President.)

"If we cut the support of education, permit essential teaching personnel to be recruited to the armed forces or to business and industry and our youth to be turned out on the streets or thrown indiscriminately into employment and thus deprived of the education and training absolutely required for effective citizenship, if we do not furnish the school with the necessary tools of learning, then America must inevitably face a day, and at no far distant future, when we shall lack the talent and ability absolutely essential for the perpetuity of our

cherished free institutions, protection of our welfare, and discharge of our obligations to the post-war world.

"We shall cry for statesmen, for physicians, for teachers, for civic leaders, for economists, for scientists, for skilled workers, and for hosts of men and women with trained intelligence, and none will answer. We shall hear only the voices of those who will remind us that in the name of false economy we denied them opportunity to train and prepare themselves for such responsibilities." (John A. Sexton, Supt. of Schools, Pasadena, California.)

"The survival of the essentials of democracy in America will require the winning of two wars, the Second World War and the war against ignorance and lack of understanding. Democracy in the late 1950's can be safeguarded through education now." (National Commission for the Defense of Democracy Through Education.)

In an address early in the year Dr. N. S. Englehardt of New York has evaluated the work of the public school in the following words:

"Are the schools builders of men? Yes indeed, and in no limited sense. The world today, unfortunately, emphasizes physical power and the ability to kill. The world tomorrow will call for racial goodwill, democratic understanding, technological intelligence, economic wisdom, political justice, and creative production. The schools have played their part well in enabling the nation to meet its present crisis. They will continue to make the required readjustments in the rehabilitation of the returning warrior and in the guidance and training of youth for that new world which promises to bring so many new problems for solution. The schools will not fail America. By the same token, America must support its schools. . . .

"The citations, the soldiers' medals, the Purple Hearts, the Silver Stars and Crosses, the Oak Leaf Clusters, the Navy Crosses, the Distinguished Flying Crosses, and the Congressional Medals of Honor won by former high school students give profound testimony as to what

manner of men have come from our schools and our communities. When the record of all American schools is brought together at the close of this war, the schools will not want the full credit but at least they may claim their share as builders of men."

It is to the task of building young men and women that the public schools of all America are dedicated. For the cooperation of interested citizens, School Committee members, and fellow-workers, who have made it possible for the schools of Whitman to contribute their share in performing this patriotic and infinitely important service, I again express my appreciation.

Respectfully submitted,

F. E. HOLT,  
Superintendent of Schools.

## HIGH SCHOOL GRADUATION

The graduating exercises of the Class of 1944 of the High School were held at the Town Hall on the evening of June 16, 1944. The program was as follows:

Invocation

Rev. John W. Roach

A Word of Welcome

President John Searles Reed

Music—Sparkling Sunlight

Arditi

Democracy Forever

Mason-Gaines

High School Chorus

Essay—The Postwar Employment Problem

Marian Louise Little

Music—Pique Dame Overture

Fr. von Suppe

High School Orchestra

Essay—The Role of Education in the Postwar World

Ruth May Harrington

Music—Marching Along (A Fantasy)

Arr. by Domenico Savino

Senior Double Quartettes

Presentation of Diplomas

Mrs. Ethel C. Bearce

Award of Class of 1924 English Prize to Ruth Harrington

Award of Washington and Franklin History Certificate to Clayton Anderson

Award of Rensselaer Polytechnic Institute Medal to Stergios Milonas

Award of Whitman High School Alumni Association Medal to Marian Little

Award of "Ellen Conway Spellman" Prizes to John Reed and Frederick Penniman

Award of Preston Gurney-Jewell Prizes to Muriel Bryant and Ruth Harrington

Award of Whitman Woman's Club Scholarship to Ruth Harrington

Selections from the Junior Class for Honorary Membership in the Whitman Woman's Club

Marjorie Waters and Beverly Sears

Award of Eugenia F. Lovell Medal to Ruth Harrington

Music—Class Ode

Helen Teresa Mahoney, Sewall Dunbar Vaughan, Jr.

Senior Class

The National Anthem

Senior Class and Audience

## SUMMARY OF STATISTICS

## 1. Attendance Figures

Population of town January 1, 1944	8,160
Number of children between 5 and 16 years of age in town October 1, 1944	1,101
Number of children between 5 and 7 years of age	138
Number of children between 7 and 16 years of age	963
Total school membership for 1943-1944	1,418
Decrease from preceding year	73
Average school membership for year 1943-1944	1,316
Decrease from preceding year	23
Average attendance of pupils 1943-1944	1,223
Decrease from preceding year	31
Percent of attendance	91.9
Decrease from preceding year	1.0

## 2. Cost of Schools, etc.

Valuation of town 1944	\$7,866,225.00
Increase from preceding year	13,265.00
Total amount raised by local taxation	273,097.65
Increase from preceding year	593.01
Rate of Taxation per thousand	34.00
Decrease from preceding year	0.00
Cost of Schools from 1944 Appropriation	138,961.56
Decrease from preceding year	3,703.53
School Department revenue 1944	25,523.79
Net expenditures for schools from Appropriation raised by local taxation 1944	113,437.77
Net cost of schools for every thousand of valuation	14.42
Average cost per pupil, based on average membership	105.59
Decrease from preceding year	.96
Cost of schools from appropriation of 1944 ex- clusive of repairs, upkeep and equipment	131,492.26
Decrease from preceding year	5,476.78
Average cost per pupil, exclusive of repairs, upkeep and equipment	99.92
Decrease from preceding year	2.37

## Report of the Finance Committee

---

The Finance Committee herewith submits its report and recommendations covering appropriations asked for the year 1945, together with the estimates as submitted by the various departments and the combined appropriations, plus transfers for the year 1944.

Your Committee has continued its study of the Welfare Department and are of the opinion that the time is fast approaching when the administrative set-up of this department should be changed in line with our recommendations of last year.

We have also spent a large amount of time in reviewing our Water System. In cooperation with the Water Commissioners and Selectmen we had several conferences with the Engineers who made a survey of your system. The important results of this survey are presented to you in the Report of the Water Commissioners. It is our opinion that this survey should be used, when improvements, replacements or extensions are to be made in the system, to determine

1. What location should be considered first?
2. What size pipe to use.
3. What connections or tie-ins should be made?

We believe that if the Town will follow the above in planning future changes in the Water System, it can have a complete and satisfactory distribution system throughout the entire Town. This will require a period of years to complete. Because of the shortage of materials and the almost complete impossibility of obtaining manpower, we are not recommending the start of any work in this line this year. However, we believe it should be reserved for the period when the war effort will not require all mate-

rials and manpower and when costs to the Town should be lower.

Under the General Government Budget, we have recommended increased compensation for the Selectmen, Town Treasurer and Police Department. Up through 1941 the Water Commissioners were paid \$100.00 each per year. In 1942 they were voted an increase of \$50.00 each per year. This year they are requesting another increase of \$50.00 each to make their compensation \$200.00 each per year. We do not believe that their duties or responsibilities have increased 100% in the last three years and are therefore not recommending this increase.

Two years ago the School Department employees requested a \$200.00 cost of living increase. This the Town granted. In the 1945 budget they requested a further cost of living increase of \$200.00. It has been explained to us that our schools are losing valuable teachers because of our lower salary scale than other towns. After careful study we can only find one withdrawal from our system who accepted a position in a town comparable to ours. We have found however that at the present time our salary scale is either equal or slightly under that of comparable towns. Therefore we are recommending an amount for the School Department which will allow for a cost of living increase to the employees of that department in the amount of \$100.00 each for the current year.

Owing to the same conditions that apply to the water extensions we find it necessary not to recommend Article 18 which calls for improvements at the Gurney School. We realize this work will have to be done in the future but do not advise it now.

We have recommended the following articles:

Article 13, which calls for Chapter 90 maintenance.

Article 16 calls for State Highway repairs after Water Department work. This bill was not received in time to be paid in 1944.

Article 17. Veterans' Affairs Agent. This we believe a town of our size will be obliged to have and therefor we should be prepared.

Article 15. Post War Rehabilitation Fund. We do not know of any better way to be prepared to put into action the improvements we all desire than put away the funds while we have them available and at the same time assist the War Effort.

If our recommendations are followed, your tax rate will be approximately \$35.86 instead of \$46.26 which would be the case if you vote for all the appropriations asked for in the Warrant and Budgets.

The following table shows how we arrived at our estimated tax rate.

Estimates	Recommenadtions
\$445,419.96	\$427,602.67 —General Government Expenses (Amount to be raised in 1945 levy).
30,000.00	30,000.00 —State and County Taxes Estimated.
68,812.09	4,812.09 —Special Articles.
<hr/>	<hr/>
\$544,232.05	\$462,415.76
180,000.00	180,000.00 —Estimated Revenue.
<hr/>	<hr/>
\$364,232.05	\$282,415.76 —Estimated Tax Levy.
\$46.26	\$35.86 —Estimated Tax Rate.

In acknowledging the co-operation, assistance, and support given us by the various departments, Town officials, and voters during the past year we also extend our sincere thanks.

SIGNED:

## Articles of the Warrant

March 5 and 10, 1945

---

Article 1. To hear the reports of the several Boards, Officers and Committees and act thereon.

Article 2. To raise such sums of money as may be necessary to defray the Town charges for the ensuing year, and make appropriations for the same.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1945, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

Article 4. To see if the Town will vote to raise and appropriate a sum of money for the District Nurse Service, or take any action relative thereto.

**Finance Committee Recommend \$1,000.00.**

Article 5. To see if the Town will vote to raise and appropriate the sum of \$150.00 for the use of the Plymouth County Trustees for County Aid to Agriculture and choose a Town Director as provided in Sections 41 and 45 of Revised Chapter 128 of the General Laws, or take any action relative thereto.

**Finance Committee Recommend \$150.00.**

Article 6. To see if the Town will vote to raise and appropriate the sum of \$49,100.00 for the relaying of larger pipe as indicated below:

Bedford St.	1,000'	12" pipe	\$7,500.00
Temple St.	700'	12" pipe	5,200.00
West St.	400'	12" pipe	3,000.00
Temple St.	2,500'	10" pipe	16,300.00
Beulah St.	1,050'	12" pipe	7,800.00
Whiting Ave.	700'	8" pipe	2,700.00
Pine St.	1,700'	8" pipe	6,600.00
			<hr/>
			\$49,100.00

or take any action relative thereto.

**Finance Committee do not Recommend at this time.**

Article 7. To see if the Town will vote to authorize the Selectmen to sell at public auction a certain parcel of land in the rear of 821 Washington Street, being Plan No. 10, Block No. 86, Lot No. 10, or take any action relative thereto.

**Finance Committee Recommend.**

Article 8. To see if the Town will vote to improve the lighting situation along the north side of Temple Street from Beal Avenue to Sweeney Avenue by moving the existing light from the northwest corner of Beal Avenue to the northeast corner on the bus stop pole and erecting a light somewhere along the north side of Temple Street between Beal Avenue and Sweeney Avenue, or take any action relative thereto.

Article 9. To see if the Town will vote to rescind that part of the vote taken at the special town meeting held on December 1, 1890, whereby they voted to ballot for five Constables for one year, or take any action relative thereto.

Article 10. To see if the Town will vote to rescind the vote taken at the annual town meeting held March 2, 1936, whereby the Town voted to accept Sections 70, 71 and 72 of Chapter 41 of the General Laws relative to the establishing of a Planning Board, or take any action relative thereto.

Article 11. To see if the Town will vote to transfer from the Board of Health to the Highway Department the supervision and maintenance of the Town Dump and so called "Clean Up Days" or take any action relative thereto.

Article 12. To see if the Town will vote to authorize the Town Forest Committee to turn over to the Tree Warden such surplus trees that they may have to be used for highway beautification or take any action relative thereto.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to meet the Town's share of the cost of Chapter 90 Highway Maintenance, and that, in addition, the sum of \$2,000.00 be transferred from unappropriated available funds in the treasury to meet the State's and County's shares of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt, to unappropriated available funds in the treasury.

**Finance Committee Recommend \$1,000.00.**

Article 14. To see if the Town will vote to raise and appropriate the sum of \$425.00 for the erection of a permanent dam in what is commonly known as "Harding's Pond" located on Pine Street, or take any action relative thereto.

**Finance Committee do not Recommend.**

Article 15. To see if the Town will vote to raise and appropriate or transfer from available funds in the surplus account, the sum of not more than fifty thousand dollars (\$50,000.00) to increase its Post-War Rehabilitation Fund under Chapter 5, Acts of 1943, or take any action relative thereto.

**Finance Committee Recommend \$50,000.00 from Available Funds.**

Article 16. To see if the Town will vote to raise and appropriate the sum of \$312.09 to satisfy the following outstanding obligation of the Town of Whitman, or take any action relative thereto:

Commonwealth of Massachusetts, Department of Public Works, Contracted June, 1944, \$312.09.

**Finance Committee Recommend \$312.09.**

Article 17. To see if the Town will authorize the Selectmen to appoint a member of their board or some other duly authorized person as 'Veterans' Affairs Agent' for the Town of Whitman on a full-time, paid basis, and establish a "Local Informational Center" at the Town Hall, from which said agent would handle all matters in connection with Veterans and their dependents, including duties now performed by "Soldiers' Relief Agent," to act as representative of "Whitman Veterans' Rehabilitation and Re-Employment Committee," and raise and appropriate the sum of \$2,500.00 for Salary and \$500.00 for expenses for same or take any action relative thereto.

**Finance Committee Recommend \$2,500.00 for Salary and \$500.00 for Expenses.**

Article 18. To see if the Town will vote to raise and appropriate the sum of \$14,900.00 for the purpose of replacing obsolete heating, ventilating and plumbing fixtures at the Gurney School with modern and approved equipment, or take any action relative thereto.

**Finance Committee do not Recommend at this time.**

Article 19. To see if the Town will vote to raise and appropriate the sum of \$500.00 for a series of Band Concerts, said money to be expended under the jurisdiction of the Board of Selectmen, or take any action relative thereto.

**Finance Committee Recommend \$500.00.**

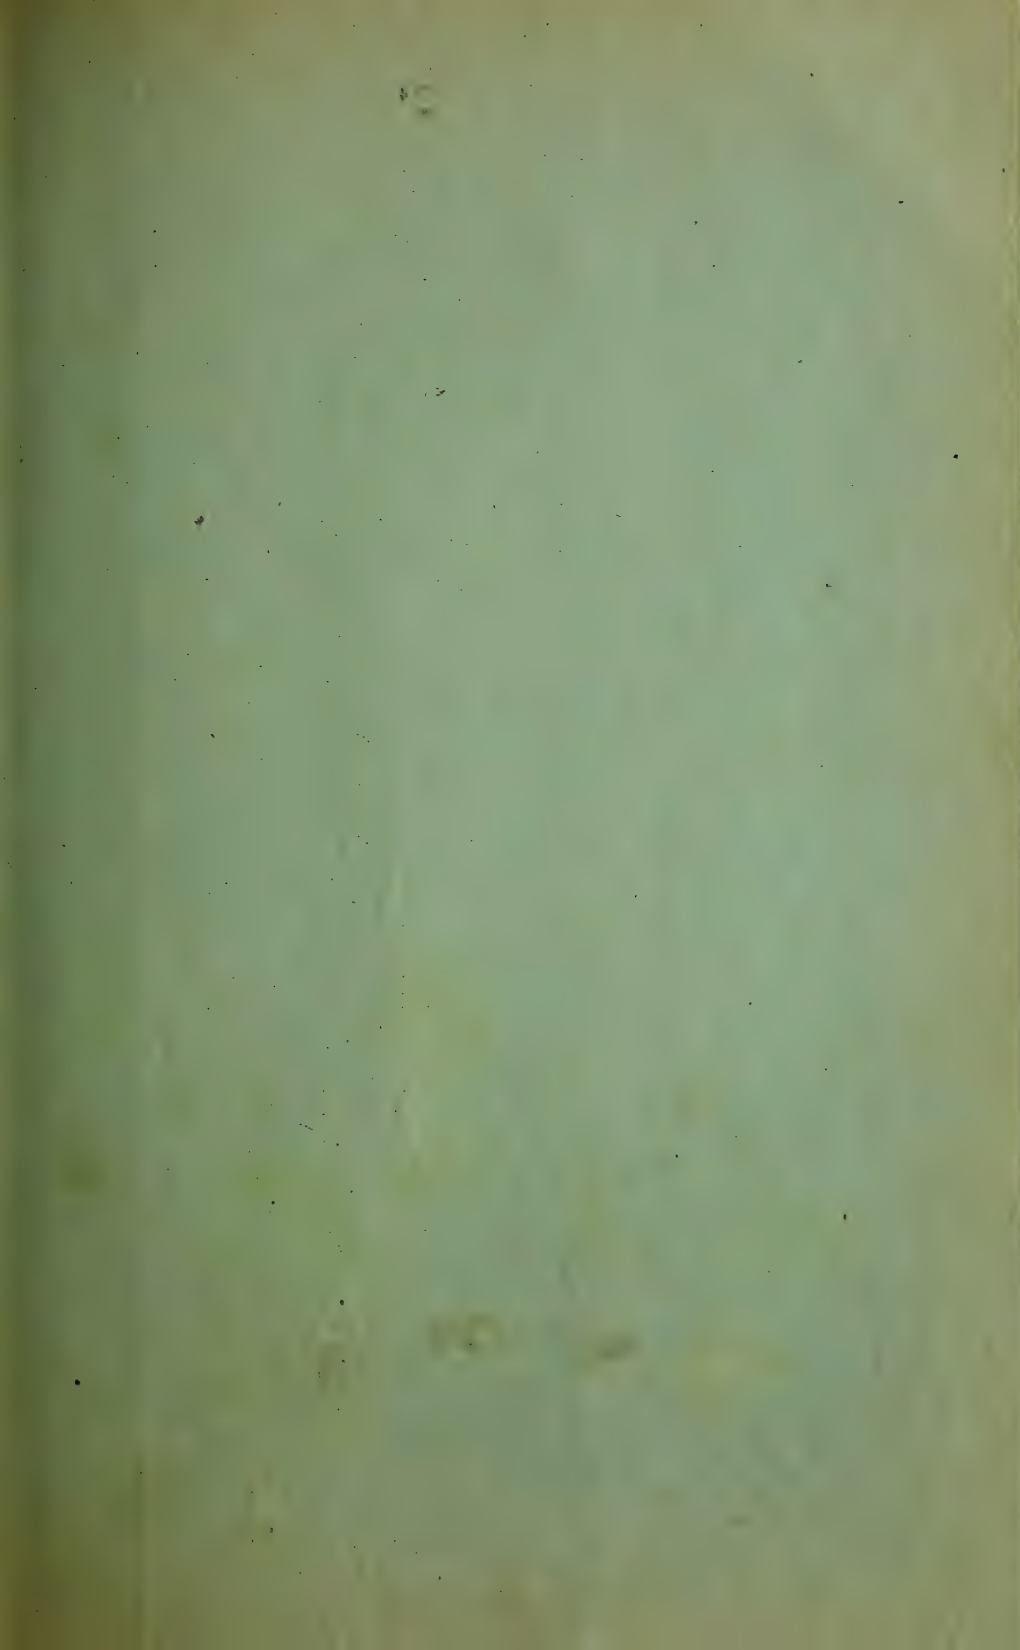

Article 20. To bring in their votes for the following officers: Moderator for one year; a Town Clerk for one year; a Town Treasurer for one year; five Selectmen for one year; three members of the Board of Public Welfare for one year; one Assessor for three years; one Highway Surveyor for one year; two members of the School Committee for three years; one member of the Board of Health for three years; one member of the Park Commissioners for three years; one Water Commissioner for three years; one Town Collector for one year; two Trustees of the Public Library for three years; one member of the Planning Board for one year; one member of the Planning Board for five years; two members of the Memorial Hall Trustees for three years; five Constables for one year; one Tree Warden for one year; two Trustees of the Public Library for three years; and to choose all other necessary officers.
